WWW.MHORNIG.COM

Foreword

As usual you will find the most popular products for many BMW motorcycles in our 2022 catalogue.

This catalogue was printed in January 2022 in order to deliver it to you at the start of the motorcycle season 2022. This catalogue already contains many products for the new BMW R18.

This catalogue contains our best-sellers - you can of course find our complete and up-to-date product range in our on-line shop:

F650GS, F700GS

built since 2008, 2012

798 ccm cylinder capacity

power: 71 HP, 75 HP

max. torque 75 Nm, 77 Nm

F800GS

built since 2008

798 ccm cylinder capacity

power: 85 HP

max. torque 83 Nm at 5.750/min

GPS Mounting with Plate

You will tighten the basic screw (thread M8) to your handlebar mounting. Then you will screw the movable GPS mounting plate to it. Garmin and TomTom motorcycle GPS units can be mounted without any problems. However, you can also adjust the plastic plate very easily for other devices. For BMW F700GS.

ArtNo.	Description	Price
NH 1-12	GPS Mounting with Plate	€ 80,90

Adjustable Gear Lever

The GS is designed for sporty off-road use and that is exactly where we'd like to see it. The experience from numerous races has shown that the engine guard of the GS could use a number of improvements to be suited for rough competition use.

For this reason we offer a sturdy engine guard which, thanks to its stronger material and slightly wider form, protects the alternator, clutch and water pump connection far better than the original one.

ArtNo.	Description	Price
FSC.07.558.10000	Adjustable Gear Lever	€ 150,00

Mirror Extensions

Our mirror extensions are the perfect solution if you mainly see your shoulders in the rear mirrors. The mirrors will be moved some centimeters away from each other which creates the necessary space in order to improve the view to the back.

ArtNo.	Description	Price
BK 02	Mirror extensions 1 set (M10)	€ 50,90

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and doesn't give enough grip when they are shifting. This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike. Available in anodized. Just slip it on and lock in place with a set-screw. Length: circa 5,8cm, Diameter: circa 3,0cm.

ArtNo.	Description	Price
0391	Shift lever extension	€ 26,00

Brake pedal enlargement

This special part is made of extremely handy aluminium and guarantees a safe braking. It gets mounted with two screws, u-screws, nuts and tubes which are all supplied. For all BMW F800GS, F700GS & F650GS from 2008 - *.

ArtNo.	Description	Price
0128	Brake pedal enlargement	€ 20,90

Handlebar height riser 20mm

Those who like to go offroad and do so frequently will find the 20 mm handlebar height increase indispensable. It makes it much easier to ride while standing. It also facilitates a more pleasant, relaxed position while sitting and significantly increases the touring comfort. It just takes moments to fit. Delivery includes screws and EG/ABE street homologation.

ArtNo.	Description	Price
048-0150	Handlebar height riser 20mm	€ 38,90

Rear Mudguard

This shapely rear hugger is made of glass-fibre reinforced plastic and ensures that your legs, the suspension and the rear part of your BMW F650GS, F700GS & F800GS will stay dry and clean. Does not fit for lowered bikes.

ArtNo.	Description	Price
40100	GRP black primed	€ 189,00

Sidestand foot enlargement

Feel safer when parking your bike on dirt or asphalt with a sidestand foot enlargement. More than 100% bigger contact area. Made of high-quality aluminium.

Black anodized. Easy to install.

Does not fit for lowered bikes and not for F800GS Adventure.

ArtNo.	Description	Price
0708	Sidestand foot enlargement F800GS	€ 25,90
0717	Sidestand foot enlargement F700GS, F650GS 2008-*	€ 25,90

Crash bars

Our crash bars are made of high-quality steel and are especially designed for your BMW F650GS, F700GS & F800GS 2008-2012. The crash bars are designed to be very robust and allow an equal distribution of the forces so that you and your bike are protected in the best possible way.

Crash bars offer a very good protection, but they can reduce the cornering angle. 1 set left and right.

ArtNo.	Description	Price
TN690	Crash bars black	€ 158,00

Crash bars

Our crash bars are made of high-quality stainless steel and are especially designed for your F650/700/800GS. The crash bars are designed to be very robust and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way.

Crash bars offer a very good protection, but they can reduce the cornering angle.

ArtNo.	Description	Price
SBL.07.556.10100	Crash bars silver	€ 250,00

Main Stand F650GS (08-) & F700GS low

This main stand is characterized by its accuracy of fit and its stability. It is very instrumental in any little work you have to do on your bike just like changing the brake pads and so on.

Fits only for the lowered version of BMW F650GS (08-) & F700GS!

ArtNo.	Description	Price
HPS.07.201.10000/B	Main Stand	€ 180,00

Lifter

Our front lifter fits for BMW F650GS twin, F700GS, all F800 and G650X bikes. It is especially made for the lowered F650GS twin. It is perfect for care, overwintering, changing wheels and servicing. Made of steel, zinc-plated and quality „Made in Germany“.

ArtNo.	Description	Price
Lifter010	F650GS, F700GS	€ 104,90
LifterG650Xch	F800GS	€ 115,90

LED turning signals F650GS & F800GS

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate. It is a complete turning signal and has a homologation. So it is the first road legal LED for BMW bikes! The LEDs flash yellow. Not compatible with BMW LED turning signals. Sold in pairs (for left and right). Not for F700GS!

ArtNo.	Description	Price
01006	1 pair of LED turning signals with clear lenses	€ 85,00
01006-g	1 pair of LED turning signals with grey lenses	€ 85,90

Indicator lens F650GS & F800GS

Indicator lenses. Sold in a set (2 pieces).

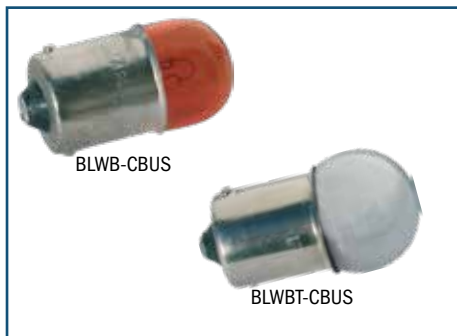

If you want, the lenses can also be sold as single items.

With E-Mark, so they are homologated for the EU.

Shipping: 2 lenses incl. orange bulbs.

Too long screws will break the lense!

ArtNo.	Description	Price
CTS-0037	Clear indicator lens	€ 23,50
CTS-0037-g	Grey indicator lens	€ 22,90
3552-778-1	4 lens head screws	€ 1,90

Indicator bulb

Either orange or special coated. The special coated one only lights orange when you use the indicator (usually used with transparent lenses).

Single.

ArtNo.	Description	Price
BLWB-CBUS	orange coated bulb 12V/10W	€ 2,80
BLWBT-CBUS	special coated bulb 12V/10W	€ 6,00

Touring windshield F700GS

For long distance rides PUIG introduces the touring series to minimize the windblast against the rider. These screens raise the windblast for several centimeters, allowing the rider to keep a more comfortable position while riding the motorcycle. 22cm higher than the original windshield. Incl. homologation.

ArtNo.	Description	Price
6365W	clear	€ 119,00
6365H	smoked grey	€ 119,00

Windscreen

Lots of riders want more wind protection, because the original windscreen is extremely sporty in its design. This windscreen is much bigger and has a different aerodynamic shape. Turbulences around the helmet are minimised and protection against bad weather is improved.

For installation on a F700GS, you need a special holder.

ArtNo.	Description	Price
01-048-0370-0	Windscreen clear	€ 133,90
01-048-0372-0	Windscreen tinted	€ 130,00
8531603	Holder for F700GS	€ 67,90

V-Stream Windscreen

The advanced ,V' shape and dimensional contours push the wind vortex out and away from the riders' helmet, resulting in a peaceful, quiet environment. This improvement is notable for the passenger as well. This windshield is 3x more resistant to abrasion than acrylic materials and has superior crack and impact resistance. Covered by 3-YEAR

UNBREAKABLE WARRANTY! Not for F700GS! For article number 115112, Z2435A and Z2434A you will also need mirror extenders (Z5301 / BK 02).

ArtNo.	Description	Price
115112	Clear, H 50,5cm, W 42,9cm	€ 249,90
Z2435A	Clear, H 45,1cm, W 40cm	€ 239,90
Z2434A	Clear, H 37,1cm, W 35,5cm	€ 189,90
Z2432	Dark tint, H 30,5, W 33,6cm	€ 179,90

Hand Protectors

The hand protector offers optimum protection against wind and weather. A very strong, sturdy construction which has proved itself again and again in many rallies and on other motorcycles.

- Vibration isolation maintained (100%)
- For use in conjunction with heated grips
- Includes special adapters for fitting

ArtNo.	Description	Price
01-048-5651-0	Set Hand Protectors F700GS	€ 100,00
01-040-6681-0	Set Hand Protectors F800GS *-2012	€ 100,00
01-048-5661-0	Set Hand Protectors F800GS 2013-*	€ 100,00

Wolo Very Loud Horn

This horn with its 115 db ensures that you get the necessary respect and that you will not be overlooked.

The horn is perfect for motorcycles because it is small and easy to install. Because of its E-approval mark it is street legal in the EU.

Horn: 12V 6A (non-stop operation), height 7,5cm; diameter 8,5cm.

ArtNo.	Description	Price
TM80BMW	Wolo Very Loud Horn and wiring	€ 69,90

Remus HexaCone

More than 1kg lighter compared to the original exhaust. Not only nice for the eyes but also powerful sound - the HexaCone.

For Euro 4!

BMW F700GS (09/2016 - *)

BMW F800GS (09/2016 - *)

BMW F800GS Adventure (09/2016 - *)

ArtNo.	Description	Price
0964782 085317	HexaCone Black Hawk (black)	€ 704,00
094882 085317	HexaCone Titanium	€ 755,00

How do you sit on your motorcycle seat? Do you want to change something in your seat?

Then read through the pages of the catalog **SEAT ALTERATION**.
We will change your seat exactly like you want it to be.

F650 Funduro, ST,GS,Dakar,CS

built since 1993 (Funduro)

652 ccm cylinder capacity

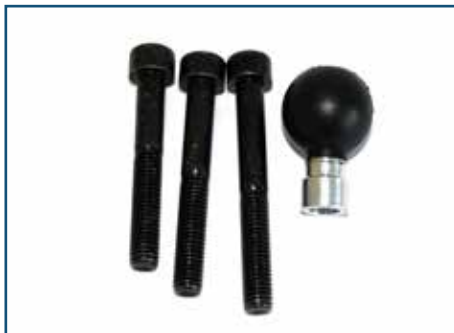

power:48/50 HP

max. torque 57/60/62 (CS) Nm

GPS Mounting for BMW F650, F650CS, F650GS (-2007), F650ST

You screw the GPS ball into the upper triple clamp. The screw is 55/60/65mm long with a M8 thread. Attention: If handlebar risers are mounted, these screws are possibly too short. You can mount many different GPS mounts to it, for example RAM mounts.

ArtNo.	Description	Price
NH 1-10	GPS Mounting	€ 25,90

Key holder with emblem

Useful key holder made of knurled aluminium, polished on top, with our emblem. Just slot in the „emergency key“ and fix it with a set-screw.

Article 0076 : Also possible to hook in a carabiner.

ArtNo.	Description	Price
0075	polished without eye	€ 25,90
0076	polished with eye	€ 32,50

Crash bars F650CS Scarver bikes

Our crash bars are made of high-quality steel and are especially designed for your F650CS 2002 model or newer. The crash bars are designed to be very robust and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way. Crash bars offer a very good protection, but they can reduce the cornering angle.

ArtNo.	Description	Price
SBL07.211.100/S	Crash bars silver	€ 180,00

Side stand foot enlargement F650GS 00-07

Feel safer when parking your bike on dirt or asphalt with a sidestand foot enlargement. More than 100% bigger contact area. Made of high-quality aluminium. Black anodized. Easy to install.

Does not fit for the lowered version of the F650GS!

ArtNo.	Description	Price
0721	Sidestand foot enlargement	€ 25,50
70033	Extra Screws	€ 4,00

Brake Pedal Extension F650CS

Nicely machined aluminium, knurled and clear anodized. It has a slot on its lower side which you tighten with a caliper and it will stay perfect in place. You can also secure the brake pedal extension using some silicone. Length: circa 5,5cm, Diameter: circa 2,4cm

ArtNo.	Description	Price
0180	anodized	€ 24,60

Mirror Extensions

F650CS, GS & Dakar 00-07

Our mirror extensions are the perfect solution if you mainly see your shoulders in the rear mirrors. The mirrors will be moved some centimeters away from each other which creates the necessary space in order to improve the view to the back.

ArtNo.	Description	Price
BK 12	Mirror extensions 1 set (M8)	€ 50,90

Dash pad

Dash pad with carbon fibre effect.

Protects this very visible part of your bike from your keys and enhances its appearance with this scratch-resistant, self-adhesive pad.

No more cutting required, fits exactly.

Fits F 650 & F 650 ST.

ArtNo.	Description	Price
80075	Dash pad	€ 8,90

Extenda Fender

The rear section of the front fender is not long enough to effectively keep road debris off the exhaust and front of the engine. The fender extender solves this problem effectively and elegantly. Made of tough ABS plastic the extender attaches to the original fender with expanding rivets which are of course included.

ArtNo.	Description	Price
054215	F650GS 2002-2007	€ 31,00
05409	F650ST	€ 32,00

Kickstand F650CS

For BMW Scarver F 650 CS - also with low suspension.
Perfectly suitable for removing the wheels.
Saves tyres in winter.

Very easy to store because of its removable bar end.

ArtNo.	Description	Price
scarver08	Kickstand	€ 99,90

Clear taillight lens F650 ST/GS/Dakar

White rear light with long-life LEDs. Super optics, quick installation and with E-mark.

The LED rear light gives your motorcycle an entirely new appearance. You do not need to worry anymore that the lamp in the rear light could be broken, which would make you an accident risk.

ArtNo.	Description	Price
TT.044-0395	Clear taillight lens + LED	€ 79,90

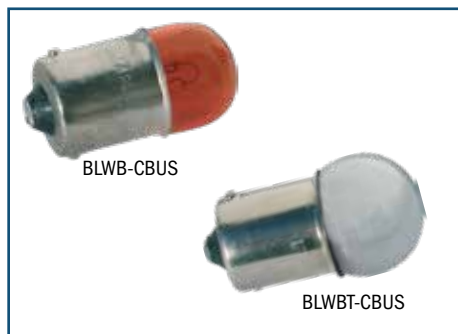

Handlebar screw cover F650 & F650ST

An optical improvement for your bar risers and is made of aluminium.

An integrated o-ring ensures a snug fit.

For F 650 & F 650 ST

ArtNo.	Description	Price
0266	anodized	€ 13,90

Indicator bulb

Either orange or special coated. The special coated one only lights orange when you use the indicator (usually used with transparent lenses).
Single.

ArtNo.	Description	Price
BLWB-CBUS	orange coated bulb 12V/10W	€ 2,80
BLWBT-CBUS	special coated bulb 12V/10W	€ 6,00

Taillight lens F650CS

Clear taillight lens for a brilliant look.
Fits for your BMW F650CS.

ArtNo.	Description	Price
WL-53	Clear taillight lens	€ 45,50
12V21/5Rot	Red bulb for rear- and brake light 12V/21/5Watt	€ 3,60

LED Taillight F650CS

Complete taillight with integrated LED-board for simple exchange! Road legal.
For bikes with and without ABS (Int. ABS).
Fits for BMW F650CS.

ArtNo.	Description	Price
WLL-53-L	clear LED tail light	€ 102,90
WLL-53-L-S	black LED tail light	€ 99,90

Brake pedal enlarger

F650GS & F650GS Dakar 2000-2007

This special part is made of an extremely handy aluminium and cares for safe braking. It gets mounted with two screws, u-screws, nut and hulls which are all yet with the enlargement.

ArtNo.	Description	Price
0140	polished	€ 21,90
0140-1	anodized	€ 24,90

Shift lever extension

F650GS & F650GS Dakar 2000-2007

Many BMW riders think that their shift lever is a little too thin and doesn't give enough grip when they're shifting.

This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike. Available in anodized. Just slip it on and lock in place with a set-screw. Length: circa 5,8cm, Diameter: circa 3,0cm

ArtNo.	Description	Price
0391	natural anodized	€ 26,00

Windscreen F650 94-96

Our windscreen for your F650 1994-1996 model is characterised by high quality and a perfect fit. The windscreen will be shipped with an edge protection (black).
Smokey grey.

HxW: 460x423 mm.

ArtNo.	Description	Price
D230SG	Windscreen F650 94-96 model	€ 121,00

Windscreen tinted

Our windscreen for your F650GS 2000-2003 model has an especially designed spoiler and is characterised by high quality and a perfect fit.

Wind screen with edge protection (black).

HxW: 411x340 mm.

ArtNo.	Description	Price
D234SG	Windscreen F650GS 00-03 model	€ 130,00

Windscreen

Our windscreen for your F650GS 2004-2007 model has an especially designed spoiler and is characterised by high quality and a perfect fit. Cannot be installed together with the hand protection kit.

Windscreen will be shipped with an edge protection (black). HxW: 395x440 mm.

ArtNo.	Description	Price
D331STG	Windscreen F650GS 04-07 model	€ 105,00

Originally-shaped screen

This windscreen has the same shape as the original one.

For F 650 / F 650 ST, 97-00 models.

Available in clear or smoke grey, length: 430mm.

Doesn't fit for motorcycle with hand guards and Strada handlebar!

ArtNo.	Description	Price
4025066595228	Smoke grey	€ 87,90
4025066595211	Clear	€ 87,90

Touring screen

F650GS (2004-2007)

The touring shield has the same shape as the original windshield, but with an additional raised wind deflector at the rear, which covers the entire width. This deflects the wind over the rider and facilitates a relaxed drive, particularly on longer trips.

ArtNo.	Description	Price
4025066139279	clear	€ 111,90
4025066139286	smoke grey	€ 111,90
4025066139293	black	€ 111,90

Touring Screen

All windscreens are produced and tailored precisely.

The shape of the touring screen is similar to the original screen, but it is higher and wider.

For F 650 / F 650 ST, 97-00 models.

Available in clear or smoke grey, length: 460mm. Doesn't fit for motorcycle with hand guards and Strada handlebar!

ArtNo.	Description	Price
T-f650-rg	Smoke grey	€ 92,90
T-f650-K	Clear	€ 92,90

F800S, ST & GT

built since 2006

798 ccm cylinder capacity

power: 85 HP

max. torque 86 Nm at 5.800/min

GPS Mounting with Plate F800ST & F800GT

You will tighten the basic screw (thread M8) to your handlebar mounting. Then you will screw the movable GPS mounting plate to it. Garmin and TomTom motorcycle GPS units can be mounted without any problems. However, you can also adjust the plastic plate very easily for other devices.

ArtNo.	Description	Price
NH 1-12	GPS Mounting with Plate	€ 80,90

GPS Mounting with Plate F800S

This aluminium plug fits for BMW handlebars with an inner diameter of 15-19mm. Just insert the CNC-machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an aluminium expansion fastener. Garmin and TomTom Motorcycle GPS units can be mounted without any problems. However, you can also adjust the plastic plate very easily for other devices.

ArtNo.	Description	Price
NH 3/7sw	GPS Mounting with Plate	€ 75,00

Extenda Fender

The rear section of the front fender is not long enough to effectively keep road debris off the exhaust and front of the engine. The fender extender solves this problem effectively and elegantly.

Made of tough ABS plastic the extender attaches to the original fender with expanding rivets which are of course included.

ArtNo.	Description	Price
054200	Extenda Fender	€ 32,00

Crash Protector F800ST

These crash protectors offer the best possible protection if a crash was not avoidable. The brand new compound plastic can absorb forces of a crash without braking. But these crash protectors are not only very usable but also good looking. The crash protectors are for left and right side and you can mount them quite fast and easy. They come with a special holder so no drilling or cutting the fairing is necessary.

ArtNo.	Description	Price
eq703	Crash Protector	€ 132,70

Stainless steel end weight F800S & F800ST

These end weights are made of stainless steel and create a more noble look for your bike and lead to less vibrations. Included in delivery are two S/S end weights and two S/S countersunk screws for fixing.
Stainless steel: each 200 grams

ArtNo.	Description	Price
05382	Bar-end weights polished	€ 40,00

Superbike handlebars F800GT

These handlebars create a new sporty look and improve the handling of your BMW F800GT. The handlebar is black anodized and fits to any colour of your F800GT. 65mm higher, 40mm closer and 30mm wider. Fits for all BMW F800GT with ABS!
Everything you need to install the handlebar is included.

ArtNo.	Description	Price
S50801340406	Superbike handlebars	€ 239,00

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and does not give enough grip when they are shifting.

This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike.

ArtNo.	Description	Price
0390	anodized	€ 28,50
0395	anodized with o-rings	€ 31,90
19x3	O-ring (4 pieces)	€ 3,40

Sidestand foot enlargement

Feel safer when parking your bike on dirt or asphalt with a sidestand foot enlargement. More than 100% bigger contact area. Made of high-quality aluminium.

Black anodized. Easy to install.

ArtNo.	Description	Price
0722	Sidestand foot enlargement	€ 31,90

Handlebar Risers 25mm

Raising the handlebar by 25mm results in a more upright, much more relaxed seating position. This considerably improves driving comfort. The overall result is a noticeable increase in stamina and concentration. The length of the brake line etc. must be checked individually. Maybe you have to use a longer brake line etc. With EU street homologation! BMW F800ST (2006-2012)

ArtNo.	Description	Price
23554	Handlebar risers 25mm	€ 59,95

Handlebar Risers with Offset

Raising the handlebar by 30mm results in a more upright, much more relaxed seating position. Moreover, the handlebar is brought 21mm closer to the rider which additionally improves driving comfort. The overall result is a noticeable increase in stamina and concentration.

The length of the brake line etc. must be checked individually. Maybe you have to use a longer brake line etc.

With EU street homologation!

BMW F800ST (2006-2012)

ArtNo.	Description	Price
24896	Handlebar risers with Offset	€ 70,90

Superbike Handlebar F800S & F800ST

Sporty riding without carrying their whole weight on their lower arms is the dream of many riders. To meet this wish a Superbike handlebar conversion has been developed which, with its tapered handlebars and full black anodizing, not only looks sophisticated, but also ensures sporting performance with very little strain on the rider. The Superbike handlebar conversion includes all components that are necessary for fitting.

Fits for all BMW F800S with ABS!

ArtNo.	Description	Price
50800640406	Superbike Handlebar	€ 429,00

Mirror Extensions

Our mirror extensions are the perfect solution if you mainly see your shoulders in the mirrors. The mirrors will be moved 5cm outwards in order to improve the view to the rear. 1 set.

Z2476	dark, H38,7 cm, W45,7 cm	€ 229,00
Z2477	clear, H46,3 cm, W48,3 cm	€ 229,90
Z2478	clear, H54 cm, W48,3 cm	€ 240,00

F800R

built since 2006

798 ccm cylinder Capacity,

power: 87 HP (64 KW)

max. torque 86 Nm

acceleration 0-100kmh: 3,9 Sec.

top speed: over 200 kmh

weight: 199 kg

Our F800R customisation

We have developed and designed some items for your F800R like our windscreens which offer much more protection from wind and rain, but still look very sporty.

We thought that the oil cooler is too visible so we designed a bigger oil cooler cover.

Moreover, we developed a small engine spoiler which can be used in combination with the centre stand.

Maybe the most useful item we developed for the BMW F800R is the rear hugger, although it is not that visible. It will be mounted with the original chain guard and protects you and your pillion rider from dirt and spread water just like your bike, the exhaust, the collector and much more.

V-Stream Windshield 2006 - 2014

The V-Stream windshield sets new standards for design, technology and comfort. Made of Quantum/Lexan Polycarbonate which is 10x more scratch-resistant than usual Acrylic. The windscreen will be shipped with everything you need to mount it. Windshield V-Stream, with homologation and mounting. Only fits with original indicators!

ArtNo.	Description	Price
Z2424	Clear, Height 40,7cm, Width 38cm	€ 369,00
Z2425	Light tint, Height 40,7cm, Width 38cm	€ 384,90
Z2426	Clear, Height 48cm, width 43cm	€ 379,90

Sport windshield F800R 2015 -

For sporty rides PUIG introduces the sport series to have regular and constant air flow around and towards the helmet. This will reduce turbulences and give you a more sporty feeling. Height x Width: 315x290mm.

ArtNo.	Description	Price
7650H	light tinted	€ 83,90
7650F	dark tinted	€ 83,90
7650N	black	€ 83,90

Fork Crash Protectors

These crash protectors for forks are made of CNC-lathed plastic (POM). The mounting is made of CNC-milled and anodized aluminium.

These crash protectors provide additional protection for your fork.

Shipment includes the crash protectors (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Crash Protectors (-2014)	€ 65,00
FP102	Crash Protectors (2015-)	€ 68,90

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and does not give enough grip when they are shifting.

This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike.

ArtNo.	Description	Price
0390	anodized	€ 28,50
0395	anodized with o-rings	€ 31,90
19x3	O-ring (4 pieces)	€ 3,40

Brake pedal enlargement

This brake pedal enlargement is nicely machined of aluminium, knurled and anodized. It is quite simple to install - just slip it on and lock in place with two set-screws.

Length: circa 5,7cm, Diameter: circa 2,6cm.

ArtNo.	Description	Price
0182	Brake pedal enlargement	€ 26,50

Sidestand foot enlargement

Feel safer when parking your bike on dirt or asphalt with a sidestand foot enlargement. More than 100% bigger contact area. Made of high-quality aluminium.

Black anodized. Easy to install.

ArtNo.	Description	Price
0722	Sidestand foot enlargement	€ 31,90
70033	Extra screws	€ 4,00

Cooler protection F800R 2015-

Perfect protection for your cooler which looks nice and is made of high-quality aluminum.

The lattice is surrounded by a solid frame and keeps insects or dirt away from the cooler.

Cooler protection, scratch protection and fitting instructions are included.

ArtNo.	Description	Price
Kg-F8R15	Cooler protection	€ 85,00

Extenda Fender F800R 2015-

The rear section of the front fender is not long enough to effectively keep road debris off the exhaust and front of the engine. The fender extender solves this problem effectively and elegantly.

Made of tough ABS plastic the extender attaches to the original fender with expanding rivets which are of course included.

ArtNo.	Description	Price
054232	Extenda Fender	€ 31,00

Crash bars

Our crash bars are made of high-quality steel and are especially designed for your BMW F800R. The crash bars are designed to be very robust and allow an equal distribution of the forces so that you and your bike are protected in the best possible way.

You can download the installation instructions via our online shop: www.mhornig.com

ArtNo.	Description	Price
TN691	Crash bars	€ 112,50

Mirror Extensions

Our mirror extensions are the perfect solution if you mainly see your shoulders in the mirrors. The mirrors will be moved a few centimetres outwards in order to improve the view to the rear.

ArtNo.	Description	Price
BK 02	Mirror extensions 1 set (M10)	€ 50,90

Handlebar Risers with Offset F800R (2015-)

Raising the handlebar by 30mm results in a more upright, much more relaxed seating position. Moreover, the handlebar is brought 25mm closer to the rider which additionally improves driving comfort. The brake hose is usually too short for this conversion. We recommend using our adapter 26872.

ArtNo.	Description	Price
26890	Handlebar Risers 30/25mm	€ 99,95
26872	Adapter	€ 40,00

Puig Rear Mudguard

To keep clean your undertail, nothing works better than rear huggers. PUIG rear huggers, offered in black, are delivered with hardware and a very easy to follow instruction.

Paintable material that will perfectly fit your bike.
Approval TÜV 31060 (homologation), street legal.

ArtNo.	Description	Price
0703	Rear Mudguard black	€ 129,10

Crash-Protectors Slider F800R 2017-2019

Our Crash-Protectors or Sliders protect your frame, engine and fairing of your motorcycle. This crash protector is designed to fit perfectly to your motorcycle. It is made of high-strength milled aluminum and high-strength POM plastic. All our pads are screwed to your motorcycle at least at 2-3 points. The advantage over round crash protectors is that these slider can't break or snag on something on the road.

Shipment: Crash Protectors for the left and right side with mounting.

ArtNo.	Description	Price
RLBM10	Crash-Protectors Slider 2017-2019	€ 259,90

Dash pad F800R 2006-2014

Carbon look. Protects this very visible part of your bike from your keys and enhances its appearance with this scratch-resistant, self-adhesive pad.

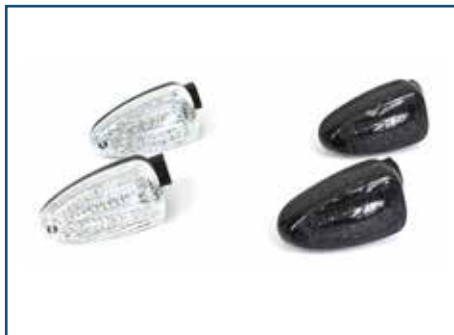

ArtNo.	Description	Price

Upper deflectors

These upper deflectors for BMW F750GS & F850GS models improve the driving comfort thanks to their shape and position by deflecting the air flow away from the rider's torso and legs. Because of their special shape, the deflectors merge harmoniously into the overall design of the motorcycle and are characterized by subtle design, high quality and an easy mounting process.

Shipment includes a set for the left and right side.

ArtNo.	Description	Price
9847W	clear	€ 114,90
9847H	light tinted	€ 114,90
9847F	dark tinted	€ 114,90

Touring windshield

For long distance rides the Touring series was developed to minimize the windblast against the rider. These screens raise the windblast for several centimeters, allowing the rider to keep a more comfortable position riding the motorcycle. 540 x 415mm.

F750GS: 295mm higher than the original screen.

F850GS: 220mm higher than the original screen.

ATTENTION: There are also F750GS models with windshields of the F850GS on the market. In this case, the Touring screen for F750GS does not fit (different hole distances) and you have to use the Touring screen for F850GS.

ArtNo.	Description	Price

Brake pedal enlargement K1200RS & GT

This brake pedal enlargement is nicely machined of aluminium, knurled and anodized.

It is quite simple to install - just slip it on and lock in place with a set-screw.

ArtNo.	Description	Price
0100	anodized	€ 29,90

Speedometer trim K1200RS & GT

Trim rings for the speedometer, the revolution counter, the temperature and fuel gauges are an optical improvement for your K 1200 RS & GT.

You simply stick them to the speedometer, e.g. with silicone, and you can remove them without any residue.

All rings are also available as single items.

ArtNo.	Description	Price
0408	1 set anodized	€ 74,90
s2ml	Silicone 2ml	€ 0,80

Brake and Clutch Lever

Those levers are a replacement part for the original BMW levers. They are very similar to the BMW levers. You will receive exactly the lever you see on the picture. Check if the same brake / clutch lever is installed on your BMW before ordering. BMW K1200RS/GT/LT.

ArtNo.	Description	Price
311-521	Brake Lever	€ 47,00
310-521	Clutch Lever	€ 46,90

GPS Mounting K1200LT

Bolt + RAM-ball.

CNC-machined, for TomTom and Garmin Zumo GPS devices. You can mount all RAM-mounts on the RAM-ball. Install the RAM mount so that the navigation system comes to the centre of the handlebars! Otherwise, the mirror is covered. Colour: Black.

ArtNo.	Description	Price
NH 1/5	GPS Mounting black	€ 34,90

Rear wheel centre cover

A cover made of aluminium - with emblem.
Just put it into the hole over the screw in the wheel.

An o-ring keeps this part firmly in place.

Note: The Rear wheel centre cover does not fit when the bolt in the middle protrudes further than the wheel.

ArtNo.	Description	Price
0204-1	Natural anodized	€ 22,50

Indicator bulb

Either orange or special coating. The special coated one only lights orange when you use the indicator (usually used with transparent lenses). Single.

ArtNo.	Description	Price
BLWB	orange bulb 12V/21W	€ 3,00
BLWBT	Special coated bulb 12V/21W	€ 9,95

V-Stream Windshield K1200LT

The „V-Stream“ windshield sets new standards for design, technology and comfort.

Made of Quantum/Lexan Polycarbonate which is 10x more scratch-resistant than usual acrylic.

The windscreen will be shipped with everything you need to mount it.

Windshield V-Stream, clear, with homologation.

ArtNo.	Description	Price
115106	Height 57,6cm, Width 71,4cm	€ 279,90
Z2461	Height 62,8cm, Width 73,6cm	€ 294,90
Z2462	Height 52,6cm, Width 68,6cm	€ 259,90

Chrome cap III K1200LT

The chrome cap III for the light adjustment will give your BMW another additional highlight.

The installation is as easy as effective - just stick it on with some glue like Uhu or silicone.

If you have no silicone at home you can also order our high-quality silicone which is pre-filled in the volume you need and easy to dose.

ArtNo.	Description	Price
0505	Chrome cap III	€ 5,70
s2ml	Silicone 2ml	€ 0,80

K1200 R / R Sport

built 2005-2008 / 2007-2008

1157 ccm cylinder capacity

power: 163 HP

max. torque 127 Nm

K1300R

built since 2009

1293 ccm cylinder capacity

power: 173 HP

max. torque 140 Nm at 8.250/min.

K1200R Customisation

This one-off special in 'Rockster Orange' with special fairing parts is a special show bike and will not be put into production. We looked at the standard K1200R with its asymmetrical look of the air ram on one side only, and constructed a very complex closed-in front with integrated indicators and two air inlets.

Virtually no standard fairing parts exist on this bike, most have been either modified or are completely new constructions, such as the short engine spoiler with 'wings' reaching up to the tank.

Even the rear has been modified with a pillion seat cover reaching further rear-wards for a more aggressive look.

Some of our series parts like the crash pads, bar end weights, frame protectors and side stand enlarger were also used.

To finish it off we also used a selection of our Carbon fibre parts.

Superbike handlebars

These handlebars create a new sporty look and improve the handling of your bike. The mounting kit is made of high-quality aluminium and the bars are especially designed for the BMW K1200R, K1200R Sport & K1300R. Width of the handlebar is 770mm.

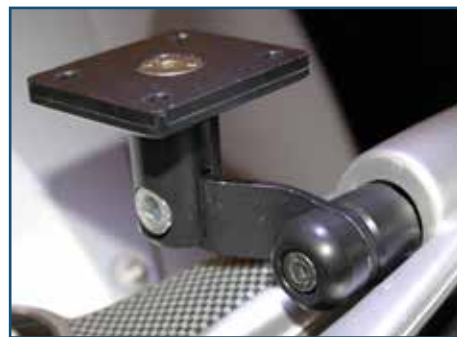

ArtNo.	Description	Price
AC-K1200R	K1200R & Sport	€ 469,10
S51130940406	K1300R	€ 499,10

Frame Cover

Cover for the hole above the swing arm journal. Available in anodized and black anodized version.

ArtNo.	Description	Price
0453	anodized	€ 14,50
0454	black anodized	€ 14,90

GPS Mounting with Plate

This aluminium plug fits for BMW handlebars with an inner diameter of 15-19mm. Just insert the CNC-machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an aluminium expansion fastener.

ArtNo.	Description	Price
NH 3/7sw	GPS Mounting with Plate	€ 75,00

GPS Mounting

Plug for BMW handlebars with inside diameter of 12-16mm. Just insert the CNC-machined plug in the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an expansion fastener. Almost any navigation system can be fixed on the RAM-ball of this GPS mounting. Colour: black.

ArtNo.	Description	Price
NH 3/1	Black Plug (Ram-ball)	€ 40,90

Licence plate bracket stainless steel adjustable

This adjustable licence plate bracket is made of high-quality stainless steel. You can adjust the width from 18 to 28 cm. The height of the licence plate is 20,3 cm.

Long slots are milled into the licence plate bracket, which make it possible to mount it on all motorcycles. ATTENTION: Width 18-28cm and height 20,3cm are the sizes of German license plates! Foreign license plates have usually different sizes!

ArtNo.	Description	Price
18-28	Licence plate bracket	€ 32,00

Cover

Covers for the fluid reservoirs.

You simply stick them onto the fluid reservoirs. Can be removed without residue.

Made of high-quality aluminium.

They are sold in a set of two.

ArtNo.	Description	Price
0701	1 set anodized	€ 45,90
0702	1 set black anodized	€ 46,90
s2ml	Silicone 2ml	€ 0,80

Rear wheel centre cover

Rear wheel centre cover with emblem.

The holes in the covers serve for cooling! The lower temperature is based on the special angles of the drillings, which cause a more concentrated air flow.

However, don't be worried - it does not affect the drivability of your BMW.

ArtNo.	Description	Price
0216	anodized	€ 74,90
0316	black anodized	€ 76,80

Main Stand

With EG/ABE. This main stand is characterised by its accuracy of fit and stability. It is very simple to fit on your bike and useful for many works - like changing the brake pads etc.

If you use an engine spoiler e.g. for the K1200S, slight modifications are required. Instructions are included.

ArtNo.	Description	Price
HPS.07.360.100	Main Stand	€ 175,00

Sidestand foot enlargement

Feel safer when parking your bike on dirt or asphalt with a sidestand foot enlargement. More than 100% bigger contact area.

Made of high-quality aluminium.

Black anodized.

Easy to install.

ArtNo.	Description	Price
0707	Sidestand foot enlargement	€ 32,90
70033	Extra screws	€ 4,00

Bar-end weights

These bar-end weights made of stainless steel or aluminium show that BMW riders are aware of function and form.

Stainless steel 220 gram each,
aluminium 84 gram each.

Shipment: 2 end weights, 2 screws.

ArtNo.	Description	Price
0805	1 set stainless steel	€ 39,90
0806	1 set aluminium anodized	€ 30,00

Axle pivot cover

This cover for the axle pivot for all new R1200, K1200 and K1300 bikes gives a nice looking finish to the rear end and gives your motorcycle a classy look.

ArtNo.	Description	Price
0172	anodized	€ 23,10
0272	black anodized	€ 23,00

Extenda Fender

The rear section of the front fender is not long enough to effectively keep road debris off the exhaust and front of the engine. The fender extender solves this problem effectively and elegantly. Made of tough ABS plastic the extender attaches to the original fender with expanding rivets which are of course included.

ArtNo.	Description	Price
054025	K1200R & K1300R	€ 32,00
054011	K1200R Sport	€ 32,00

Brake Pedal Enlargement

It is nicely machined of aluminium and natural anodized.

The surface is slotted in order to avoid slipping. This enlargement simply slips on and is held in place by two set-screws. Length: circa 6,2cm, Width: circa 2,4cm.

ArtNo.	Description	Price
0102	Brake Pedal Enlargement	€ 34,90

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and does not give enough grip when they are shifting. This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike.

ArtNo.	Description	Price
0390	anodized	€ 28,50

Mirror Extensions

Our mirror extensions are the perfect solution if you mainly see your shoulders in the mirrors. The mirrors will be moved a few centimetres outwards in order to improve the view to the rear.

For K1200R & R Sport.

ArtNo.	Description	Price
BK 02	Mirror extensions	€ 50,90

Crash bars

Our crash bars are made of high-quality steel and are especially designed for your K1200& K1300. The crash bars are designed to be very robust and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way.

Crash bars offer a very good protection, but they can reduce the cornering angle.

ArtNo.	Description	Price
SBL.07.413.100/B	Crash bars black	€ 190,00

Crash Protectors Slider K1200R & K1300R

Our pads or sliders protect the frame, engine and fairing of your motorcycle. This protector is designed to fit perfectly to your motorcycle. It is made of high-strength milled aluminium and high-strength POM plastic. All our pads are screwed to your motorcycle at at least 2-3 points. The advantage over round pads is that these sliders can't break or snag on something on the road.

Shipment: Protectors for the left and right side with mounting.

ArtNo.	Description	Price
RLBM03	Sliders	€ 279,90

Fork Crash Protectors

These crash protectors for forks are made of CNC-lathed plastic (POM). The mounting is made of CNC-milled and anodized aluminium.

These crash protectors provide additional protection for your fork.

Shipment includes the crash protectors (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork Crash Protectors	€ 65,00

Taillight

The taillight with LED is available in clear with E-mark, is very easy to install and fits perfectly. For K1200R and K1200R Sport.

ArtNo.	Description	Price
WLL-87-L	Clear lens with LED (not for model 2008-)	€ 102,90

LED turning signals

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate. It is a complete turning signal and has a homologation which makes it the first road legal LED for BMW bikes! The LEDs flash yellow. Sold in pairs (for left and right). Not compatible with BMW LED turning signals.

ArtNo.	Description	Price
01006	1 pair of LED turning signals with clear lenses	€ 85,00
01006-g	1 pair of LED turning signals with grey lenses	€ 85,90

Cardan-Crash-Protector

This crash protector for the cardan is made of CNC-lathed plastic. This crash protector provides additional protection for your motorcycle. You install the crash protector or crash pad on your cardan with a stainless steel screw and an expansion holder.

ArtNo.	Description	Price
059-27	Cardan-Crash-Protector	€ 42,90

Crash Protector Plus

These crash protectors are the latest design-version of the EQ701 crash protectors. They offer the best possible protection if a crash was not avoidable. The brand new compound plastic can absorb forces of a crash without braking. These crash protectors are not only very usable, but also good looking. The crash protectors are for the left and the right side and you can mount them quite fast and easily.

ArtNo.	Description	Price
eq701plus	Crash Protector Plus	€ 104,00

Windscreen ZTechnik

In order to create a more comfortable ride, other manufacturers offer extra-tall windshields or spoiler tops to try to lift the air stream. But ZTechnik designed, for the first time ever, a windshield with contours calculated and adjusted to manage the riding environment.

Windshield, tinted, with homologation and mounting kit, height 41 cm, width 52 cm.
K1200R & K1300R.

ArtNo.	Description	Price
Z2225	Height 43 cm, Width 52 cm	€ 330,00

Vario touring screen

This touring screen has a spoiler at the top of the airfoil. The spoiler can be adjusted for height and angle in seven positions. The air current deflected behind the spoiler reduces the otherwise annoying turbulence.

K1200R & K1300R. With homologation. Length: 420 mm.

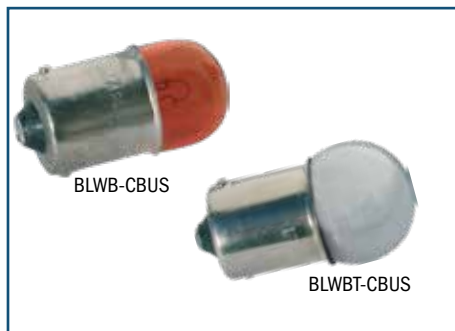

ArtNo.	Description	Price
vt-k1200r-rg	Smoke grey	€ 156,90
4025066109135	Clear	€ 156,90

Indicator lens

Indicator lenses. Sold in a set (2 pieces). However, you can also order them as single items. With E-Mark, so they are homologated for the EU. Shipping: 2 lenses incl. orange bulbs.

ArtNo.	Description	Price
CTS-0037	Clear indicator lens	€ 23,50
CTS-0037-g	Grey indicator lens	€ 22,90
3552-778-1	4 lens head screws	€ 1,90

Carbon Clutch Cover

Small, but very strong clutch protector.
Made of carbon fibre.

ArtNo.	Description	Price
KD0.016.K120S.K	Clutch Cover	€ 119,90

Spoiler screen

This screen is similar to the original screen, but with a small lip edge at the top.

The spoiler screen will be delivered with ABE, length: 370mm.

ArtNo.	Description	Price
S-k1200s-rg	Smoke grey	€ 92,90
S-k1200s-k	Clear	€ 92,90
S-k1200s-sw	Black	€ 92,90

Racing screen

The racing screen basically has the same shape as the original one, with a little hump in the middle, to reduce the wind pressure on the helmet.

With ABE, length: 405mm.

ArtNo.	Description	Price
4025066099238	Smoke grey	€ 92,90
4025066099221	Clear	€ 92,90

Fork Crash Protectors

These crash protectors for forks are made of CNC-lathed plastic (POM). The mounting is made of CNC-milled and anodized aluminium.

These crash protectors provide additional protection for your fork.

Shipment includes the crash protectors (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork Crash Protectors	€ 65,00

Touring screen

The touring shield has the same shape as the original one, but with an additional raised wind deflector (about 5-7 cm high at the top), covering the entire width. This deflects the wind over the rider and allows a relaxed ride, particularly on longer trips.

Length: 415mm.

ArtNo.	Description	Price
T-k1200s-rg	Smoke grey	€ 92,90
T-k1200s-k	Clear	€ 92,90
4025066099214	Black	€ 92,90

Vario touring screen

This type of touring screen has a small spoiler at the top of the wind deflector. Can be manually set to seven positions in terms of angle and height. Tiresome turbulence is also reduced by the air flow at the rear of the spoiler.

Length: 435mm.

ArtNo.	Description	Price
4025066099283	Smoke grey	€ 137,90
VT-k1200s-k	Clear	€ 137,90

Original shape screen

This windscreen has the same shape as the original windscreen, but is available in different colours.

Length 350mm, with ABE.

Available in clear, smoke grey and black.

ArtNo.	Description	Price
4025066099061	Smoke grey	€ 87,90
4025066099054	Clear	€ 87,90
4025066099092	Black	€ 87,90

SHARK DSX-10 exhaust K1200S

The SHARK DSX-10 slip-on exhaust impresses with its conical pentagonal design as well as with its throaty, aggressive sound. The silencer is made of coated stainless steel and is assembled with a screwable mount. The db-killer is removable and the original catalyser will be omitted.

Colour: matt black, Height: 135mm, Width: 105mm, Length casing: 360mm, Total length: 435mm. With European street homologation! Attention: It is forbidden to use exhausts without dB-killer in public traffic!

GPR Slip On Exhaust Furore Nero Italia

- With catalyst - With EC approval / test number, approved all across Europe (no entry in vehicle papers required) - Removable dB reduction device/ dB absorber - Stainless steel holding clamps with rubber pad - All parts needed for assembly are included in the delivery content

- Similar to image - Weight per silencer: approximately 1,75 kg - Oval black aluminum silencer. With European homologation.

An authorised dB reduction device is included in the delivery content. It is attached in the end-cap of the Furore model by means of a retaining ring. Moreover, depending on the motorcycle type, a funnel-shaped component in addition to the above dB absorber is included, depending on the model in question. This component is fixed in the silencer inlet, in order to reduce the exhaust noise to the level permitted. Warning: If the exhaust system is used when participating in public traffic without the dB reduction devices, the authorised approval is no longer valid!

Spoiler for windshields

The MRA X-green spoiler can be set according to your individual needs in order to eliminate turbulence, wind pressure or annoying noises. The spoiler can be adjusted with two independently adjustable pivot points. The spoiler is 36cm wide and 16.3cm high and available in clear or smoke grey with EU homologation for the original windshield and all MRA windshields! The spoiler can either be screwed or clamped with an extra bracket.

Screwed: Attachment of the X-green-Spoiler via four screws. The existing screen must be drilled for this purpose. **Clamped:** The X-green-spoiler is clamped with a special holder onto the existing screen (picture). This mounting needs no drilling or gluing. This bracket is not part of the standard product range of the X-green and must be purchased separately. The distance between the two black mountings which will be screwed to your screen is 25cm. If you use the clamps, your windshield needs to be at least 28cm wide on the top.

ArtNo.	Description	Price
4025066125036	clear	€ 103,90
4025066125043	smoke grey	€ 103,90

0262	black anodized	€ 25,00
0265	anodized (without indentation for emblem)	€ 24,90

Stainless Steel Crash bars

These stainless steel engine guards will, unlike powder-coated steel guards, never rust. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts, not the engine covers, to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!

ArtNo.	Description	Price
Z7105	Stainless Steel Crash bars	€ 379,00

For:
BMW R850R
BMW R1100R 95-03
BMW R1150R 01-06

Bar risers R850R (-2002) & R1100R

This part will raise your handlebars for 25mm, creating a more comfortable riding position, while enhancing the overall handling of your bike. A longer brake line is not needed when installing these bar risers.

Set consisting of the bar risers and fitting screws.
Does not fit for bikes with switches on the handle bar and not for tubular handlebars!

ArtNo.	Description	Price
0420	1 set anodized	€ 99,90

Handlebar Risers with tube handle bar

Handlebars rise by 25 mm for R850/1100/1150R

- For an upright and relaxed riding position
- Less strain on shoulders and wrists
- For sport bikes: Better standing, less exhaustive riding
- EG/ABE street homologation

When using the original BMW fog lamps, you also need our special screw-set (040-0272).

ArtNo.	Description	Price
040-0265	black 25mm	€ 59,90
610-0010	silver 25mm	€ 59,90
040-0272	Special screw-set	€ 20,90

Short Paralever strut

This paralever (length 365mm) strut is made of high-quality steel and is 20mm shorter than the original one. You can shorten the wheel base which improves the handling of your bike eminently. The rear end of the bike will be a little bit higher than before. R850R & R1100R.

ArtNo.	Description	Price
2314179	Short Paralever strut	€ 151,00

Foot brake fluid reservoir cover

Cover for the foot brake fluid reservoir, CNC-machined of aluminium.

Image shows K1200R.

It is also visible on: R850/1100R.

ArtNo.	Description	Price
0706-1	anodized	€ 23,00
s2ml	Silicone 2ml	€ 0,80

Crash bars

Our crash bars are made of high-quality steel and are especially designed for your R 1150 R & Rockster model (not R 850 R). The crash bars are designed to be very robust and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way.

Crash bars offer a very good protection, but they can reduce the cornering angle.

ArtNo.	Description	Price
SBL.07.344.100	Crash bars	€ 240,00

LED headlights

Our clear glass LED headlights are designed for a simple replacement of the original part and distinguishes itself by a reduced energy consumption (16W low beam / 18W high beam) which relieves the alternator.

The headlights supply pure white light and have a chromed metal housing. The product has the functions high beam, low beam and parking light and will be delivered including all illuminants and an original plug.

With E test mark.

BMW R850R (all construction years)

BMW R1150R (all construction years)

BMW R1100R (Facelift)

ArtNo.	Description	Price
WL-FS-01-C-L	LED headlights chrome-colored	€ 249,90
WL-FS-01-B-L	LED headlights black	€ 239,90

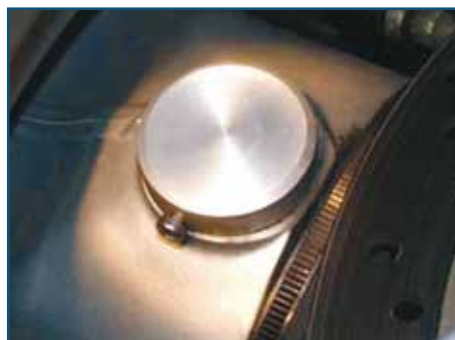

S/S screws

Brake fluid reservoir & clutch reservoir get a new look with these 4x S/S screws.

70070: For all (elderly) bikes with a hydraulic brake and no hydraulic clutch.

70075: For all (newer) bikes with a hydraulic brake and a hydraulic clutch.

For R850R with tube handle bar 2000-2007 and R1150R.

(no. 80060 for R850/1100R).

ArtNo.	Description	Price
80090	Dash pad	€ 10,90

Windscreen R1150R

ZTechnik revolutionized windscreen performance with their windshields. They are well known not only for superior wind-deflecting comfort, but also for a riding environment that is calm and quiet. In order to create a more comfortable ride, other manufacturers offer extra-tall windshields or spoiler tops to try to lift the air stream. But ZTechnik designed, for the first time ever, a windshield with contours calculated and adjusted to manage the riding environment. Windshield, transparent, with homologation and mounting kit, height 52 cm, width 45 cm

ArtNo.	Description	Price
Z2332	Windscreen	€ 409,90

Carbon Rear Hugger

Provides ultimate protection for the rear shock absorber! Spend less time for cleaning and more time for riding! The best fit possible is provided by an aluminium fastener. With ABE.

ArtNo.	Description	Price
110310	Rear Hugger	€ 299,90

Wolo Very Loud Horn

This horn ensures with its 115 db that you get the necessary respect and that you will not be overlooked.

The horn is perfect for motorcycles, because it is small and easy to install. Because of its E-approval mark it is street legal in the EU.

Horn: 12V 6A (non-stop operation), height 7,5cm; diameter 8,5cm.

ArtNo.	Description	Price
TM80BMW	Horn and wiring BMW R850R 2003-2007 & R1150R	€ 69,90

R850/1200C

built 1997-2001 / 1997-2005
848/1170 ccm cylinder capacity
power: 50/61 HP
max. torque 71/98 Nm

R1200CL

built 2002-2005
1170 ccm cylinder capacity
power: 61 HP
max. torque 98 Nm

Change front and rear seat

The driver's and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm. The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort: Here, the seat is increased in the middle front part to inhibit a cramped position. These alterations enable a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now. The seats are coated with slip resistant material.

Available in three heights

(please note in the comment with the article number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

You can find a flyer with seat conversion examples online at www.mhornig.com!

You must send
your seat
to us!

ArtNo.	Description	Price
sitzF-C	Driver's seat black	€ 239,00
sitzS	Pillion's seat black	€ 194,00
s-g	Extra charge black-grey (for each seat)	€ 29,00

Oil filler plug with emblem

There is a drilling in the side of the plug in which you can put a size 3 Allen key or a Torx key T10 (usually found in your BMW toolkit) in order to fit and remove it.

ArtNo.	Description	Price
0040	polished	€ 26,00
0240	anodized	€ 26,00
0055	black anodized	€ 26,90
10011	O-ring	€ 1,20

Oil filler plug

This oil filler plug with Allen tool looks absolutely great because of its finish and has good function as a locking plug. Use a size 5 Allen key (usually found in your BMW toolkit) in order to fit and remove.

ArtNo.	Description	Price
0030	polished	€ 25,00
0010	anodized	€ 24,90
0020	black anodized	€ 24,50
10011	O-ring	€ 1,20

Key holder with emblem

Useful key holder made of knurled aluminium, polished on top, with our emblem.

Just slot in the „emergency key“ and fix with a set-screw. 0076 : Also possible to hook in a carabineer.

ArtNo.	Description	Price
0075	polished without eye	€ 25,90
0076	polished with eye	€ 32,50

Rear wheel hub cap

For spoke wheel; made of aluminium natural anodized or polished: rear wheel hub cap with all parts needed to fit it.

Fits for R850/1200C.

[You can download a installation instruction online](#)

ArtNo.	Description	Price
0150	polished	€ 49,90
0250	anodized	€ 49,90

Rear wheel centre cover

A cover made of aluminium with emblem.
The mounting is quite easy: just put it into the hole of the wheel. Perfect fit is guaranteed by an o-ring.

There are different drillings in the 5-spoke aluminium wheel (please measure!).

ArtNo.	Description	Price
0-303-1	Size 31,8 anodized	€ 22,90
0-303-0	Size 31,8 polished	€ 23,90

Camshaft lid

Made of high-quality aluminium and fits all four valve twins as a replacement for the original plastic cap.

The delivery occurs as a set of two caps with the o-rings and screws.

ArtNo.	Description	Price
0160	1 set polished	€ 34,90
0360	1 set anodized	€ 35,60
60010	S/S Round Head Screws (you need 4 screws)	€ 0,50

Telelever end caps

These telelever end caps add a new optical highlight to your BMW.

Nice form and robust material.

Always sold as a set in polished or anodized version.

ArtNo.	Description	Price
0090	1 set polished	€ 33,90
0290	1 set anodized	€ 30,90

Centre cap top yoke

Fits for R850/1200C. You can also use a BMW emblem. It is made of high-quality aluminium and polished. There is no visible difference between our polished and cromiumplated parts. The advantage of our polished products is their colour resistance. They will not change their polished look even after extreme atmospheric conditions. Another advantage of our polished parts is that no cromium can flake off. Because of this we improved our polishing methods and did without cromiumplating.

ArtNo.	Description	Price
0085	high polished	€ 34,90

Toolbox

Toolbox for R 850/1200 C until 2003 model. The polished pipe is made of stainless steel with two polished aluminium caps. It fills that void between the rear mudguard and the rear shock and provides a waterproof place for tools, maps or any other small items. It bolts to the rear mudguard bracket on the frame (screws included). The end cap unscrews and seals with an o-ring. Not for models with suspension and hydraulic preload adjustment.

ArtNo.	Description	Price
0230	high polished	€ 144,90

Swing arm Pivot Cover right

This swing arm pivot cover for the right side is a very nice replacement for the original cover. Made of high-quality aluminium and polished.

Fits for R850/1200C.

ArtNo.	Description	Price
0348	high polished with emblem	€ 30,90
0348-1	high polished without emblem	€ 30,90

Swing arm Pivot Cover left

Swing arm pivot cover for the left side.

Fits for R850/1200C.

ArtNo.	Description	Price
0349	high polished with emblem	€ 31,90
0349-1	high polished without emblem	€ 29,90

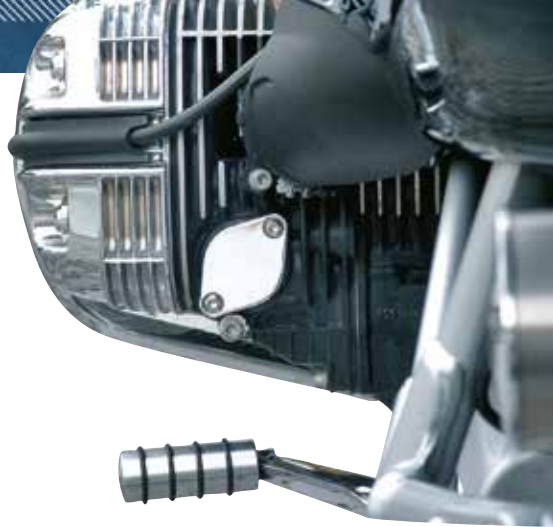

Shift lever enlarger

It is nicely machined of aluminium and polished.

The special shape gives a very good grip.
Just lube up the rubber with a bit of soapy water
and slip it on. It will stay put.

Fits for R850/1200C & R1200CL bikes.

ArtNo.	Description	Price
0197	polished	€ 23,90
0397	polished with O-Rings for better grip and racing look	€ 25,90

Kickstand

For BMW R 850/1200 C, Montauk, Independent and CL.
Perfectly suitable for removing the wheels.

Saves tyres in winter.

Very easy to store because of its removable bar end.

ArtNo.	Description	Price
cruiser07	Kickstand	€ 99,90

Chrome cap I

The chrome caps for the gear oil filler screw are an optical improvement for your BMW.

You simply push them on. The caps fit into the gear oil filler screw with Allen head and will fit any other screws with the same Allen size.

ArtNo.	Description	Price
0500	Big chrome caps	€ 4,70
0501	Small chrome caps	€ 4,40

Chrome cap II

Chrome cap II was created for covering the gear oil filler screw.

Like cap I it is just pushed on and fits perfectly.

ArtNo.	Description	Price
0502	Chrome cap II	€ 4,60

S/S screws

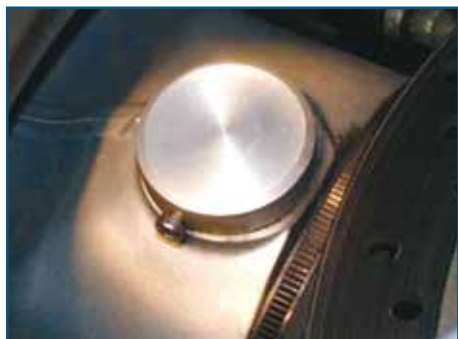

Brake fluid reservoir & clutch reservoir

get a new look with these 4x S/S screws.

70070: For all (elderly) bikes with a hydraulic brake and no hydraulic clutch.

70075: For all (newer) bikes with a hydraulic brake and a hydraulic clutch.

ArtNo.	Description	Price
70070	4 x M5x16	€ 4,00
70075	4 x M4x16	€ 4,00

Paralever pivot cap

Effective prevention of dirt is guaranteed by this paralever pivot cap.

Highest quality and a perfect look. Anodized aluminium.

ArtNo.	Description	Price
0070	anodized	€ 14,90

Mirror Heightening

Our mirror heightenings are the perfect solution if you mainly see your shoulders in the rear mirrors. The mirrors will be moved 2,5 centimeters upwards which creates the necessary space in order to improve the view to the back.
Fit for R1200C.

ArtNo.	Description	Price
BK 00	Mirror Heightening 1 set	€ 20,20

Mirror-catch-cable

These cables are very easy to install and at the same time very effective. They protect the cables of the indicators and ensure that they won't break, even in an accident. You will save a lot of money as a new mirror for your bike is not cheap.
Delivered as a set with fitting instructions.
Fit for R1200CL.

ArtNo.	Description	Price
0600	Mirror-catch-cable 1 set	€ 11,40

GPS Mounting

Bolt + RAM-ball.

CNC-machined for TomTom and Garmin Zumo GPS devices. You can mount all RAM-mounts on the RAM-ball.

Install the RAM-mount so that the navigation system comes to the centre of the handlebars! Otherwise, the mirror is covered. See: Art-No. NH 3/1

Colour: Black

Fits for R1200CL.

GPS Mounting

Handlebar mounting for 24mm or 28mm handlebars + RAM-ball with M10 x 1,25 thread;

CNC-machined for TomTom and Garmin Zumo GPS devices. RAM-ball mount may be used for many other items, too.

Colour: Chrome

Fits for R1200C und R1200CL.

ArtNo.	Description	Price
NH 1/5	GPS Mounting black	€ 34,90

ArtNo.	Description	Price
NH 1/3 c 24	GPS Mounting 24mm	€ 46,00
NH 1/3 c 28	GPS Mounting 28mm	€ 80,90

You need a tank bag, rear seat bag, duffel bag,
inside bag, universal bag or tool bag?

You can find it under **SOFT BAGS** in the catalog
and online: www.mhornig.com

Indicator lenses front + Bulbs

Amber bulbs included, sold in pairs! Fits for R1200CL.

ArtNo.	Description	Price
WLB-47	1 set clear indicator lenses	€ 42,90
WLB-47-S	1 set grey indicator lenses	€ 39,90

Indicator lens

These indicator lenses give your BMW a quite sporty look.

Supplied as pairs, but if you want also as single items.
Amber bulbs included!

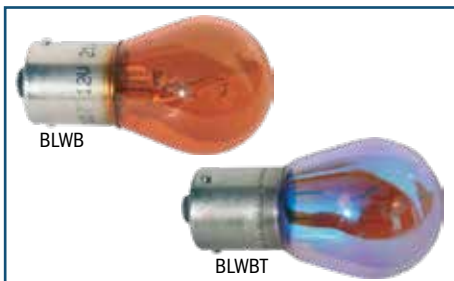

ArtNo.	Description	Price
L30103	1 set clear indicator lens	€ 26,90
L30103-g	1 set grey indicator lens	€ 26,50

Indicator bulb

Either orange or special coating. The special coated one only lights orange when you use the indicator (usually used with transparent lenses). Single.

ArtNo.	Description	Price
BLWB	orange 12V/21W	€ 3,00
BLWBT	special coated 12V/21W	€ 9,95

LED indicators

LED turn signals with E-mark. The offset arrangement of the high-performance LEDs, which glow yellow, allows you to keep the overview even in the dark. The resistor which is necessary for the operation of LED indicators has already been mounted on the insert, keeping the blinking frequency in its original state. Simply replace the original indicator by the LED indicator. One indicator consists of a LED plate and an indicator glass. Shipping includes one set (two indicator glasses and two LED plates). The original screws are used to fix the indicators.

BMW R850C, BMW R1200C, BMW R1200C Independent & Montauk, BMW R1200CL (only rear)

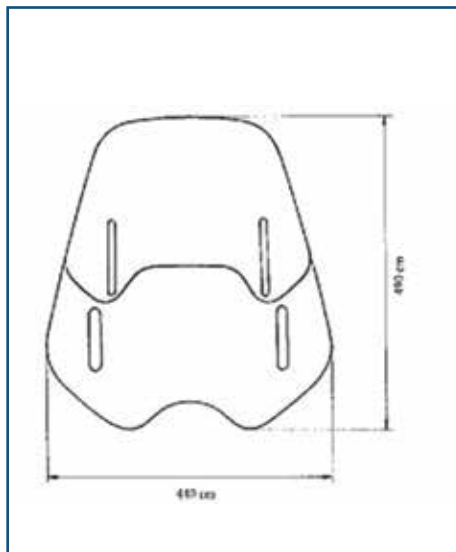

ArtNo.	Description	Price
WLB-41-L-1	White LED indicators	€ 85,90
WLB-41-L-S-1	Grey LED indicators	€ 85,00

LED indicators with chrome housing

These LED indicators have the same form and function as the original indicators and are mounted on the original bracket. These are complete turn signal units with E approval, a transparent lens and integrated resistors for a constant flashing frequency. The LED indicators are connected using the compact connector on the vehicle. The indicators are delivered in pairs (2 pieces). BMW R850C, R1200C, R1200C Independent / Avantgarde / Montauk

ArtNo.	Description	Price
30-1047	LED indicators with chrome housing	€ 109,90

Varioscreen

The windscreen Varioscreen is produced and tailored precisely. All screens are forwarded with the exact mounting (handlebar mount). However, screens and mountings are also available separately.

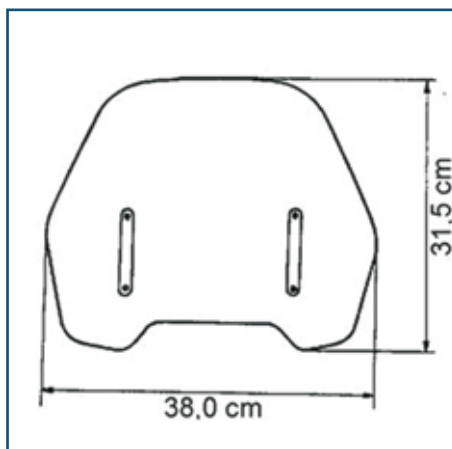

Varioscreen windscreens feature a two-piece construction with a two-point handlebar mount for naked bikes and cruisers. The upper portion of the windscreen can be adjusted (+/- 2 inches) to various heights to suit the rider's taste and smooth out airflow.

R1100/1150RT

built from 1995 to 2001 / since 2001

1085/1130 ccm cylinder capacity

power: 90/98 HP

max. torque 95/100 Nm

Change front and rear seat

The driver's and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm. The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort: Here, the seat is increased in the middle front part to inhibit a cramped position. These alterations enable a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now. The seats are coated with slip resistant material.

Available in three heights
(please note in the comment with the article number):

- 1: like your original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

It is also possible to change a seat with heater.
Your seat gets altered - you have to send it in!
The change takes about 2 weeks.

You can find a flyer with seat conversion examples online at www.mhornig.com!

You must send
your seat
to us!

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 199,00
sitzS	Pillion's seat black	€ 194,00
s-g	Extra charge black-grey (for each seat)	€ 29,00

You need a tank bag, rear seat bag, duffel bag,
inside bag, universal bag or tool bag?
You can find it under SOFT BAGS in the catalog
and online: www.mhornig.com

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and does not give enough grip when they are shifting. This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike.

ArtNo.	Description	Price
0390	anodized	€ 28,50
0395	anodized with o-rings	€ 31,90
19x3	O-Ring (4 pieces)	€ 3,40

Key holder with emblem

Useful key holder made of knurled aluminium, polished on top, with our emblem.

Just slot in the „emergency key“ and fix with a set-screw. 0076 : Also possible to hook in a carabineer.

ArtNo.	Description	Price
0075	polished without eye	€ 25,90
0076	polished with eye	€ 32,50

Brake pedal enlargement

This brake pedal enlargement is nicely machined of aluminium, knurled and anodized. It is quite simple to install - just slip it on and lock in place with a set-screw. Length: circa 5,5cm, diameter: circa 2,4cm.

ArtNo.	Description	Price
0100	Brake pedal enlargement	€ 29,90

Oil filler plug with emblem

There is a drilling in the side of the plug in which you can put a size 3 Allen key or a Torx key T10 (usually found in your BMW toolkit) in order to fit and remove it.

ArtNo.	Description	Price

Either orange or special coating. The special coated one only lights orange when you use the indicator (usually used with transparent lenses). Single.

ArtNo.	Description	Price
BLWB	orange 12V/21W	€ 3,00
BLWBT	special coated 12V/21W	€ 9,95

LED turning signal R1100S

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate.

It is a complete turning signal and has a homologation-which makes it the first road legal LED for BMW bikes!

The LEDs flash yellow. Sold in pairs.

ArtNo.	Description	Price
0917	1 pair with clear lenses	€ 85,20
0917-g	1 pair with grey lenses	€ 85,20

Indicator lens rear R1100S

These clear indicator lenses give your BMW a quite sporty look.

Supplied as pairs, but if you want also as single items.

Amber bulbs included!

ArtNo.	Description	Price
L30103	1 set clear indicator lens	€ 26,90
L30103-g	1 set grey indicator lens	€ 26,90

LED turning signals front R1100S

These LED indicators for the front of the BMW R1100S are sold as a pair and are available in clear or black. They include the position light (parking light). The original indicators are simply replaced by these LED indicators.

The necessary electronic indicator relay is included in the shipment and has to be used for installation. With E-mark. 1 set = 2 LED indicators (for the left and the right side) with relay WLR-05.

ArtNo.	Description	Price
WLB-242-L	1 pair, clear	€ 144,90
WLB-242-L-S	1 pair, black	€ 144,90

LED Taillight R1100S

Complete taillight with integrated LED-board for simple exchange! Road legal.

For bikes with and without ABS (Int. ABS).

ArtNo.	Description	Price
WLL-53-L	clear LED Taillight	€ 102,90
WLL-53-L-S	black LED Taillight	€ 99,90

Carbon Rear Hugger R1100S

Provides ultimate protection for the rear shock absorber. The best fit possible is provided by an aluminium fastener.

Spend less time for cleaning and more time for riding! With ABE.

ArtNo.	Description	Price
010.10.12	Rear Hugger	€ 299,90

Mirror Covers R1100S

If you remove the mirrors of your BMW R1100S and mount mirrors onto the handle bar (like R1100S Boxer-Cup Replika) you will have two holes in the fairing.

You can cover these holes with our GRP (primed) or carbon fiber mirror covers.

Supplied as a pair (left and right).

ArtNo.	Description	Price
1100SGFKLR	GRP Mirror Covers	€ 54,90
1100SCLR	Carbon Fiber Mirror	€ 62,90

Petrol Cap Pad, 3D Carbon Look

Our protection pad is made of high-quality 3M carbon fiber foil which protects your petrol cap or hides scratches. 3 parts, for petrol caps with 6 screws!

BMW R1100S, R1100RS, R1150RS.

ArtNo.	Description	Price
80087	Petrol Cap Pad, 3D Carbon Look	€ 24,00

You must send
your seat
to us!

How do you sit on your motorcycle seat? Do you want to change something in your seat?

Then read through the pages of the catalog **SEAT ALTERATION.**

We will change your seat exactly like you want it to be.

You can find a flyer with seat conversion examples online at www.mhornig.com!

Wolo Very Loud Horn R1100S

This horn ensures with its 115 db that you get the necessary respect and that you will not be overlooked. The horn is perfect for motorcycles, because it is small and easy to install. Because of its E-approval mark it is street legal in the EU.

Horn: 12V 6A (non-stop operation), height 7,5cm; diameter 8,5cm.

ArtNo.	Description	Price
TM80BMW	Wolo Very Loud horn and wiring	€ 69,90

Dash pad R1100S

Dash pad in carbon fibre look. Protects this very visible part of your bike from your key scratches. Scratch-resistant, self-adhesive pad.

ArtNo.	Description	Price
80081	Dash pad big	€ 15,90
80080	Dash pad small	€ 7,50

Spoiler screen R1100S

The spoiler screen is a flat, sport-styled windshield with a deep recess in the centre and a small spoiler in the centre. Height: 330mm.

ArtNo.	Description	Price
S-r1100s-rg	smoke grey	€ 92,90
S-r1100s-k	clear	€ 92,90

Touring screen R1100S

Similar in shape compared to the original windshield, the Touring Screen includes a raised extension approximately 2-3 inches (5-7 cm) taller than the original windshield. Height: 390mm.

ArtNo.	Description	Price
T-r1100s-rg	smoke grey	€ 92,90
T-r1100s-k	clear	€ 92,90

Speedometer trim R1100RS & R1150RS

These rings for your speedometer and your rev counter are an optical improvement for your GS, RT or RS. Just stick on with glue or some silicone. May be removed without residue. Consists of a set of both rings.

ArtNo.	Description	Price
0401	1 set anodized	€ 59,90
s2ml	Silicone 2ml	€ 0,80

Sidestand foot enlargement R1100RS

Feel safer when parking your bike on dirt or asphalt with a sidestand foot enlargement.

More than 100% bigger contact area.

Made of high-quality aluminium.

Black anodized.

Easy to install.

Fits R1100RS.

ArtNo.	Description	Price
0709	Sidestand foot enlargement	€ 33,90

Brake pedal enlargement R1100RS

This brake pedal enlargement is nicely machined of aluminium, knurled and anodized.

It is quite simple to install - just slip it on and lock in place with a set-screw.

Fit for R1100RS.

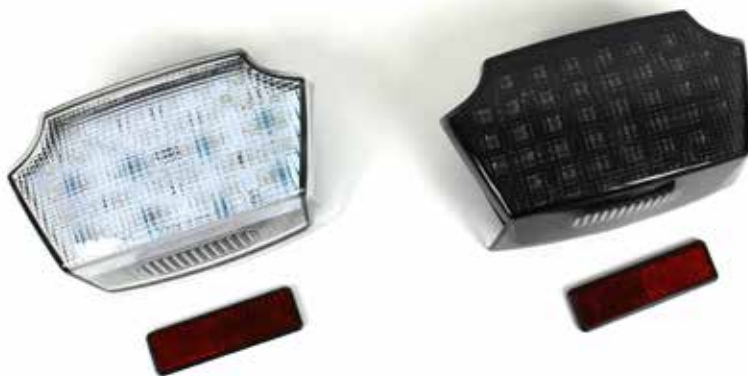

ArtNo.	Description	Price
0100	Brake pedal enlargement	€ 29,90

Mirror Heightening

Our mirror heightenings are the perfect solution if you mainly see your shoulders in the rear mirrors. The mirrors will be moved 2,5 centimeters higher (R1150RS) or 3 centimeters higher (R1100RS) which creates the necessary space in order to improve the view to the back.

ArtNo.	Description	Price
BK 00	Mirror Heightening R1150RS & R1100S	€ 20,20
BK 00lr	Mirror Heightening R1100RS	€ 25,00

LED Rear Light R1100RS & R1150RS

This LED rear light for BMW R1100RS and R1150RS is available in clear and black. The rear light is E-homologated and road legal. A white license plate illumination is included. The original rear light will simply be exchanged.

The installation is easy and fast.

ArtNo.	Description	Price
WLL-490-L	LED Rear Light clear	€ 95,20
WLL-490-L-S	LED Rear Light black	€ 95,20

You need a tank bag, rear seat bag, duffel bag,
inside bag, universal bag or tool bag?

You can find it under **SOFT BAGS** in the catalog
and online: www.mhornig.com

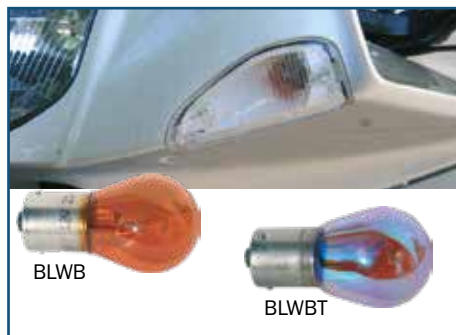

Clear indicator lenses rear

R1100RS & R1150RS

E-homologated! Sold in pairs, amber bulbs included!
Clear lenses fits BMW R1100RS and R1150RS rear.

ArtNo.	Description	Price
WLB-49	Set clear lenses	€ 30,90

Clear lenses front R1100RS & R1150RS

E-homologated! Sold in pairs, amber bulbs included!
Clear lenses fits BMW R1100RS, since 1992 and all R1150RS.

Indicator bulb in orange or special coating. The special coated one only lights orange when you use the indicator. Single.

ArtNo.	Description	Price
WLB-8144003	1 set Clear lenses front	€ 27,90
BLWB	orange 12V/21W	€ 3,00

80086	Dash pad 2	€ 13,90

R1200GS
built 2004-2012

R1200GS Adventure
built 2006-2013

HP2
built since 2005

R1200GS Customisation

We introduce here our conversion of a BMW R1200GS model year 2012 which is the last air cooled Boxer of the GS-Series made by BMW Motorrad. The goal was to show what you can do with a R1200GS with only street legal products of our current product range.

The first must have was a new ZTechnik windshield with EG/ABE (European homologation) with a height of 49cm and a width of 45cm to improve the comfort and ergonomics of the R1200GS. The handlebar was made higher and closer to the rider with our 20mm handlebar risers and in order to improve the rear view a mirror extension was also installed.

We also used our brake- and shift lever enlargements to improve the brake- and shifting comfort, as well as a sidestand foot enlargement to make sure that the R1200GS will stand where you want it to.

To protect the rider and pillion rider from dirt and splash water we used the brand new PUIG mud guard in combination with matt black side panels.

Our comfort and ergonomics package was completed with a custom seat and a tail bag with up to 16 litre volume.

The second big topic for this R1200GS conversion was protection and security. Because of this we mounted fork and cardan crash protectors as well as the great looking ZTechnik crash bar.

The Nautilus horn ensures that you will not be overlooked in dangerous situations, the oil filler plug provides unauthorised access to the engine and the oil cooler screen makes the clean much easier.

For the detailed individualisation we used the material Carbon Fiber. The Carbon Fiber aerial conductor and the side fairings give this R1200GS an unique look. Many little aluminium milled, lathed and anodized products like Telelever end caps, Swingarm covers, rear wheel center hub cover, frame cover and fork end caps emphasise the whole design of the motorcycle.

The necessary sound and more powerful look for our matt black GS are provided by the Sebring Phantom exhaust with a removable DB-Eater.

Rear wheel centre cover

Rear wheel centre lug cover with emblem.

The holes in the covers serve for cooling!
The lower temperature is based on the special angles of the drillings, which cause a more concentrated air flow.
But don't be worried - that does not affect the drivability of your BMW.

ArtNo.	Description	Price
0216	anodized	€ 74,90
0316	black anodized	€ 76,80

Handle Bar Risers 1200GS & Adv. 04-07

Handlebar adapter lifts 40 mm higher and 40 mm nearer, or only 30 mm higher. A change of the brake hose is not necessary with this modification. When using the original BMW fog lamps, you also require our special screw set (01-040-0272-0) for 040-0274 and 040-0274-1.

ArtNo.	Description	Price
K.LAR1200	40mm higher & 40mm closer	€ 120,00
040-0274	30mm higher, black	€ 56,90
040-0274-1	30mm higher, silver	€ 55,00

Handle Bar Risers R1200GS & Adv. 08-12

There are 20mm and 40mm versions of this part, which roughly equates to 3/4 inch and 1-1/2 inch respectively. The 40mm set consists of double blocks and longer bolts as can be seen in the image below. The shape and finish of the risers complements the existing parts well. The ability to turn the upper portions of the clamps by 180 degrees is retained. You need E10 and E12 for the mounting.

ArtNo.	Description	Price
LAR12/08/20	Handle Bar Risers 20mm	€ 44,60
LAR12/08/40	Handle Bar Risers 40mm	€ 64,00

Stickers for side case

These stickers for the side cases give your BMW R1200GS / Adventure a special look and makes it stand out from the crowd. In addition, the stickers also protect your side cases against scratches and sunlight and are therefore the perfect complement for your motorcycle. Shipment includes a sticker set for one side case. If you need stickers for both side cases, please order two sticker sets.

ArtNo.	Description	Price
20216N	Stickers for Vario side case (R1200GS)	€ 44,90
20227N	Stickers for Vario side case Navigator (R1200GS)	€ 44,90
20217N	Stickers for aluminium side case (R1200GS Adventure)	€ 35,90
20228N	Stickers for aluminium side case Navigator (R1200GS Adventure)	€ 35,90

Stickers for top case

These stickers for the top case give your BMW R1200GS / Adventure a special look and makes it stand out from the crowd. In addition, the stickers also protect your top case against scratches and sunlight and are therefore the perfect complement for your motorcycle. Shipment includes a sticker set for one top case.

ArtNo.	Description	Price
20229N	Stickers for Vario top case (R1200GS)	€ 44,90
20230N	Stickers for Vario top case Navigator (R1200GS)	€ 44,90
20231N	Stickers for aluminium top case (R1200GS Adventure)	€ 35,90
20232N	Stickers for aluminium top case Navigator (R1200GS Adventure)	€ 35,90

GPS Mounting (TomTom/Zumo)

Made of high-quality aluminium, CNC-machined and anodized. Easy and quick mounting.

No vibrations.

Always perfect view on the display.

No drilling is necessary.

The windscreen can no longer be tilted completely.

Because of its shape the mounting is perfect for TomTom and ZUMO (don't forget to order the correct adapter).

ArtNo.	Description	Price
44008	GPS Mounting for R1200GS (2004 - 2007)	€ 80,00
44009	GPS Mounting for R1200GS (2008 - 2012)	€ 89,90
Zumo-Ad	This adapter is made for all Garmin SPIII, SP26**, 2720 & Zumo. With this adapter the GPS is 12mm closer to you and it can be moved 7,5mm or 15mm upwards or downwards. You need this option for the Zumo's bus bar. Made of black Pom incl. all screws.	€ 13,90
Zumo-Ad340-350	Adapter for Garmin ZUMO 340, 345, 350, 390, 395 & 396	€ 18,90
tomt-Ad Ed 2	Adapter for TomTom 2nd Edition/Urban Rider Pro/TomTom 2013 LM, TomTom 400, 410, 420, 450, 500 & 550, Incl. screws for mounting in the GPS mount and the TomTom holder.	€ 16,90
ram-1zoll	Adapter for 1" RAM-ball	€ 34,90
Zumo-Ad schraeg	Adapter angular for Garmin Zumo	€ 16,50

GPS Mounting HP2 & HP2 Megamoto

Bolt + RAM-ball with M10 x 1,25 thread.

CNC-machined for TomTom and Garmin Zumo GPS

devices. You can mount all RAM-mounts on the RAM-ball.

Colour: Black

Can only be mounted with the mirror extensions BK 02R!

ArtNo.	Description	Price
NH 1/7	GPS Mounting black	€ 28,00
BK 02R	Mirror extension 1 set	€ 50,90

GPS Mounting Adventure

Easy and fast mounting is possible with our new GPS mounting for BMW R1200GS Adventure 2005-2013. The windscreen can still be used in all positions and you always see your GPS without looking away from the street.

No vibrations!

For Garmin SPIII, SP26**, 2720, Zumo 550, Zumo 660, Nüvi and all BMW Navigators. GPS SP26** & 2720 owners will need to purchase the Garmin motorcycle mount (see pictures).

Colour: Anodized silver

In order to provide the necessary distance from the screen you need the Zumo adapter (article no.: Zumo-Ad) for all Garmin and BMW Navigators.

ArtNo.	Description	Price
44002	GPS Mounting for R1200GS Adventure 2005-2013	€ 45,00
Zumo-Ad	This adapter is made for all Garmin SPIII, SP26**, 2720 & Zumo. With this adapter the GPS is 12mm closer to you and it can be moved 7,5mm or 15mm upwards or downwards. You need this option for the Zumo's bus bar. Made of black Pom incl. all screws.	€ 13,90
Zumo-Ad340-350	Adapter for Garmin ZUMO 340, 345, 350, 390, 395 & 396	€ 18,90
tomt-Ad Ed 2	Adapter for TomTom 2nd Edition/Urban Rider Pro/TomTom 2013 LM, TomTom 400, 410, 420, 450, 500 & 550, Incl. screws for mounting in the GPS mount and the TomTom holder.	€ 16,90
ram-1zoll	Adapter for 1" RAM-ball	€ 34,90

Mirror Extensions

Our mirror extensions are the perfect solution if you mainly see your shoulders in the mirrors. The mirrors will be moved a few centimetres outwards in order to improve the view to the rear.

ArtNo.	Description	Price
BK 02	Mirror extensions (M10) R1200GS & Adv.	€ 50,90

Swing arm pivot cover

These covers are the perfect replacement for the original plastic caps. Made of high-quality and very light aluminium. Design B right & left only for HP2 (2 pieces are required).

ArtNo.	Description	Price
Design B for R1200GS, Adv.		
0-4-35	right anodized	€ 19,50

0513	Cover rear anodized	€ 8,10

Centre cap top yoke

This part is an optical improvement for your top yoke as it is made of robust aluminium with an emblem. An integrated o-ring ensures a snug fit.

ArtNo.	Description	Price
0260	anodized	€ 26,00
0262	black anodized	€ 25,00
0265	anodized (without emblem)	€ 24,90

Crash bars R1200GS 2004-2009

These stainless steel engine guards will, unlike powder-coated steel guards, never rust. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts, not the engine covers, to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!

ArtNo.	Description	Price
Z7101	Stainless Steel Crash bars	€ 370,00

Engine cover

Made of 3mm aluminium with the latest laser-cutting and bending technology. Available in 2 versions (with/without grid) with 2 colours (natural/black anodized).

Easy and fast mounting to the original attachment points.

1 set (for left & right side) incl. fasteners and install instructions.

Note: Not in combination with a crash bar.

Fits all R1200GS bikes from 2004-2009!

ArtNo.	Description	Price
0620	1 set anodized	€ 103,60
0621	1 set black anodized	€ 105,00

0719-20	Heightening R1200GS 08-12 lowered	€ 14,90

Wolo Very Loud Horn

The Wolo Very Loud Horn ensures with its 115 db (measured at a distance of 1 meter) that you get the necessary respect and that you won't be overlooked. The horn is perfect for motorcycles because it is small and easy to install. With E-approval. 12V 6A (non-stop operation), Height 7,5cm; Diameter 8,5cm

ArtNo.	Description	Price
TM80BMW	R1200GS & Adv 2004-2007, without ESA	€ 69,90
TM80K-12GS08-	R1200GS 2008-2012	€ 74,90

Axle pivot Cover

This cover for the axle pivot for all new R1200, K1200 and K1300 bikes gives a nice looking finish to the rear end and gives your motorcycle a classy look.

ArtNo.	Description	Price
0172	anodized	€ 23,10
0272	black anodized	€ 23,00

Twin Tone Horn

The Twin Tone Horn ensures with its 123,5 db that you get the necessary respect and that you won't be overlooked.

The horn is perfect for motorcycles because it is small and easy to install. Because of its E-approval mark it is street legal in the EU. We offer also a mounting kit for the Twin Tone Horn. This mounting kit consists of a stainless steel mounting fitting for your BMW R1200GS and the necessary ready-to-install wiring. If you have a bike with ESA, the horn will only fit if the servomotor is mounted at the side of the spring.

Horn: 12V 14A (non-stop operation), Height 12cm; Width 13cm; Depth 8cm

Doesn't fit for the lowered version of the R1200GS!
Doesn't work for models with alarm system if the alarm system uses the original horn!

ArtNo.	Description	Price
11690120	Twin Tone Horn	€ 44,90
11690120R12GSalt	Mounting and wiring (without horn) 04-07	€ 49,90
11690120R12GS	Mounting and wiring (without horn) 08-*	€ 54,00

Fork Crash Protectors

These crash protectors for forks are made of CNC-lathed plastic (POM). The mounting is made of CNC-milled and anodized aluminium.

These crash protectors provide additional protection for your fork.

Shipment includes the crash protectors (left and right) and the mounting.

ArtNo.	Description	Price
FP101	Fork Crash Protectors	€ 68,90

Stainless Steel Crash bars DOHC

These stainless steel engine guards will, unlike powder-coated steel guards, never rust. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts, not the engine covers, to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine! BMW R1200GS 2010-2012.

ArtNo.	Description	Price
Z7102	Stainless Steel Crash bars	€ 360,00

LED turning signals

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate. It is a complete turning signal and has a homologation which makes it the first road legal LED for BMW bikes! The LEDs flash yellow. Sold in pairs (for left and right). Not compatible with BMW LED turning signals.

ArtNo.	Description	Price
01006	1 pair of LED turning signals with clear lenses	€ 85,00
01006-g	1 pair of LED turning signals with grey lenses	€ 85,90

Indicator lens

Indicator lenses. Sold in a set (2 pieces). If you want, you can also order them as single items. With E-mark, so they are homologated for the EU. Shipping: 2 lenses incl. orange bulbs.

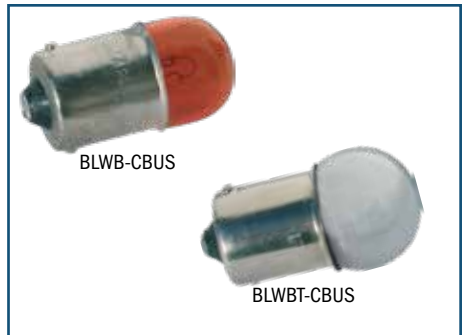

ArtNo.	Description	Price
CTS-0037	Clear indicator lens	€ 23,50
CTS-0037-g	Grey indicator lens	€ 22,90
3552-778-1	4 lens head screws	€ 1,90

Indicator bulb

Either orange or special coated. The special coated one only lights orange when you use the indicator (usually used with transparent lenses). Single.

ArtNo.	Description	Price
BLWB-CBUS	orange 12V/10W	€ 3,00
BLWBT-CBUS	special coated 12V/10W	€ 6,00

Clear taillight lens

White rear light with long-life LEDs. Super optics, quick installation and with E-mark. The LED rear light gives your motorcycle an entirely new appearance. You do not need to worry anymore that the lamp in the rear light may be broken, which would make you an accident risk.

ArtNo.	Description	Price
TT.044-0395	Clear taillight lens + LED	€ 79,90
0867	White taillight lens + LED	€ 69,00

Clear lens + LED HP2

Far brighter than the standard set-up!

Fitted in seconds by anyone.

Features red high-intensity LEDs

Fits for HP2.

ArtNo.	Description	Price
40106-01	Without Integral ABS	€ 92,50

Adjustable Gear Lever

The adjustable gear lever for the BMW R1200GS and R1200GS Adventure is made of high-quality materials and convinces due to its trendy design. The lever consists of two pieces and is made of CNC-milled aluminium (scratch-resistant thanks to hardcoat finishing). It is infinitely adjustable which considerably improves ergonomics while driving. A spring lock ensures functionality, even after a fall over. No street homologation necessary!

ArtNo.	Description	Price
FSC.07.352.10000	Adjustable Gear Lever	€ 150,00

GS Sticker

These GS stickers fit perfectly into the GS stamping of the R1200GS, but they can also be used on all GS bikes. Available colours are red, black and silver. The silver GS sticker fits perfectly to carbon fibre items.

One set of GS stickers includes two stickers, one for the left and one for the right side.

ArtNo.	Description	Price
GS-red	GS Sticker red	€ 10,30
GS-black	GS Sticker black	€ 10,30
GS-silver	GS Sticker silver	€ 10,30

Stainless steel end weight

These end weights are made of stainless steel and create a noble look for your bike. Included are two S/S-end weights.

Stainless steel: 260 gram each.

R1200GS 2004-2012,

R1200GS Adventure 2005-2013.

ArtNo.	Description	Price
0452	Stainless steel end weights	€ 49,90

Dash pad

Carbon look. Protects this very visible part of your bike from your keys and enhances its appearance with this scratch-resistant, self-adhesive pad.

ArtNo.	Description	Price
80069	Dash pad R1200GS 04-07	€ 7,40
80063	Dash pad R1200GS 08-12	€ 8,70

Carbon Reservoir Cover Kit

Cover kit for reservoirs of brake and clutch fluid reservoirs with carbon surface. The carbon fibre parts are precisely shaped and are to be fitted by glue.

ArtNo.	Description	Price
400.10.40	1 set reservoir covers	€ 59,00
s2ml	Silicone 2ml	€ 0,80

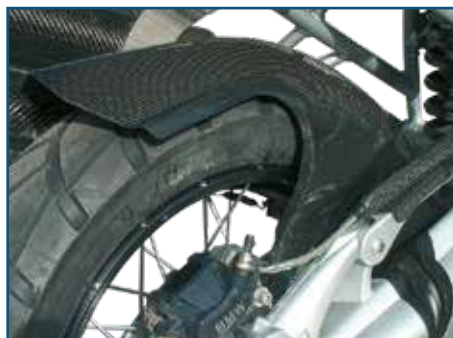

Carbon Aerial Conductor

Fits for R1200GS 08-12 & Adv. 08-13.

You can very easily enhance the original aerial conductor with our carbon fibre aerial conductor and improve the whole design of your bike. You just glue the carbon aerial conductor onto the original plastic version.

ArtNo.	Description	Price
250.10.14	Aerial conductor	€ 59,00
s10ml	Silicone 10ml	€ 1,00

Carbon Rear Hugger

Provides ultimate protection for the rear shock absorber!
Spend less time for cleaning and more time for riding!
The best possible fit is provided by an stainless steel fastener, with or without ESA.

If you ride your BMW R1200GS with side cases, you need special clamps for the luggage rack (see product choice below).

With EU-homologation.

ArtNo.	Description	Price
KHO.061.120GS.K	Rear Hugger GSA and GS without ESA	€ 270,00
KHO.063.120GS.K	Rear Hugger for GSA and GS with ESA	€ 279,90
SKO.062.120GS.A	Set (2) clamps for Luggage rack GS	€ 46,90
SKO.063.12GSA.A	Set (2) Clamps for Caseholder GS Adventure	€ 45,00

Rear Hugger

Fits between the rear shock and wheel and extends rearwards to finish near the end of the exhaust.
Designed specifically to keep road debris and water from the backs of the rider's and/or the passenger's legs, shock, gearbox, battery and centre stand. Developed for the street, but also suitable for off-road to a limited extent.

If you ride your BMW R1200GS with side cases, you need special clamps for the luggage rack.

Fits R1200GS 04-12 and Adv. 05-13.

There is a video for this product online: www.mhornig.com

ArtNo.	Description	Price
40089	Rear hugger black primed	€ 204,00
SKO.062.120GS.A	Set (2) clamps for luggage rack GS	€ 46,90
SKO.063.12GSA.A	Set (2) clamps for caseholder GS Adventure	€ 45,00

Frame cover

This cover for the open hole beyond the swing arm pivot is made of aluminium and available in different versions. It gets fixed on the right side.

ArtNo.	Description	Price
0440	anodized	€ 14,90
0441	black anodized	€ 14,90

Cylinder Protection

This cylinder protection protects your cylinders against stone-chippings and damages due to downfalls. The covers are especially adjusted to the shape of the valve covers and have a deadening rubber inlay on their inner side. The silver basic frame is made of lasered and brushed alu while the black pad is made of CNC-milled alu. R1200GS (10-12) & R1200GS Adv. (10-13).

ArtNo.	Description	Price
MSS.07.754.10000/S	Cylinder protection	€ 200,00

Handlebar Risers with Offset

Fits for R1200GS 08-12 & R1200GS Adventure 08-13.

Raising the handlebar by 20mm results in a more upright, much more relaxed seating position. Moreover, the handlebar is brought 30mm closer to the rider which additionally improves driving comfort. No need for long cables or brake cables! With EU street homologation!

ArtNo.	Description	Price
23569	Handlebar Risers 20/30mm	€ 99,95

ABS resin mud guard

This solid rear hugger is made of ABS resin plastics and provides perfect protection for your suspension, your exhaust, your header and for the whole rear part of your bike. Not to forget your pillion rider! Everything you need to install it is included. With ABE (European homologation).

ArtNo.	Description	Price
5055N	ABS resin mud guard	€ 202,90

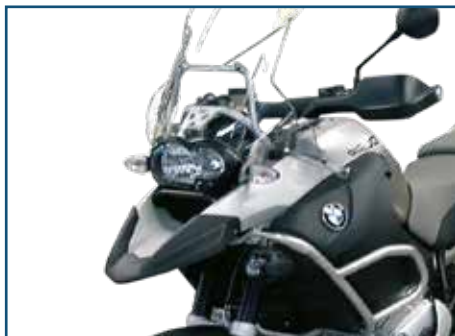

Beak enlargement

Give your GS a very sporty and distinctive look with this beak enlargement.

It is very easy to install without any modifications.

ArtNo.	Description	Price
7694390	Beak enlargement for R1200GS 04-07	€ 70,20
7705386	Beak enlargement for R1200GS 08-12	€ 80,10

Extenda Fender

The rear section of the front fender is not long enough to effectively keep road debris off the exhaust and off the front of the engine. The fender extender solves this problem effectively and elegantly. Made of tough ABS plastic the extender attaches to the original fender with expanding rivets which are of course included.

ArtNo.	Description	Price
054160	Extenda Fender	€ 32,00

Auxiliary bag below the luggage rack

There is quite a bit of space available below the large luggage rack on the R1200GS. We have designed a water-repellent and dirt-resistant bag to fit perfectly into this space. There is space here for a spare pair of gloves or some additional camping gear. Dimensions (LxWxH): 18x25x9 cm
Volume: approx. 2 litres.

ArtNo.	Description	Price
0551226	Auxiliary bag	€ 52,90

Under Seat Bag Set R1200GS & Adv.

Our under seat bag set is completely manufactured from waterproof material and a waterproof zipper. You mount the bags with two high-quality Velcro straps and one quick fastener on the backside of your frame. These bags fit exactly to the R1200GS's frame under the rider seat.

The bags offer lots of space where you can store small things, tools and much more. Sold as a pair (for left and right).

ArtNo.	Description	Price
705052	Under Seat Bag Set	€ 93,50

Swingarm stickers

Give your R1200GS & Adventure a more competitive look with these swingarm stickers and choose the colour that best suits your bike. The stickers are available in white, gold and black and assure a long-lasting visual improvement for your bike thanks to their high-quality, scratch-resistant back printing.

ArtNo.	Description	Price
20152B	Swingarm stickers white	€ 27,90
201520	Swingarm stickers gold	€ 28,00
20152N	Swingarm stickers black	€ 28,00

You can find exhausts from Shark and Hurric and suspensions front & rear for the R1200GS, Adv. and HP2 online: www.mhornig.com

Handlebar Risers with Offset R1200GS (2004-2007) & R1200GS Adventure (2005-2008)

Raising the handlebar by 30mm results in a more upright, much more relaxed seating position. Moreover, the handlebar is brought 15mm closer to the rider which additionally improves driving comfort.

The handlebar riser also makes riding while standing less tiring, which is of tremendous benefit to taller riders in particular.

The overall result is a noticeable increase in stamina and concentration. Long stretches on the motorway are less nerve-racking, and even fast, difficult off-road sections are easier to handle.

Easy to fit in minutes. No need for long cables or brake cables! Fits on original handlebar.

ArtNo.	Description	Price
26877	30/15mm silver	€ 99,95
26877-S	30/15mm black	€ 99,95

Frame cover Rallye

This cover for the open hole beyond the swingarm pivot is made of aluminium and available in red painted. It gets fixed on the right side.

ArtNo.	Description	Price
0418	Frame cover	€ 15,90

Swing arm pivot cover Rallye

These covers are the perfect replacement for the original plastic caps. They are made of high-quality and very light aluminium. For the BMW R1200GS Rallye we made a special edition in red.

Shipment: a set for left and right side.

ArtNo.	Description	Price
0417	Swing arm pivot covers	€ 40,90

Air Deflector

These air deflectors for the left and the right side help to keep the wind off your arms and shoulders. Sold in a set for the left and the right.

The holes for the screws do not exist in the original fairing of the R1200GS, but are very easily drilled.

ArtNo.	Description	Price
399+400	Air deflector	€ 61,90
ha-windabw-r12gs	Fastening for the air deflectors	€ 7,50

Windscreen Adventure

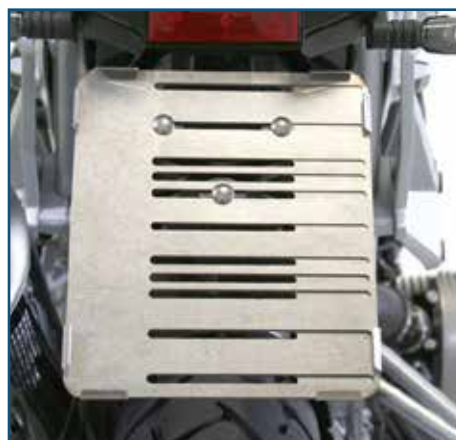

This windscreen is not only wider in the lower part than the original one, but also higher.

That means this windscreen provides perfect protection for longer tours with a real off-road optic.

Dimensions: height 465mm; width top 385mm; width middle 340mm; width „bottom“ 510mm.

The fastening for the R1200GS must be ordered separately (Art-no.: 699349).

ArtNo.	Description	Price
703196	Windscreen Adv. clear	€ 305,90
7708532	Windscreen Adv. smoke grey	€ 345,90
699349	Frame, truss and fastening set for R1200GS	€ 259,90

Licence plate bracket stainless steel adjustable

This adjustable licence plate bracket is made of high-quality stainless steel. You can adjust the width from 18 to 28 cm. The height of the licence plate is 20,3 cm. Long slots are milled into the licence plate bracket, which make it possible to mount it on all motorcycles. ATTENTION: Width 18-28cm and height 20,3cm are the sizes of German license plates! Foreign license plates have usually different sizes!

ArtNo.	Description	Price
18-28	Licence plate bracket	€ 32,00

V-Stream Windshield

The „V-Stream“ windshield sets new standards for design, technology and comfort.

Made of Quantum/Lexan Polycarbonate which is 10x more scratch-resistant than usual acrylic.

Windshield V-Stream, clear, with homologation, for R1200GS bikes 2004-2012.

ArtNo.	Description	Price
115108	Clear, Height 41cm, Width 41cm	€ 229,90
Z2414	Clear, Height 49cm, Width 45cm	€ 284,90

Change front & rear seat

For all R1200GS & Adv. bikes

The driver's and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm. The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort: Here, the seat is increased in the middle front part to inhibit a cramped position. These alterations lead to a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now. You can find a flyer with seat conversion examples online at www.mhornig.com!

The change takes about 2 weeks.

Available in three heights

(please note in the comment with the article number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 199,00
sitzS	Pillion seat black	€ 194,00

**You must send
your seat
to us!**

Change one-piece seat

A distinct fluting (middle of the seat is deepened) releases the driver's tailbone and disperses the driver's weight all over his bottom. Also, the seat gets broadened for about 15 mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting.

Special contours for the pillion's seat avoid slipping when the driver has to brake.

You can find a flyer with seat conversion examples online at www.mhornig.com!

Available in three heights

(please note in the comment with number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

ArtNo.	Description	Price
sb	Change one-piece seat black	€ 299,00

BF11	Mounting for R1200/1250GS	€ 15,00
BF17	Mounting for R1200GS Adv.	€ 15,50

Alteration of your front & rear seat

The driver's and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort:

Here, the seat is increased in the middle front part to inhibit a cramped position.

These alterations lead to a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now.

Available in three heights (please fill out your spec sheet):

1: like the original one

2: lower (- ca. 25mm)

3: higher (+ ca. 25mm)

Your seat gets altered - you have to send it in!

The change takes about 2 weeks.

You can find a flyer with seat conversion examples online at www.mhornig.com!

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 199,00
sitzS	Pillion's seat black	€ 194,00
sitz.name	Your name instead of Hornig	€ 100,10

Under Seat Bag Set

Our under seat bag set is completely manufactured from waterproof material and a waterproof zipper. You mount the bags with two high-quality Velcro straps and one quick fastener on the backside of your frame. These bags fit exactly to the R1200GS's frame under the rider seat.

The bags offer lots of space where you can store small things, tools and much more.

Sold as a pair (for left and right). BMW R1200GS LC, R1200GS Adv. LC, R1250GS & Adv.

ArtNo.	Description	Price
705053	Under Seat Bag Set	€ 90,00

TRK52N

TRK33N

TRK46N

GIVI Trekker Topcase

Available in three versions, with capacities of 52 litres (TRK52N), 46 litres (TRK46N) and 33 litres (TRK33N). Thanks to special selectors placed inside the bags (46 and 33 LT), you can convert each version either to fully open the entire lid or only the uppermost smaller opening (very practical for quickly accessing items from the bag). Elaborately trimmed in steel foil, these bags are not necessarily specific to just enduro bikes, they can also be a luxurious accessory on the elegant motorcycles. This peculiar diversity sold in a single unique package gives the customer the opportunity to choose the best combination to mount on the bike in order to suit his/her space needs.

BMW R1200GS LC, R1200GS Adv. LC, R1250GS & Adv.

Does not fit on the original BMW topcase mounting. You also need the GIVI topcase mounting.

Handlebar Risers with Offset

Raising the handlebar by 30mm results in a more upright, much more relaxed seating position. Moreover, the handlebar is brought 24mm closer to the rider which additionally improves driving comfort. The handlebar riser also makes riding while standing less tiring, which is of tremendous benefit to taller riders in particular. No need for long cables or brake cables! Fits on original 32mm handlebar. With EU street homologation! BMW R1200GS LC, R1200GS Adv. LC, R1250GS & Adv.

ArtNo.	Description	Price
25320	Handlebar Risers 30/24mm	€ 89,95

Adjustable Gear Lever

The adjustable gear lever for the BMW R1200GS LC, R1200GS Adv. LC, R1250GS & Adv is made of high-quality materials and convinces due to its trendy design. The lever consists of two pieces and is made of CNC-milled aluminium (scratch-resistant thanks to hardcoat finishing). It is infinitely adjustable which considerably improves ergonomics while driving. A spring lock ensures functionality, even after a fall over. No street homologation necessary!

ArtNo.	Description	Price
FSC.07.781.10000	Adjustable Gear Lever	€ 150,00

Small deflector

R1200GS 2013-2016 & R1200GS ADV.

Those small deflectors are available in smoked grey or black. The original one is always clear. You can order those small deflectors in the matching colour to your smoked grey or black windshield. A perfect little detail. It replaces the original part. Does not fit for R1200GS LC Rallye!

ArtNo.	Description	Price
7550H	Smoke grey	€ 26,90
7550F	Black	€ 27,00

Windscreen Stabilizer Kit

The stabilizer kit securely supports even the tallest Ztechnik touring size windscreen. It also works with all OEM and aftermarket windscreens currently available. The stabilizer bracket installs easily and is fully compatible with the OEM windscreen height adjust hardware. Simply loosen the two stabilizer knobs, adjust the windscreen like you normally do, re-tighten the two knobs, and off you go.

BMW R1200GS LC, R1200GS Adv. LC, R1250GS & Adv.

ArtNo.	Description	Price
Z5220	Stabilizer Kit	€ 92,90

Frame Infill Panels

The frame infill panels are supplied as a set of three. One for the left hand side, two for the right hand side. They have a satin-smooth surface finish. They have been specifically designed to reduce the spray that is thrown up by the back wheel and onto a pillion passenger's legs or any installed pillion panniers. BMW R1200GS LC, R1200GS Adv. LC, R1250GS & Adv.

Handlebar Risers R1200R 05-10

Handlebars rise by 25 mm for R1200R.

- For an upright and relaxed riding position
- Less strain on shoulders and wrists
- For sport bikes: Better standing, less exhaustive riding
- EG/ABE street homologation

When using the original BMW fog lamps, you also need our special screw-set (01-040-0272-0).

ArtNo.	Description	Price
040-0265	25mm black	€ 59,90
610-0010	Risers 25mm silver	€ 59,90
040-0272	Special screw-set	€ 20,90

Handlebar risers R1200R 11-14

You will notice a definite decrease in the stress on your wrists and shoulders. Your trip will be safer; you will arrive more relaxed.

The riser is installed between the handlebars and the upper fork brace. The longer screws required are included in the kit.

Included:

Handlebar riser, 20 mm high on the left and right, longer mounting screws, installation instructions, technical component report

ArtNo.	Description	Price
610-5255	Handlebar risers 20mm	€ 69,90
01-610-5365-0	Front steel braided brake line 3 cm longer (only fits for R1200R with ABS!)	€ 54,90

Twin Tone Horn R1200R 05-14

The Nautilus horn ensures with its 123,5 db that you get the necessary respect and that you will not be overlooked. Because of its E-approval mark it is street legal in the EU.

We offer also a mounting kit for the horn. This mounting kit consists of a stainless steel mounting fitting for your BMW R1200R and the necessary ready-to-install wiring.

ArtNo.	Description	Price
11690120	Twin tone horn	€ 44,90
11690120R12R	Mounting and wiring (without horn)	€ 49,90

Crash bars

Our crash bars are made of high-quality steel and are especially designed for your R 1200 R 2005-2014. The crash bars are designed to be very robust and provide an equal distribution of the forces to ensure that you and your bike are protected in the best possible way.

Crash bars offer a very good protection, but they can reduce the lean angle.

ArtNo.	Description	Price
SBL.07.606.10000/B	black	€ 210,00

Stainless Steel Crash bars DOHC

R1200R 11-14

These stainless steel engine guards will, unlike powder-coated steel guards, never rust. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts, not the engine covers, to protect the engine heads and not destroy them. Integrated top brackets on each guard allow the rider to mount accessory lights, video cameras, or whatever they can imagine!

BMW R1200R 2011-2014

ArtNo.	Description	Price
Z7102	Stainless Steel Crash bars	€ 360,00

Back lifter

Slide the rubber coated pipe of the back lifter into the final drive of your BMW and lift it up. Easy to use by one person and a very stable support for the bike. Made of high-quality steel. Diameter 42mm, zinc-plated. The diameter of the rubber is 52,5mm. R1200R 05-14, RnineT, RnineT Scrambler, Pure, Racer & Urban G/S.

ArtNo.	Description	Price
BT.heck-lifter	Back lifter	€ 99,90

Taillight R1200R 05-14

The taillight with LED is available in clear with E-mark. It is very easy to install and fits perfectly.

ArtNo.	Description	Price
WLL-87-L	Clear lens with LED	€ 102,90

LED turning signals R1200R 05-14

Awesome brightness, fitted in seconds and including electronics on the back of the panel to ensure the correct flash rate. It is a complete turning signal and has a homologation which makes it the first road legal LED for BMW bikes! The LEDs flash yellow. Not compatible with BMW LED turning signals. Sold in pairs (for left and right).

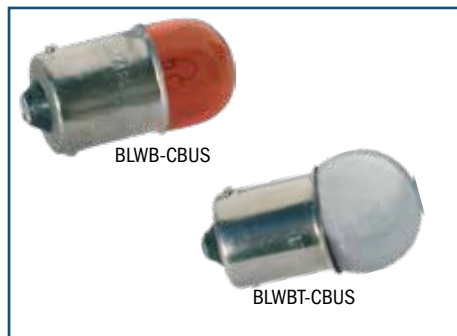

ArtNo.	Description	Price
01006	1 pair of LED turning signals with clear lenses	€ 85,00
01006-g	1 pair of LED turning signals with grey lenses	€ 85,90

Indicator lens R1200R 05-14

Clear indicator lenses. Sold in a set (2 pieces). With E-Mark, so they are homologated for the EU. Shipping: 2 lenses incl. orange bulbs. Screws that are too long will break the lense!

ArtNo.	Description	Price
CTS-0037	Clear indicator lens	€ 23,50
CTS-0037-g	Grey indicator lens	€ 22,90
3552-778-1	4 lens head screws	€ 1,90

Indicator bulb

Either orange or special coated. The special coated one only lights orange when you use the indicator (usually used with transparent lenses). Single.

ArtNo.	Description	Price
BLWB-CBUS	orange 12V/10W	€ 2,80
BLWBT-CBUS	special coated 12V/10W	€ 6,00

Rear Hugger

Fits between the rear shock and wheel and extends rearwards to end near the end of the exhaust. Designed specifically to keep road debris and water from the backs of riders/passengers legs, shock, gearbox, battery and so on. It can be painted in any colour you like and fits 180 and 190 tyres. R1200R 05-14 & RnineT, RnineT Scrambler, Pure, Racer.

ArtNo.	Description	Price
40095	Rear Hugger black primed	€ 205,00

Rear seat cover R1200R

Specifically designed cover for the pillion seat made of high-quality glass fibre. Gives your BMW R1200R a very sporty look. Note: article number 40211 only fits for original seats up to year 2007, article number 40212 fits original seats MY 2008-*. Remove the seat, slide on the rear seat cover and mount the seat again (not for comfort seats!).

ArtNo.	Description	Price
40211	Cover for pillion seat 05-07	€ 159,00
40212	Cover for pillion seat 08-14	€ 164,90

Engine Spoiler R1200R 05-14

Our engine spoiler is especially designed for your R1200R and made of high-quality glass fibre reinforced synthetic material and black primed. Because of our elaborate mounting systems it is very easy to install.

Incl. all fasteners and install instructions.

Note: The angle freedom is somewhat restricted.

If you have no silicone you can also order our high-quality silicone which is pre-filled in the volume you need and easy to apply.

ArtNo.	Description	Price
40213	GRP engine spoiler	€ 414,90
40111	Grid for the waterworks	€ 20,00
s10ml	Silicone 10ml (you need it 2x)	€ 1,00

Fork Crash Protectors

These crash protectors for forks are made of CNC-lathed plastic (POM). The mounting is made of CNC-milled and anodized aluminium. These crash protectors provide additional protection for your fork. Shipment includes the crash protectors (left and right) and the mounting.

ArtNo.	Description	Price
FP101	R1200R & RnineT 14-16	€ 68,90
FP102	RnineT 2016-2020, RnineT Scrambler (-2020), Pure (-2020), Racer & Urban G/S (-2020)	€ 68,90

Cardan Crash Protector

This crash protector for the cardan is made of CNC-lathed plastic. This crash protector provides additional protection for your motorcycle. You install the crash protector or pad on your cardan with a stainless steel screw and an expansion holder. R1200R 05-14, RnineT, RnineT Scrambler, Pure, Racer & Urban G/S.

ArtNo.	Description	Price
059-27	Cardan-Crash-Protector	€ 42,90

Carbon Rear Mudguard

Provides ultimate protection for the rear shock absorber! Spend less time for cleaning - more time for riding! The best possible fit is provided by a stainless steel fastener. Fits 180 and 190 rear tyres.

ArtNo.	Description	Price
KHO.001.R120S.K	R1200R 05-10	€ 299,90

Retro Infill Panels RnineT

These retro infill panels for your BMW RnineT, RnineT Scrambler, Racer, Pure & Urban G/S are made of aluminium and are a true highlight on your motorcycle. The side covers combine functionality and a trendy retro design by protecting the driver as well as the motorcycle against dirt and splash water and giving a special classical look to your BMW. Set for the left and the right side.

ArtNo.	Description	Price
9590P	Retro Infill Panels	€ 133,90

Dash pad R1200R

Carbon look. Protects this very visible part of your bike from your keys and enhances its appearance with this scratch-resistant, self-adhesive pad.

ArtNo.	Description	Price
80063	2005-2010	€ 9,70
80073	2011-2014	€ 10,00

Crash bars

Our crash bars are made of high-quality steel and are especially designed for your BMW RnineT. The crash bars are designed to be very robust and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way. Crash bars offer a very good protection, but they can reduce the cornering angle.

RnineT, RnineT Scrambler, Racer & Urban G/S

ArtNo.	Description	Price
7095N	Crash bars black	€ 181,00

Suitcase Flat Lids R1200R 05-14

Sold as pair (for left and right side). These lids are designed for urban mobility. No more trouble in the traffic. We wished to reduce the original suitcase's thickness for an easier driving between cars in urban area. Thickness: original BMW lid 20cm vs. 5cm Suitcase Flat Lids
The total motorcycle width reduction is 30 cm

Material: GFK plastics.

Colour: glossy black (grounded, ready for painting)

ArtNo.	Description	Price
HRSSAC000122	Suitcase Flat Lids	€ 359,90

Carbon Reservoir-Cover Kit

Cover kit for reservoirs of brake and clutch fluid with carbon surface. The carbon fibre parts are precisely shaped and are to be fitted by glue.

ArtNo.	Description	Price
400.10.40	1 set reservoir covers	€ 59,00

power: 136 HP

max. torque 143 Nm at 6.250 rpm

Rear wheel centre cover

Rear wheel centre lug cover with emblem.

The holes in the covers serve for cooling!
The lower temperature is based on the special angles of the drillings, which cause a more concentrated air flow.
But don't be worried - it does not affect the drivability of your BMW.

ArtNo.	Description	Price
0216	anodized	€ 74,90
0316	black anodized	€ 76,80

Cardan Crash Protector

This crash protector for the cardan is made of CNC-lathed plastic. This crash protector provides additional protection for your motorcycle. You install the crash protector or pad on your cardan with a stainless steel screw and an expansion holder.

0016	black anodized	€ 24,50

Brake Pedal Enlargement

It is nicely machined of aluminum and natural anodized.
The surface is slotted in order to avoid slipping. This
enlargement simply slips on and is held in place with two
set-screws. Length: circa 6,5 cm, Width: circa 2,9 cm.

ArtNo.	Description	Price
0103	Brake Pedal Enlargement	€ 35,90

GPS Mount R1250RS

In order to mount BMW Navigators, you need part number
44018. For Garmin Zumo 550, Zumo 590, Zumo 595,
Zumo 660 & Nüvi you also need part number 44004. For
TomTom GPS systems, please order our special adapter
(tomt-Ad Ed 2) in addition to part no. 44018 and 44004.
If handlebar risers are installed you need part no. 44004
and the Zumo adapter (Zumo-Ad) in addition to part no.
44018 in order to mount BMW Navigators and Garmin
devices.

ArtNo.	Description	Price
44018	GPS mount	€ 74,90

Shift lever extension

Many BMW riders think that their shift lever is a little too
thin and does not give enough grip when they are shifting.
This enlarger will solve this problem for you as it offers
more grip and a more sporty look for your bike. Available
in anodized.

ArtNo.	Description	Price
0390	anodized	€ 28,50
0395	anodized with o-rings	€ 31,90
19x3	O-ring (4 pieces)	€ 3,40

Handlebar risers

This handlebar riser for your BMW R1200R LC (2015-) & R1200RS lets you sit up straighter and be more comfortable on longer rides. You will notice a definite decrease in the stress on your wrists and shoulders. Your trip will be safer, you will arrive more relaxed. The riser is installed between the handlebar and the upper fork brace. The longer screws that are required are included in the kit.

Materials: - Made of aluminium - Silver anodised - High-strength, stainless steel screws

What's included: - Handlebar riser, 25 mm high on the left and right - longer mounting screws - installation instructions - street homologation

You can order special screws (article no. 31002) for the BMW GPS mounting.

ArtNo.	Description	Price
31000	Handlebar risers 25mm	€ 82,90
31002	Special screw-set	€ 34,90

Sidestand foot enlargement

Feel safer when parking your bike on dirt or asphalt with a side stand foot enlargement.

More than 100% bigger contact area.

Made of high-quality aluminium.

Black anodized.

Easy to install.

ArtNo.	Description	Price
0729-2	Sidestand foot enlargement	€ 34,90

GPS Mounting

You screw the GPS-ball into the upper triple clamp. The screw is 60/70mm long with a M8 thread. Then you can mount many different GPS mounts to it, for example RAM-mounts or the mounts we offer in the category „Navigation and Communication“.

ArtNo.	Description	Price
NH 1-10	GPS Mounting	€ 25,90

ABS resin mud guard

This solid rear hugger is made of ABS resin plastics and provides perfect protection for your suspension, your exhaust, your header and for the whole rear part of your bike. Not to forget your pillion rider! Everything you need for installation is included. With ABE (European homologation).

ArtNo.	Description	Price
7682J	R1200R/RS (2015-2017)	€ 202,90
3503J	R1200R/RS (2018) & R1250R/RS	€ 203,20

Wolo Very Loud Horn

This horn ensures with its 115 db that you get the necessary respect and that you will not be overlooked. The horn is perfect for motorcycles, because it is small and easy to install. Because of its E-approval mark it is street legal in the EU. Horn: 12V 6A (non-stop operation), height 7,5cm; diameter 8,5cm. Doesn't work for models with alarm system if the alarm system uses the original horn!

ArtNo.	Description	Price
WOLO-BMWLC	Magnum Horn Wolo	€ 80,00

Touring screen R1200R LC

The touring shield has the same shape as the original, but with an additional raised wind deflector about 5-7 cm high at the top, covering the entire width. This deflects the wind over the rider and allows a relaxed ride, particularly on longer trips. Length: 370mm.

You need the original BMW windshield mounting (46638555087) for the installation!

ArtNo.	Description	Price
T-r1200r-2015-rg	Smoke grey	€ 111,90

RefR12RTLC-K16	Reflection foil	€ 22,00
RefSchwR12RTLC-K16	Reflection Foil black	€ 25,00

Cooler protection

Perfect protection for your cooler which looks nice, made of high-quality aluminum.

The lattice is surrounded by a solid frame and keeps insects or dirt away from the cooler.

2x cooler protection, scratch protection and fitting instructions are included. BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
Kg-12gs-LC	silver 2014-2020	€ 84,00
Kg-12gs-LC-s	black 2014-2020	€ 99,00
Kg-R1250	silver 2021-	€ 84,90

Rear wheel centre cover

Rear wheel centre lug cover with emblem.

The holes in the covers serve for cooling! The lower temperature is based on the special angles of the drillings, which cause a more concentrated air flow.

But don't be worried - it does not affect the drivability of your BMW.

BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
0216	anodized	€ 74,90
0316	black anodized	€ 76,80

GPS Mounting

You can mount your GPS fast and easily with our new GPS mount for the BMW R1200RT LC and R1250RT (2019-2020).

The windscreen can still be used in all positions and your navigation system is always in the best possible field of vision. Our GPS mounts are very stable and they do not allow vibrations.

Fits for all BMW Navigation Systems, Garmin SPIII, SP26**, 2720, Zumo 550, Zumo 590, Zumo 595, Zumo 660, Nüvi. and X-Navi.

SP26** & 2720 owners need the Garmin motorcycle mount (016799 or 016869).

There are six M4 threads but only four are necessary to hold any GPS firmly in place.

"tomt-Ad Ed 2": Adapter for TomTom 2nd Edition/Urban Rider Pro/TomTom 2013 LM, TomTom 400, 410, 420, 450, 500 & 550, Incl. screws for mounting in the GPS mount and the TomTom holder.

The adapter "ZumoAd340-350" for all Garmin ZUMO 340, 345, 350, 390, 395 & 396.

ArtNo.	Description	Price
44012	GPS Mounting R1200RT LC & R1250RT (2019-2020)	€ 79,90
ZumoAd340-350	Adapter for Garmin ZUMO 340, 345, 350, 390, 395 & 396	€ 18,90
tomt-Ad Ed 2	TomTom 2 adapter	€ 16,90
ram-1zoll	RAM 1 inch adapter	€ 34,90

Sidestand foot enlargement

Feel safer when parking your bike on dirt or asphalt with a side stand foot enlargement.

More than 100% bigger contact area.

Made of high-quality aluminium.

Black anodized. Easy to install.

BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
0729-2	Sidestand foot enlargement	€ 34,90

Swing arm pivot covers

The covers will be installed with an expansion holder. You use an Allen wrench to fasten the screw which expands and o-ring which will keep the covers perfectly in place. The unmounting is of course also easy and fast. Shipment contains a set (2 pieces for left and right side). BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
0525	silver anodized	€ 33,90
0526	black anodized	€ 33,90

Cardan Crash Protector

This crash protector for the cardan is made of CNC-lathed plastic. It provides additional protection for your motorcycle. You install the crash protector or pad on your cardan with a stainless steel screw and an expansion holder. BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
059-27	Cardan-Crash-Protector	€ 42,90

Stainless steel crash bars

Our stainless steel engine guards will never rust like powder coated steel guards. They are carefully designed to allow clearance for oil changes or valve cover access, so they never need to be removed. Guards attach to the engine mounts not the engine covers to protect the engine heads and not destroy them. Crash bars offer a very good protection, but they can reduce the cornering angle. R1200RT LC: Not compatible with BMW additional LED lights!

ArtNo.	Description	Price
Z7103	R1200RT LC	€ 424,00
Z7107	R1250RT	€ 424,90

Bar-end weights

These bar-end weights made of stainless steel or aluminium show that BMW riders are aware of function and form. Stainless steel 220 gram each, aluminium 84 gram each.

Shipment: 2 end weights, 2 screws.
BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
0805	1 set stainless steel	€ 39,90
0806	1 set aluminium anodized	€ 30,00

0806

0805

Frame cover left

This cover for the open hole beyond the swingarm pivot is made of aluminium and available in silver or black anodized or in red or blue. It gets fixed on the left side.

BMW R1200RT LC & R1250RT.

0527	silver anodized	€ 15,40
0528	black anodized	€ 15,90
R-0527	red	€ 18,90
B-0527	blue	€ 19,60

Oil filler plug with emblem

There is a drilling in the side of the plug in which you can put a size 3 Allen key or a Torx key T10 (usually found in your BMW toolkit) in order to fit and remove it. BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
0245	anodized	€ 26,90
0246	black anodized	€ 27,00

Oil filler plug

Oil filler plug Torx, made of high-quality aluminium. Use a Torx tool T45 from your BMW tools in order to fit and remove the oil filler plug. Choose between the polished, the anodized and the black anodized version. BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
0015	anodized	€ 24,50
0016	black anodized	€ 24,50

Touring windshield

For long distance rides the Touring series was developed to minimize the windblast against the rider. These screens raise the windblast for several centimeters, allowing the rider to keep a more comfortable position riding the motorcycle. 695mm x 680mm (HxW) BMW R1200RT LC & R1250RT (2019-2020).

ArtNo.	Description	Price
9512W	clear	€ 139,90
9512H	light tinted	€ 139,90
9512F	dark tinted	€ 139,90

Vario Touring screen

This touring screen has a spoiler at the top of the airfoil; the spoiler's angle can be adjusted. The air current deflected behind the spoiler reduces the otherwise annoying turbulence.

Dimensions: 695mm x 680mm (HxW).
BMW R1200RT LC & R1250RT (2019-2020).

ArtNo.	Description	Price
9513H	light tinted	€ 10

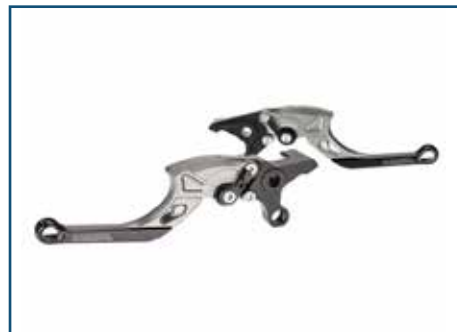

Shift lever extension

Many BMW riders think that their shift lever is a little too thin and does not give enough grip when they are shifting.

This enlarger will solve this problem for you as it offers more grip and a more sporty look for your bike. Available in anodized.

BMW R1200RT LC & R1250RT.

ArtNo.	Description	Price
0390	anodized	€ 28,50
0395	anodized with o-rings	€ 31,90
19x3	O-ring (4 pieces)	€ 3,40

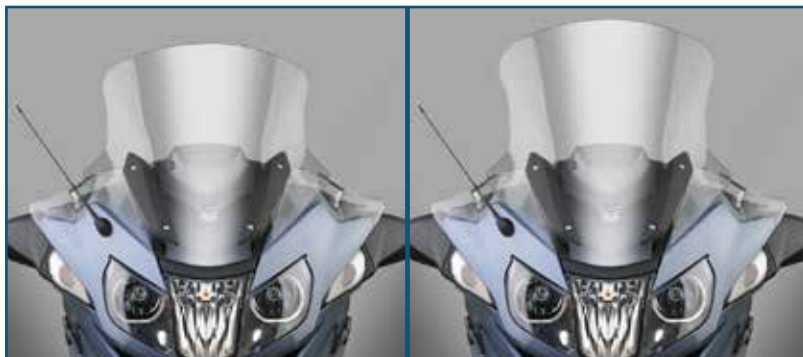

Tector brake and clutch lever

The CNC milled Tector levers fascinate by their high functionality and their elegant design.

Six-way adjustable for the gap to the handlebar, adjustable lever length (for 2 to 4 fingers), fixed fold-function (only in the event of a crash), easy to mount, CNC milled, extremely lightweight.

HT-L44-R32-rot	red-black	€ 180,00
HT-L44-R32-blau	blue-black	€ 180,00

Windscreen R1200RT LC & R1250RT (2019-2020)

ZTechnik's popular VStream windscreens are offered in two heights for the all-new watercooled R1200RT LC (2014-)! While the stock screen (also manufactured by National Cycle for BMW) does an admirable job, the patented VStream design is the ultimate windshield contour for comfort. VStream gets its name from the unique shape and dimensional contours molded into the screen. The „V“ profile helps to keep the wind off your upper body and helmet. With homologation. BMW R1200RT LC & R1250RT (2019-2020).

ArtNo.	Description	Price
Z2350	Clear, height 64,8 cm, width 48,9 cm	€ 244,90
Z2351	Clear, height 72,4 cm, width 52,2 cm	€ 280,00

Touring windshield R1250RT (2021-)

For long distance rides the Touring series was developed to minimize the windblast against the rider. These screens raise the windblast for several centimeters, allowing the rider to keep a more comfortable position riding the motorcycle. 690 x 675mm (HxW), 80mm higher than the original screen.

ArtNo.	Description	Price
20774W	clear	€ 149,90
20774H	light tinted	€ 149,90
20774F	dark tinted	€ 149,90

Change front and rear seat

The driver's and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats were also broadened for about 15mm. The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. We especially took care of the pillion rider's comfort: Here, the seat is increased in the middle front part to inhibit a cramped position. These alterations enable a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now. The seats are slippage related material.

Available in three heights
(please note in the comment with the article number):

- 1: like your original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

It is also possible to change a seat with heater.
Your seat gets altered - you have to send it in!
The change takes about 2 weeks.

You can find a flyer with seat conversion examples
online at www.mhornig.com!

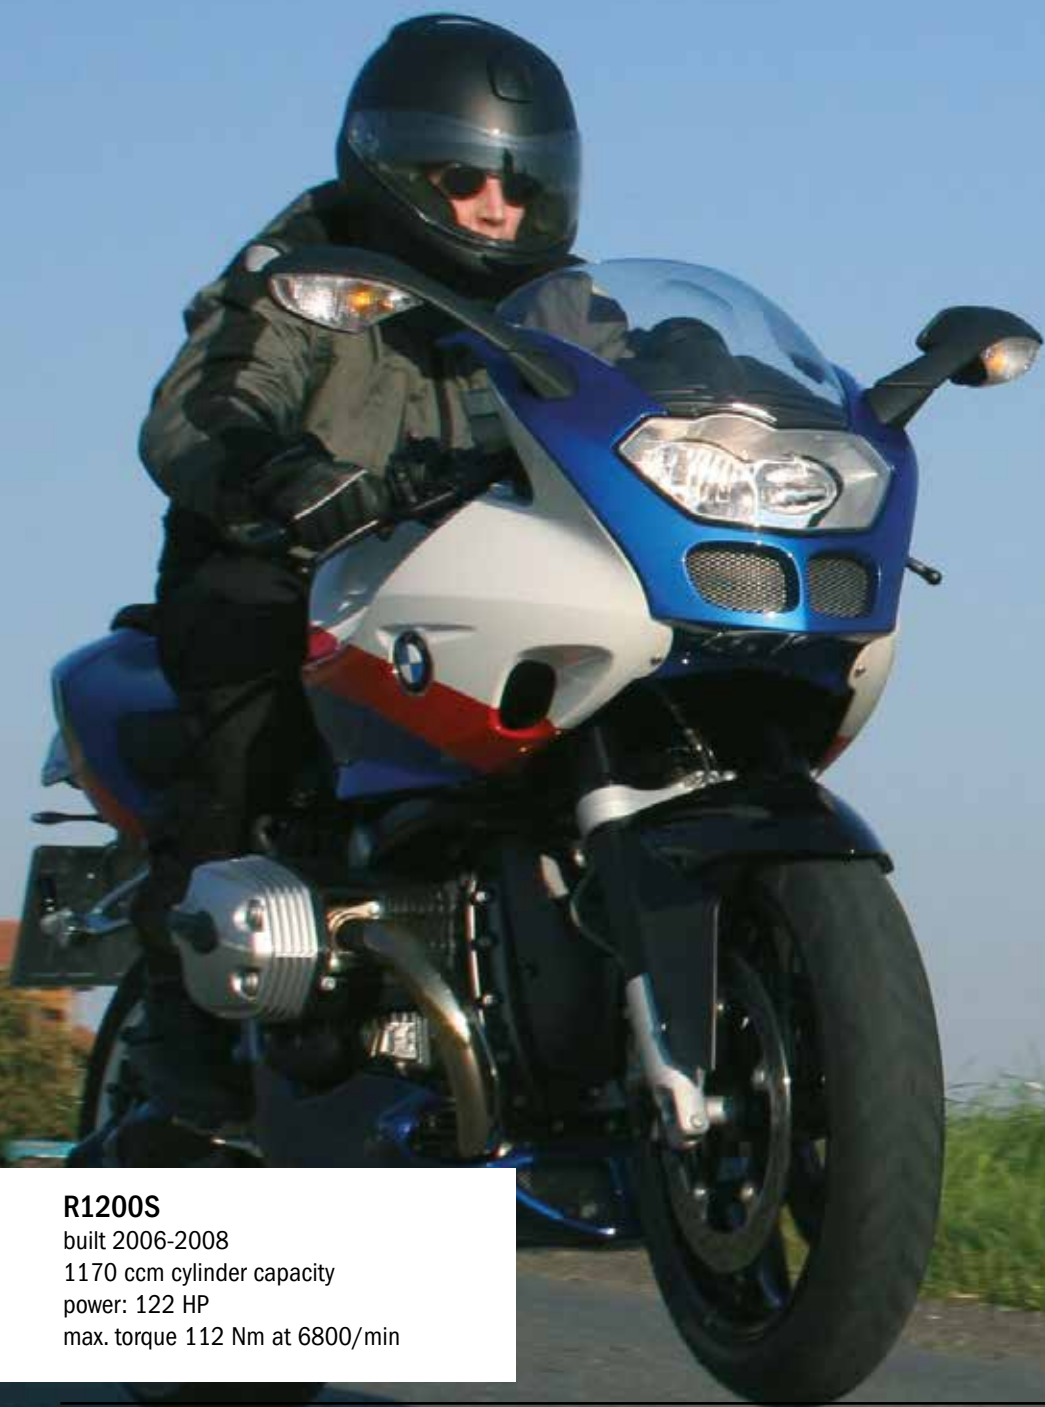

You must send
your seat
to us!

ArtNo.	Description	Price
sitzF	Driver's seat black	€ 199,00
sitzS	Pillion's seat black	€ 194,00
s-g	Extra charge black-grey (for each seat)	€ 29,00

You need a tank bag, rear seat bag, duffel bag,
inside bag, universal bag or tool bag?
You can find it under **SOFT BAGS** in the catalog
and online: www.mhornig.com

R1200S

built 2006-2008

1170 ccm cylinder capacity

power: 122 HP

max. torque 112 Nm at 6800/min

Our conversion for the sportiest BMW Boxer ever takes a nod from its forerunner, the R1100S BoxerCup Replica.

For this bike we fit a specially developed GRP spoiler, useful for road and circuit, which adds to the race look.

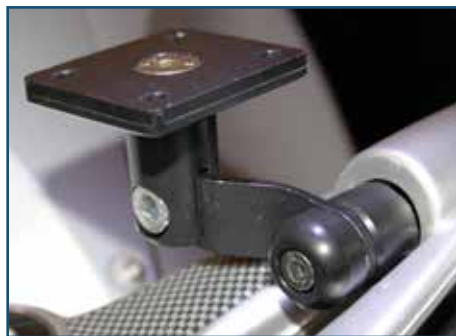

The whole machine is repainted in BoxerCup colours and topped by a host of extras, all special to this model.

You will find a cooler grille, quick and easy to fit, side stand enlarger, new number plate bracket and mini indicators.

There is a new rear hugger, suitable for 180 or 190 section tyres, which works well to keep you and your bike clean.

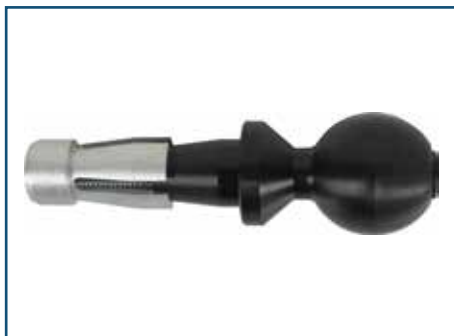

Also of note are the adjustable footrests, white indicator lenses and a number of Aluminium parts.

GPS Mounting with Plate

This aluminium plug fits for BMW handlebars with an inner diameter of 15-19 mm. Just insert the CNC-machined plug into the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an aluminium expansion fastener. Garmin and TomTom Motorcycle GPS units can be mounted without any problems. However, you can also adjust the plastic plate very easily for other devices. For R1200S. Colour: Black

GPS Mounting RAM-ball

Plug for BMW handlebars with inside diameter of 12-16 mm. Just insert the CNC-machined plug into the open part of the handlebar (usually closed with a plastic plug). The plug will stay in place thanks to an expansion fastener. Almost any navigation system can be fixed on the RAM-ball of this GPS mounting. For R1200S. Colour: Black

ArtNo.	Description	Price
NH 3/7sw	GPS Mounting with Plate	€ 75,00

ArtNo.	Description	Price
NH 3/1	Black Plug	€ 40,90

You can find the latest products and bargains online: www.mhornig.com

Mirror Extensions

Our mirror extensions are the perfect solution if you mainly see your shoulders in the rear mirrors. The mirrors will be moved some centimeters away from each other in order to improve the view to the back. Material: POM plastics

ArtNo.	Description	Price
BK 09	1 set mirror extensions for HP2 Sport	€ 65,00

Oil filler plug

Oil filler plug Torx, made of high-quality aluminium.

Use a Torx tool T45 from your BMW tools in order to fit and remove the oil filler plug. Also referred to as oil filler cap.

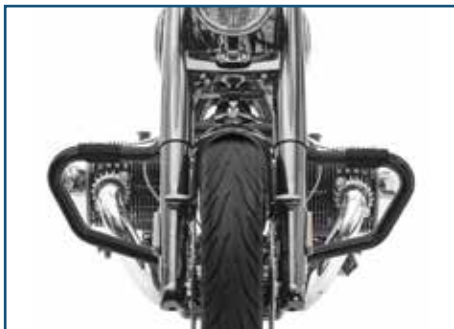

ArtNo.	Description	Price
0015	Natural anodized	€ 24,50
0016	Black anodized	€ 24,50

Crash bars

Our crash bars are made of high-quality steel and are especially designed for your BMW R18 & R18 Classic. The crash bars are designed to be very robust (pipe diameter 38mm) and allow for an equal distribution of forces in a crash. You and your bike are protected in the best possible way. The feet can be placed on special removable and non-slip rubber pads while driving.

ArtNo.	Description	Price
130021	Crash bars black	€ 239,90

Licence plate bracket stainless steel adjustable

This adjustable licence plate bracket is made of high-quality stainless steel. You can adjust the width from 18 to 28 cm. The height of the licence plate is 20,3 cm. Long slots are milled into the licence plate bracket, which make it possible to mount it on all motorcycles.

ArtNo.	Description	Price
18-28X	Licence plate bracket stainless steel adjustable	€ 32,90

Tail rising kit

This high up-kit shortens the wheelbase of your BMW. The result is a more agile and a more sporty handling and the rider will sit a bit higher. Raising the rear by 15mm. The ground clearance of the driver's footrests is 10 to 12mm more than without the rear lift.

ArtNo.	Description	Price
3012017	Tail rising kit	€ 168,00

Centre cap top yoke

This part is an optical improvement for your bar risers as it is made of aluminium, furnished with an emblem. An integrated o-ring ensures a snug fit.

ArtNo.	Description	Price
0269	Natural anodized	€ 26,90

Tank bag

With 10-15 litres volume and with a big map pouch. There is a small side bag on the left and on the right side. You can enlarge the tank bag from 16 cm to 26 cm height. The tank bag can easily be removed from the mounting plate for example to fuel the bike. The tank bag is available with two different mounting plates, one with suckers and one with magnets. It is also equipped with a handle and a removable belt. Sizes (L x W x H): ca. 30 x 24 x 16 cm

ArtNo.	Description	Price
TM-EN.M9-15S	with suckers	€ 109,00
TM-EN.M9-15M	with magnets	€ 109,00

Side bags

These lockable leather bags do not only look good, they also are also solidly processed and made of 3-4 mm thick cow leather. The bags are installed in the bike by means of a model-specific C-Bow carrier. Sturdy rear panel (ABS plastic) for attachment to the C-Bow carrier.

Scope of delivery: 2 side bags with keys and cylinder.

Weight: 6,7 kg, Capacity 17 liters, Dimensions W x H x D: 55 x 31 x 22 cm, Recommended load: 5 kg per side (please check model specific carrier infos for limitations).

The model-specific C-Bow carrier must be ordered separately!

ArtNo.	Description	Price
620230	Side bags black	€ 870,00
6202300008	Side bags brown	€ 910,00
63065270001	Mount (black)	€ 200,00
63065270002	Mount (chrome)	€ 220,00

GPS Mounting with Plate

You will tighten the basic screw (thread M8) to your handlebar mounting. Then you will screw the movable GPS mounting plate to it. Garmin and TomTom Motorcycle GPS units can be mounted without any problems. You can also adjust the plastic plate very easily for other devices.

ArtNo.	Description	Price
NH 1-12	GPS Mounting	€ 80,90

Pin stripes for your front mudguard

This process is made by hand on your own mudguard. You have to send your mudguard to us. You must expect a time requirement of approx. 2 weeks. In the event that you do not want to send your own fender to us, we also offer a new BMW R18 fender with pin stripes.

ArtNo.	Description	Price
1542517L	Pin stripes for your front mudguard	€ 124,90
L11542517	New front mudguard BMW R18 with pin stripes	€ 493,95

Touring windshield

For long distance rides the Touring series was developed to minimize the windblast against the rider.

630 x 520mm (HxW)

Thickness: 3mm

ArtNo.	Description	Price
20527W	clear	€ 190,90
20527H	light tinted	€ 190,90
20527F	dark tinted	€ 190,90

Remus CUSTOM end silencer

Lighter compared to the original exhaust. Not only nice for the eyes, but also a powerful sound - the CUSTOM exhaust.
Available with chrome or black end cap. Euro 5. Power: + 2,4 PS, Torque: + 5,1 Nm, Weight: - 0,85kg

ArtNo.	Description	Price
007102089920LR-EK43	Slash Cut with chrome end cap	€ 2.300,00
007102089920LR-EK63	Slash Cut with black end cap	€ 2.327,00

ArtNo.	Description	Price

ArtNo.	Description	Price
007102089920LR-EK110	V1 with chrome end cap	€ 2.472,00

ArtNo.	Description	Price
007102089920LR-EK40	Short Cut with chrome end cap	€ 2.209,00
007102089920LR-EK60	Straight End with black end cap	€ 2.235,00

X518 + X518R2

Mounting stand for rear and front

Perfect for care, overwinter and servicing. The front part of the work stand is only fitted after the motorcycle has been jacked up at the rear. In the beginning, it is essential that you carry out the work steps with a second person for security! Only fits with the original exhaust system. By means of the maneuvering set X518R2, which includes 4 pieces and is sold separately, you can shunt your motorcycle even in narrow space.

ArtNo.	Description	Price
X518	Assembly stand for rear and front	€ 404,90
X518R2	Maneuvering set (4 pieces)	€ 130,90

Rear mounting stand

Perfect for care, overwinter and servicing. In the beginning, it is essential that you carry out the work steps with a second person for security! Only fits with the original exhaust system. By means of the maneuvering set X518ER1, which includes 2 pieces and is sold separately, you can shunt your motorcycle. This work stand only lifts the rear of your motorcycle!

ArtNo.	Description	Price
X518E	Assembly stand for rear	€ 199,90
X518ER1	Maneuvering set (2 pieces)	€ 65,90

X518E + X518ER1

Example picture

How do you sit on your motorcycle seat? Do you want to change something in your seat?

Then read through the pages of the catalog **SEAT ALTERATION**.

We will change your seat exactly like you want it to be.

You can find a flyer with seat conversion examples online at www.mhornig.com!

You need a tank bag, rear seat bag, duffel bag,
inside bag, universal bag or tool bag?

You can find it under **SOFT BAGS** in the catalog
and online: www.mhornig.com

S1000RR

built since 2009-2018

999 ccm cylinder capacity

power: 193 HP

max. torque 112 Nm at 9.750 U/min

S1000RR

built since 2019-

999 ccm cylinder capacity

power: 207 HP

max. torque 113 Nm at 11.000 U/min

Plates S1000RR (2009-2018)

Set of plates „RR“ for BMW S1000RR.

The plates are mounted on the drillings of the passenger's footpeg holders. Laser-cut parts, made of stainless steel, include stainless steel round head screws.

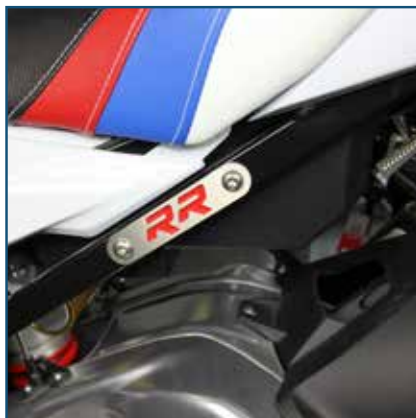

Shipment includes:

- 2x plate „RR“
- 2x sticker red

(other colours are also possible - contact us!)

- 4x round head screw

ArtNo.	Description	Price
208RR	Plates S1000RR	€ 25,90

Registration Plate Holder

A better view of the rear wheel is possible thanks to the stable stainless steel registration plate holder which bolts onto the standard support. Without registration, it fulfills all requirements for legal fitment and can be used with standard flashers and most accessory components.

ArtNo.	Description	Price
S426-67168-15	Registration plate holder 2009-2018	€ 139,90
700306-F15	Registration plate holder 2019-	€ 169,00

Engine Case Protector S1000RR (2019-)

In case of a fall, this elegant, CNC-milled protector set protects the right and left engine case from bigger damages. The protectors are made of black anodised aluminium alloy. At the left side, there is an additional interchangeable, silver anodized wear part. The protectors will be mounted at original mounting points at the engine case.

ArtNo.	Description	Price
MSS.07.540.10100	Engine Case Protector	€ 125,00

Superbike Handlebar S1000RR 2019-

Sporty riding without carrying your whole weight on your lower arms is the dream of many riders. To meet this wish, a Superbike handlebar conversion has been developed which with its tapered handlebars and full black anodizing not only looks sophisticated but also ensures sporting performance with very little strain on the rider. The Superbike handlebar conversion includes all components necessary for fitting.

ArtNo.	Description	Price
S50101940406	Superbike Handlebar	€ 699,10

Windshield R-Racer S1000RR 2019-

The windshield R-Racer gives a special and sportive character to your BMW S1000RR (2019-) and is 70mm higher than the original windshield. Thus, the airflow which hits the torso and the head of the driver is considerably reduced. Height: 450mm

ArtNo.	Description	Price
3641W	transparent	€ 102,90
3641H	light tinted	€ 102,90
3641F	dark tinted	€ 102,90
3641N	black	€ 102,90

Reverse Shifting Kit S1000RR 2009-2014

With this kit you can change your shifting easily into a reverse shifting (also called GP-shifting). The kit can be used with the original shifting system, but also with the BMW HP shifting system.

Lower fairing needs a cut out - only in conjunction with BMW quick shifter - otherwise you need to order the gear shaft kit, too.

ArtNo.	Description	Price
US-21-K46-B	black	€ 149,90
USW-Kit	Gear shaft kit	€ 75,00

Oil Filler Plug

This oil filler plug is made of high-quality aluminium and available in two colours: black anodized or silver anodized. You can open this oil filler plug with a Torx T45.

ArtNo.	Description	Price
0025	black anodized	€ 22,90
0024	silver anodized	€ 22,80

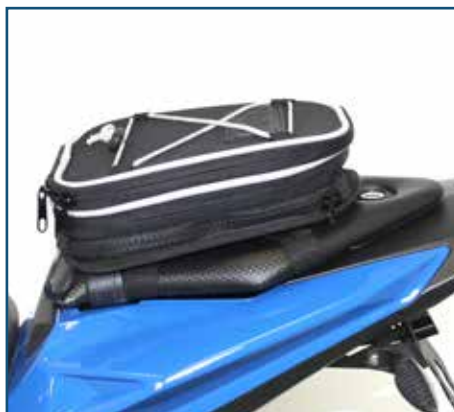

Tail / Rear Seat Bag

Designed to fit perfectly on the rack or rear seat and with the feature of expansion to allow even more capacity!

There is space for more than just the rain gear here - expands from 1 litres up to 3.5 litres. Waterproof material, reflective strips, attractive grey and black colour scheme and the chord helps you to carry the bag.

Dimensions: approx. 19x22x11cm

ArtNo.	Description	Price
STBMW3	Tail / Rear Seat Bag	€ 45,00
ZXS319	Rain Protection Cover	€ 9,90

Crash Protectors

The crash cap is made of special plastic for best sliding characteristics. The design pad does not only look good but also provides maximal protection for the rider, frame and engine of your BMW S1000RR because of its patented impact inlay.

ArtNo.	Description	Price
IP-BM06-B	2009-2011	€ 135,00
IP-BM07-B	2012-2014	€ 235,00
IP-BM09-B	2015-2018	€ 169,00
IP-BM11-B	2019-	€ 146,00

Fork Crash Protectors

These crash protectors for forks are made of CNC-lathed plastic (POM). The mounting is made of CNC-milled and anodized aluminium.

These crash protectors provide additional protection for your fork.

Shipment includes the crash protectors (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork Crash Protectors	€ 65,00

Mirror Extensions S1000RR (2009-2018)

Our mirror extensions (30mm) are the perfect solution if you mainly see your shoulders in the mirrors.

The mirrors will be moved a few centimetres outwards in order to improve the view to the rear.

Material: POM plastics

ArtNo.	Description	Price
BKB 03	Mirror extensions 1 set	€ 60,90

Mirror Caps S1000RR (2009-2018)

Add a sleek look to your bike with Hornig mirror caps.

Made of POM (synthetic material and extreme light), these lightweight mirror caps fill the gap left when removing mirrors during race prep. They will be delivered with everything you need in order to install them.

1 set (left and right).

ArtNo.	Description	Price
0335	Mirror caps 1 set	€ 29,90

Cooler screen

Perfect protection for your oil cooler which looks quite nice and is designed of high-quality aluminium and covered with a special protective aluminium alloy.

Install instruction is included.

Will be installed with 4 zip ties.

ArtNo.	Description	Price
0608	S1000RR 2009-2018	€ 30,00
0610	S1000RR 2019-	€ 30,00

Fork Lift Stand / Rear Stand

The fork lift stand and the rear stand are perfect for care, overwintering and servicing. They are made of solid steel 35x35mm, galvanized and quality „Made in Germany“.

A huge advantage of these stands is the fact that you can change the height.

4 large solid wheels provide the necessary stability.

ArtNo.	Description	Price
2039-80	Fork Lift Stand	€ 124,90
2039-52	Rear Stand	€ 115,90

Original shape windshield S1000RR (2019-)

This wind screen has the same shape like the original windshield, but is available in different colours. Length 410mm, with ABE.

ArtNo.	Description	Price
4025066165452	clear	€ 87,90
4025066165469	smoke grey	€ 87,90
4025066165476	black	€ 87,90

LED Rear Light S1000RR (2009-2018)

This LED rear light for your BMW S1000RR is available in two different versions.

ArtNo.	Description	Price
01155	LED Rear Light clear	€ 99,00
01153	LED Rear Light smoked	€ 112,90

LED Fairing Turning Signals 2009-2014

You simply glue these LED fairing turning signals into the turning signal space in front of the S1000RR's fairing with a 3M foil. The indicators have an E-mark and are road legal. For models 2015-2018, please also order the distances 1582D.

ArtNo.	Description	Price
1580	Grey LED fairing turning signals	€ 65,00
1581	Clear LED fairing turning signals	€ 65,00
1582D	Distances for turning signals	€ 16,00

Race Track Sticker S1000RR (2009-2018)

These stickers for the race track are made of high-quality black film which is also UV-resistant. Available for the front lights and the turning signals.

ArtNo.	Description	Price
aufk-s1000rr-front	Stickers lights 09-14	€ 12,90
aufk-s1000rr-blinker	Stickers turning signals (4x) 09-14	€ 10,50
aufk-s1rr15-front	Stickers lights 15-18	€ 12,90

Racingscreen S1000RR 2009-2014

This racing screen for the BMW S1000RR is 7cm longer and 3 cm higher than the original screen. The total length is 43cm. This screen was successfully used in the SBK World Championship 2009.

ArtNo.	Description	Price
4025066123810	clear	€ 92,90
4025066123827	smoke grey	€ 92,90
4025066123841	black	€ 92,90

GPS Mount

Just screw this GPS mount onto the dash.

The necessary thread is already there. Almost any navigation system can now be fixed on the RAM-ball (1") of this GPS mounting.

ArtNo.	Description	Price
NH 3/1 15mm	GPS mount (black-silver)	€ 40,90
NH 3/1	GPS mount (black-black)	€ 40,90

GPS Mounting with Plate

Just screw this GPS mount onto the dash. The necessary thread is already there. Garmin and TomTom motorcycle GPS units can be mounted without any problems. However, you can also adjust the plastic plate very easily for other devices.

ArtNo.	Description	Price
NH3-4	GPS Mount	€ 80,90

ATTENTION !!! For all who use their S1000RR on the race track:
In our web shop www.mhornig.com you can find
GRP race fairings and much more!

Crash Protectors Slider

Our protectors or sliders protect your frame, engine and fairing of your motorcycle. This pad is designed to fit perfectly to your motorcycle. It is made of high-strength milled aluminium and high-strength POM plastic. All our pads are screwed to your motorcycle at least at 2-3 points. The advantage over round crash protectors is that these slider cannot break or snag on something on the road. Shipment: Crash protectors for the left and right side with mounting.

ArtNo.	Description	Price
RLBM01-S1000RR	S1000RR 2010-11	€ 289,90
RLBM05	S1000RR 2012-14	€ 289,90

Engine Crash Protectors S1000RR (2009-2018)

These engine crash protectors for the left and right side provide extra protection for your motorcycle. The pads are made of milled state-of-the-art aluminium which is high-strength.

Shipping includes crash protectors for the left and right side plus mounting.

ArtNo.	Description	Price
SCBM01	Engine crash protectors	€ 179,90

Front and Rear Crash Protectors

These pads for the front and rear part of your motorcycle are CNC-lathed. They are made of high-quality POM plastic. The mounting is made of aluminium and anodized. The crash protectors provide extra protection and reduce damage to your motorcycle.

Shipment includes both pads and mounting.

ArtNo.	Description	Price
PRBM01	Front and rear pads	€ 130,90

S1000R

built 2014-2020

999 ccm cylinder capacity

power: 160 HP

max. torque 112 Nm

S1000R

built 2021-

999 ccm cylinder capacity

power: 165 HP

max. torque 114 Nm

We will present our brand new BMW S1000R conversion for the first time at the Intermot 2014 in Cologne, Germany. The BMW S1000R is a great and sporty naked bike by BMW Motorrad.

Our focus for this conversion was on more comfort and at least a bit more touring capability as well as that it does not look like any other S1000R out there.

For better ergonomics we installed a higher windshield which offers more wind protection. With the footrest system from Gilles Tooling you can lower the footpegs and have a much better seating position. Additional to those parts we altered the standard seats for more comfort and the tank bag with easy and fast ring-mounting offers some storage space.

The mirror extensions make sure that you can see the traffic behind you and not only your shoulders. Our handlebar GPS Mounting positions your GPS unit near your sight field.

Our cooled protection protects your cooler for stones and dirt. Our protectors on engine, swing arm and fork are not just good looking but offer also more protection and security.

Highlights are our polished oil filler plug, blue Synto brake and clutch levers as well as the small LED front turning signals and the grey LED rear light.

The polished stainless steel exhaust HyperCone from Remus makes sure that our S1000R has the necessary power and sound.

Handlebar Risers with Offset 2021-

Raising the handlebar by 35mm results in a more upright, much more relaxed seating position. Moreover, the handlebar is brought 15mm closer to the rider which additionally improves driving comfort. The overall result is a noticeable increase in stamina and concentration.

ArtNo.	Description	Price
29925	Handlebar Risers 35/15mm	€ 129,95

**Handlebar Risers with Offset 2017-2020**

Raising the handlebar by 30mm results in a more upright, much more relaxed seating position. Moreover, the handlebar is brought 25mm closer to the rider which additionally improves driving comfort. The overall result is a noticeable increase in stamina and concentration.

The length of the brake line is a bit too short for this conversion. We recommend to use our adapter 27819.

ArtNo.	Description	Price
27376-02	Handlebar Risers 30/25mm	€ 100,95
27819	Adapter for brake line	€ 40,20

**Handlebar Risers 25mm 2021-**

Raising the handlebar by 25mm results in a more upright, much more relaxed seating position. This considerably improves driving comfort. The overall result is a noticeable increase in stamina and concentration.

ArtNo.	Description	Price
29924	Handlebar Risers 25mm	€ 99,95

**Extenda Fender 2014-2020**

The rear section of the front fender is not long enough to effectively keep road debris off the exhaust and front of the engine. The fender extender solves this problem effectively and elegantly. Made of tough ABS plastic the extender attaches to the original fender with expanding rivets which are of course included.

ArtNo.	Description	Price
054220	Extenda Fender front	€ 31,90
074260	Extenda Fender rear	€ 46,90

Carbon Fibre Front Fender 2014-2020

This front fender is made of high-quality carbon fibre and covered with UV-resistant clear lacquer. Article number KVO.016.S100S.K has an ABE/street homologation. Article number KVO.067.S1RAB.K is especially made for the race track.

ArtNo.	Description	Price
KVO.016.S100S.K	Street	€ 249,90
KVO.067.S1RAB.K	Race track	€ 199,90

Carbon Fibre Rear Light Cover 2014-2020

This rear light cover is made of high-quality carbon fibre. This part is a direct replacement for the original component and contributes mainly to weight saving on the motorcycle (up to 70% less) and a higher stiffness of the parts.

ArtNo.	Description	Price
SIO.213.S100N.K	Rear light cover	€ 159,90

Plates S1000R 2014-2020

Set of plates „R“ for BMW S1000R.

The plates are mounted on the drillings of the passenger's footpeg holders. Laser-cut parts, made of stainless steel, include stainless steel round head screws.

ArtNo.	Description	Price
208R	Plates S1000R	€ 25,90

Oil Filler Plug

This oil filler plug is made of high-quality aluminium and available in two colours: black anodized or silver anodized. You can open this oil filler plug with a Torx T45.

ArtNo.	Description	Price
0025	black anodized	€ 22,90
0024	silver anodized	€ 22,80

Fork Crash Protectors

These crash protectors for forks are made of CNC-lathed plastic (POM). The mounting is made of CNC-milled and anodized aluminium.

These crash protectors provide additional protection for your fork.

Shipment includes the crash protectors (left and right) and the mounting.

ArtNo.	Description	Price
FP100	Fork Crash Protectors	€ 65,00

Engine Crash Protectors 2014-2020

These engine crash protectors for the left and right side provide extra protection for your motorcycle. The pads are made of milled state-of-the-art aluminium which is high-strength.

Shipping includes crash protectors for the left and right side plus mounting.

ArtNo.	Description	Price
SCBM01	Engine Crash Protectors	€ 179,00

Crash Protector 2014-2020

These crash protectors offer the best possible protection if a crash was not avoidable. The brand new compound plastic can absorb forces of a crash without braking.

These crash protectors are not only very usable, but also good looking. The crash protectors are for the left and the right side and you can mount them quite fast and easily. They come with a special holder, so no drilling or cutting the fairing is necessary.

ArtNo.	Description	Price
7061N	Crash protector 2014-2016	€ 127,90
9488N	Crash protector 2017-2020	€ 79,00

Handlebar Risers 2014-2020

Raising the handlebar by 20mm results in a more upright, much more relaxed seating position. The adjustment range of the handlebar angle is increased, which further increases the rider's comfort. Easy to fit in minutes. No need for longer cables or brake cables! With homologation!

ArtNo.	Description	Price
365-3100	Risers 20mm (2014-2016)	€ 59,00
365-3101	Risers 20mm (2017-)	€ 65,00

Sport Windshield 2014-2020

For sporty rides PUIG introduces the Sport series to have regular and constant air flow around and towards the helmet. This will reduce turbulences and give you a more sporty feeling.

17 cm higher than the original windscreen.

ArtNo.	Description	Price
7040W	clear	€ 95,50
7040F	smoked grey	€ 95,50
7040N	black	€ 95,50

ZTechnik Windshield 2014-2020

The V-Stream windshield sets new standards for design, technology and comfort. Made of FMR polycarbonate which is 10x more scratch-resistant than usual acrylic. The windscreen will be shipped with everything you need to mount it.

Windshield V-Stream, with homologation.

ArtNo.	Description	Price
Z2483	Light tint, height 38,1cm	€ 199,90
Z2482	Dark tint, height 31,1cm	€ 180,00

LED Rear Light 2014-2020

This LED rear light for your BMW S1000R is available in two different versions.

ArtNo.	Description	Price
01155	LED rear light clear	€ 99,90

Bavaria Outdoor Cover

Effective and inexpensive. Light motorcycle cover made of special-coated foil. Frost-resistant up to -30 degrees, UV-stabilized, water-resistant and with grommets to fasten the cover.

Size: Length=2,30m, height front=1,50m, height rear=0,85m, width=0,60m.

ArtNo.	Description	Price
100 40 303	Outdoor cover	€ 53,00

Indoor Cover

The outer material has a silky quality and the inside is very soft and gentle on the paintwork. Keep your motorcycle looking brand new.

This cover is made of the best quality cloth to ensure that your bike stays clean and dry inside your garage.

„Breathing“ membrane material, moisture is „transported“ to the outside, tightening band, length=2,30m, height front=1,50m, height rear=0,85m, width=0,60m.

ArtNo.	Description	Price
100 40 322	Indoor Cover	€ 100,00

Top Case Outdoor Cover

- High-quality cover for motorcycles with top case and side cases - Maximum protection against rain, dust, frost and UV - Air vents to avoid condensation - Soft cotton lining protects against scratches - Heat-resistant lining (up to 300 °C) at exhaust positions

XL: Length 246cm, Width 104cm, Height 127cm

XXL: Length 264cm, Width 105cm, Height 130cm (primarily for K1600GTL and K1600B!)

ArtNo.	Description	Price
73160612	XL	€ 122,90
73160613	XXL	€ 124,95

Autosol Bluing Remover

Removes blue and brown staining from stainless steel exhaust systems. Your exhaust will look brilliant again after you used it. Contents: 150 ml, packaging: bottle.

Ingredients: AQUA, ALUMINA, HYDROCHLORIC ACID, Fatty alcohol ethoxylates, OLEIC ACID, Ethinylcarbinolalkoxylate, XANTHAN GUM, COCAMIDOPROPYL BETAINE

ArtNo.	Description	Price
D01290	Autosol Bluing Remover	€ 15,50

Garage Trolley

This stable trolley for your centre stand makes moving the motorcycle very easy. We only use high-quality wheels made in Germany! It is suitable for very wide centre stands. Of course, our garage trolley is electrolytically galvanised and has a rubber cover for the centre stand.

ArtNo.	Description	Price
2012N	320 kg	€ 165,90
2015	400 kg	€ 165,90

Side stand foot enlargement

Feel safer when parking your bike on dirt or asphalt with a side stand enlargement! Made of aluminium. Size: 12cm x 12cm.

ArtNo.	Description	Price
0050	Side stand foot enlargement	€ 6,90

Throttle Rocker

Our throttle rocker is a device that easily wraps around the throttle grip of any motorcycle. It protrudes away from the grip so that the contoured portion fits comfortably against the heel and palm of the hand. Using the heel of his hand, the rider applies minimal downward pressure onto the throttle rocker, making the throttle rotate. Additionally, the throttle rocker works as a resting place for the hand, reducing fatigue on long trips.

ArtNo.	Description	Price
80055	Throttle Rocker	€ 11,00

Loctite

Thread locking compounds are used throughout industry, especially in automotive applications, to provide an inexpensive and reliable way of ensuring that fasteners do not come loose. They are highly specialised liquid compounds that cure quickly to form a bond between the surfaces they join.

ArtNo.	Description	Price
L.10004020	5ml Loctite	€ 9,00

Battery Pole Fat

For battery poles and electrical contacts, protects against corrosion. Volume: 50g.

ArtNo.	Description	Price
10004881	50g battery pole fat	€ 4,00

Copper paste

High-performance copper paste, 100g.
Resistant -30C to +1300C. Cold, heat and sea water resistant. An absolute must when you install new brake pads.

ArtNo.	Description	Price
L.10004267	100g copper paste	€ 6,00

Anti Squeak Paste

The anti squeak paste can be used for the whole brake system (bolts, pins, ...). It will avoid squeaking and does not contain any copper, so it can also be used safely with ABS brake systems.

ArtNo.	Description	Price
L.10004882	35g Anti squeak paste	€ 4,50

Metal Polish

Aluminium, stainless steel and chrome polish.

ArtNo.	Description	Price
L.10004015	75ml metal polish	€ 5,60

Plastic polish

Plastic polish 50g.

ArtNo.	Description	Price
L.10004318	50g Plastic polish	€ 12,90

Brake fluid

High-performance brake fluid for street and off-road, DOT 5.1, made by Lucas.

ArtNo.	Description	Price
S.PFB 550	0,5 litre brake fluid	€ 10,00

Gel Special Cleaner

Procycle gel special cleaner for motorcycles.

ArtNo.	Description	Price
L.10004909	1 litre gel cleaner	€ 11,80
L.10004947	5 litres gel cleaner	€ 25,00

Liqui Moly Longtime-grease

Special purpose grease for high bearing pressures and for long-term lubrication. The MoS₂ contained in the selected base grease gives it outstanding lubrication properties and high load-bearing properties, unlike normal greases. Retains its lubricity extremely long. Operating temperature range: - 30 °C to + 130 °C.

ArtNo.	Description	Price
LM3510	Longtime-grease with MOS ₂ 100 gramms	€ 6,90

Insect Remover

An improved active formula easily removes dead insects.

Spray the affected surfaces and allow to take effect for several minutes. Then, using a sponge and plenty of water, rinse off dissolved insects and dirt. Silicone-free and AOX-free.

ArtNo.	Description	Price
0893470	500ml insect remover	€ 11,90

Tyre fix

No need to change the tyre after you have holed it. Useable for all tyre types. Allows you to ride to the next petrol station or repair shop.

ArtNo.	Description	Price
L.10004304	400ml tyre fix	€ 8,00

Chain Clean / Chain Spray

Chain cleaner 500ml. Is ideal for cleaning all types of drive chains of motorcycles, karts, bicycles or industrial chains. The chain is thoroughly cleaned and dries quickly to leave the chain ready for lube.

Chain spray 400ml. Cleans all types of motorcycle chains (road and offroad) and those of other vehicles (bicycle, moped, go kart, ATV). Removes all encrusted deposits: dust, sand, soil, oil. Its chlorine-free extreme grease removal formula is perfectly suited to O-ring, X-ring, Z-ring chains.

ArtNo.	Description	Price
38904	500ml chain clean	€ 9,40
38804	400ml chain spray	€ 9,90

Engine oil

These mineral or synthetic AGIP/ENI engine oils of the latest generation meet the requirements of BMW's specifications or classifications and because of this they fit perfectly to the superior BMW riders.

SAE 15W-50 is standard for:

BMW R1200GS
BMW R1200R
BMW R1200RT
BMW R1200S
BMW R1200ST

SAE 10W-40 is standard for

BMW G650X *
BMW F650* BMW F800*
BMW R1100* BMW R1150*
BMW R1200C BMW R1200CL
BMW K1200* BMW K1300*

ArtNo.	Description	Price
21611	TEC 4T engine oil SAE 15W-50 1 Litre	€ 17,90
27112	City TEC 4T engine oil SAE 10W-40 1 Litre	€ 14,30
28912	CITY HI TEC 4T engine oil SAE 5W-40 1 Litre	€ 17,50
29411	Racing 4T engine oil SAE 20W-50 1 Litre	€ 19,90

Transmission oil

The AGIP/ENI transmission oils are extreme pressure gear oils recommended for hypoid gears operating under severe conditions and for very highly-loaded gears in general, especially those subject to dynamic loads. These AGIP transmission oils meet the requirements of BMW's specifications.

We recommend: SAE 75W-140

ArtNo.	Description	Price
10038325	SAE 75W-140 1 Litre	€ 20,00
31012	SAE 80W-90 GL5 1 Litre	€ 17,30
30611	Synthetic SAE 75W-90 1 Litre	€ 19,90

CLS Chain Oiler

The CLS EVO Tour set includes everything you need to mount it to your BMW motorcycle. The system contains a control unit, a proportioning pump with holder, a 100ml tank and all necessary hardware for installation. Of course an installation instruction is included which makes the installation pretty easy. This high-quality chain oiler includes a 5 year guarantee.

ArtNo.	Description	Price
127.00601	CLS chain cleaner BMW	€ 359,00
127.00800	CLS chain cleaner S1000RR	€ 359,00

Chain Kits

In order to really transfer the power of your bike onto the road, the chain kit of Regina is the best choice.

The chain and sprockets kit for your BMW F650, ST MY 93-00 consists of an open chain with 110 chain links and a transmission of 16/47.

The chain and sprockets kit for your BMW F650GS, Dakar MY 99-07 & G650GS consists of an open chain with 112 chain links and a transmission of 16/47.

The chain and sprockets kit for your BMW F800GS consists of an open chain with 116 chain links and a transmission of 16/42.

The chain and sprockets kit for your BMW F650GS 08-* consists of an open chain with 116 chain links and a transmission of 17/41.

The chain and sprockets kit for your BMW F800R consists of an open chain with 116 chain links and a transmission of 20/47.

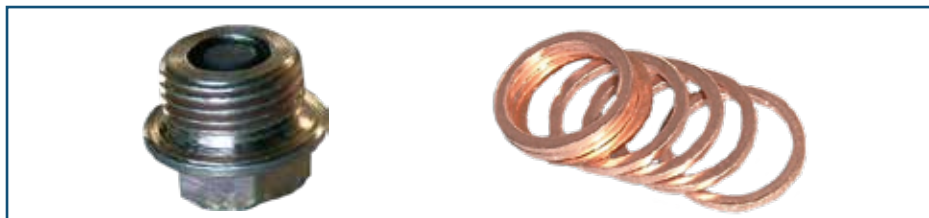

The chain and sprockets kit for your BMW G650X Country MY 07-* consists of an open chain with 112 chain links and a transmission of 16/47. This bevel is made of aluminium for a better weight!

The chain and sprockets kit for your BMW G650X Challenge MY 07-* consists of an open chain with 112 chain links and a transmission of 15/47. This bevel is made of aluminium for a better weight!

The chain and sprockets kit for your BMW G650X Moto MY 07-* consists of an open chain with 112 chain links and a transmission of 16/47.

ArtNo.	Description	Price
410 K	F650, ST MY 93-00	€ 115,00
416 K	F650GS, Dakar MY 99-07 & G650GS	€ 120,00

0421006	Transp. shim Ø 6,4mm	€ 0,20

AIV Blade Fuse-Holder 2,5 mm

This fuse holder includes a 20A flat fuse and can be added to a plus-cable of an electric device, for example additional lights, GPS units or horns. You can use fuses from 1A - 30A.

Nominal voltage: 6 - 32 V, incl. cable 2,5mm², protecting cap and spread water protection.

ArtNo.	Description	Price
852863	AIV blade fuse holder 2,5 smm	€ 4,00

90 degree Valve Stem Adapter

This is the solution to getting at those hard-to-reach valve stems. Just screw it onto the valve stem and any air hose will easily fit. Note: This piece is designed for convenience use only. It will simplify checking and changing the tire air pressure. NOTE: Do not operate your vehicle with this piece installed as doing so may cause valve stem failure.

This failure may cause loss of control of the vehicle.

ArtNo.	Description	Price
95-36292	90 degree Valve Stem Adapter	€ 10,90

Loop Antenna

The loop antenna of the electronic immobilizer may fail. As a result the motor does not get the necessary signal to trigger a start operation. The loop antenna should be included in the baggage of every BMW driver. Very easy to assemble:

1. Deduct the cable plug from the old antenna.
2. Connect the new antenna.
3. Hold the spare key to the ring antenna.
4. Start with original key.

Fit for all models with CAN-bus.

ArtNo.	Description	Price
7705247	Loop antenna	€ 40,60

Signal vest

EN 471, Size: universal.

Colour: bright yellow.

Material: 100% polyester.

ArtNo.	Description	Price
L10001035	Signal vest	€ 3,50

First aid kit

First aid kit (very small, only 15x12x4cm) especially made for motorcycles. Highly visible red bag with three sided zip. The contents are packaged waterproof!

ArtNo.	Description	Price
L10002120	First aid kit	€ 11,30

Bulb box

1 headlight bulb H 4/12 V, 1 lamp for number plate bulb 5 Watt, 1 turn signal bulb 21 Watt, 1 brake light bulb 21/5 Watt, 1 capless for number plate light, 1 parking light bulb 4 Watt, 1 warning light and instrument bulb 5 Watt!

ArtNo.	Description	Price
L10031110	Bulb box	€ 11,00

Key pouch with RFID blocker

This key pocket is effectively shielded and prevents radio signals from entering and exiting. Your key - and thus your motorcycle - remains protected as long as it is kept in the locked key bag. With this simple but effective tool you can put a stop to the theft of your motorcycle!

Dimensions: approx. 12.5 cm x 7.5 cm

ArtNo.	Description	Price
rfid-wallet	Key pouch with RFID blocker	€ 30,70

Heated Grips

Heated grip rubbers. Easy to assemble. Suitable for all bikes. Anti-slip rubber coating.

ArtNo.	Description	Price
7060940	1 set heated grips (for left & right)	€ 76,95

Battery Guard

Battery monitoring with the smartphone - with the intAct Battery-Guard you always keep an eye on your battery. After the easy installation to the battery by ring eyelets and after downloading of the Android or Apple app, the current voltage value can be retrieved. The transmitter is suitable for 6 V, 12 V and 24 V batteries. The range is about 6 meters. By using the app, the voltage of up to 5 batteries can be monitored, obviously an intAct Battery-Guard has to be installed at each battery.

ArtNo.	Description	Price
BatteryGu	Battery Guard	€ 30,00

Disc Lock Small

You should take this high-quality disc lock in striking red colour with you on every tour.

* Slot width ca. 8 mm

* Slot length ca. 65 mm

* Diameter of locking bolt ca. 10mm

* Two keys

ArtNo.	Description	Price
RK510R	Disc lock	€ 30,90

Art. 90026

Art. BA12

Art. 10003690

Plug, Power socket, Adapter cable

Art. 90026 & Art. BA12 **Plug**

Fits into the original BMW socket or into ISO-plugboxes, like article no. 90025. Useful for connecting extra items like navigation systems.

Plug without cable (+ pin middle).

Art. 10003690 **Adapter cable**

Fits our 12V socket (article no. 90025).

Enables a connection between the socket and products with cigarette lighter plug.

For all 12 volt items with cigarette lighter plugs, like hand lamps, mobile phone battery chargers, GPS-systems etc. Total length ca. 20cm.

Art. 90025 **Extra power socket**

Power socket with cover and mounting bracket, 50 cm line and fuse. This accessory plug kit allows you to plug in any BMW accessory. This is the DIN or BMW standard plug. It is smaller than the SAE or cigarette lighter style plugs. It is also standard on Volkswagen buses and vanagons up to 1984.

Our plug (article no. 90026) fits here.

Adapter cable for cigarette lighter plug:

Article no. 10003690.

Art. 61-44200 **Cigarette Lighter Socket Kit**

This kit features a standard 12 volt socket and allows you to plug in standard (cigarette lighter style) devices. The length of the wire is 130cm.

Art. 61-44201 **Mounting for 22-28mm handlebar**

Art. 90025

Art. 61-44200

Art. 61-44201

ArtNo.	Description	Price

61-44201	Mounting for 22-28mm handlebar	€ 10,95

Attention!! You can find more accessories here:

www.mhornig.com

Battery Charger Optimate 4 Dual

Without a plug, but with a cable and clips which you can connect directly to your battery in order to charge it without disconnecting.
Especially for bikes 2008 - * (article no. 208-037-1).

Note: All new bikes with Can-Bus like K1200S, R & GT, R1200GS, RT, ST, S & R, F800S & ST and many more. Turn the ignition on. That will enable the Can-Bus system to initialise charging.

Battery Charger Optimate 4 Dual for CanBus

The ultimate all-in-one tool for 12V battery care at home, now with DUAL PROGRAM that automatically diagnoses, recovers, charges, tests and optimally maintains. Charge the battery directly or select the program to charge via the 12V port of your Can Bus equipped bike.
Our article number 90013 is already equipped with a plug for your BMW plug box!

ArtNo.	Description	Price
208-037-1	Battery Charger Optimate 4 Dual without plug You can directly connect it to the battery. Place the connector for the charger under the seat. Then comfortably connect the charger.	€ 81,90
90013	Battery Charger Optimate 4 Dual for CanBus with plug for BMW plug box	€ 84,90
208-03-72	Extra cable for motorcycle plug box (spare part)	€ 18,50
208-03-71	Eye cable (spare part)	€ 11,90

Soft Gripps

These Soft Gripps will give more comfort to your ride and will reduce vibrations. They simply slip over your standard rubber grip (no need to remove standard grip).

Soft Gripps will fit all standard grip sizes.

The standard Soft Gripp will fit standard bars sizes and grips. They are 5" (12.7cm) long and will fit grips that are 1.25 (3.17cm) to 1.45 (3.68cm) inches in diameter. Soft Gripps can be trimmed with a craft knife or similar if needed (using appropriate care!).

They are great for adding a little extra thickness and comfort to your grips.

They will also work with heated grips.

INSTALLATION INSTRUCTIONS: You do not need an air compressor. Just apply a little soapy water to the inside of the Soft Gripps and slide them over your existing grips.

Allow to dry, then enjoy the ride! In the video on our website we show how you can use an air compressor.

ArtNo.	Description	Price
soft-gripps	Soft Gripps	€ 21,00

Spark Plug Connector / Coil Puller

The spark plug connector of the new generation bikes makes it easy and secure to remove the spark plug connector. The connector is actually the coil as well. This tool makes it easy to remove the spark plug connector / high tension coil.

ArtNo.	Description	Price
7673248	Spark Plug Connector / Coil Puller	€ 7,00
2306064	Spark Plug Connector Puller	€ 6,10

Cable for extra device (GPS) 12V

For BMWs with Can-Bus System.

You can plug in all extra devices like GPS navigation systems in your cockpit with this cable. Picture 2 in our online shop shows you which cable is + (plus) and - (minus). Picture 3 shows you the plug which you can insert in your cockpit.

ArtNo.	Description	Price
0413585	Cable for extra device	€ 28,10

USB Adapter for Motorcycle Socket

Our USB adapter for the motorcycle socket (USB3) adapts different 12V sockets to the USB standard of 5V with a maximum of 1000mA. Usual USB adapters only fit for the big cigarette lighter sockets. This USB-adapter fits for both: big cigarette lighter sockets and the smaller motorcycle sockets like BMW uses it (DIN socket, article no. 90025). Length ca. 90mm.

ArtNo.	Description	Price
USB3	USB adapter for motorcycle socket	€ 15,60

USB Socket Outlet

This USB socket outlet can be mounted onto your handle bar or frame by means of cable ties or onto any plane surface by means of double-faced adhesive tape (not visible e.g. under the fairing or under the seat).

Technical details: input 12V DC, output 5V DC 1000mA 3mA electric power consumption during continuous operation

Shipping: USB socket outlet, waterproof with cable 1,2m, 2 cable ties, fuse 5A.

ArtNo.	Description	Price
USB2	USB socket outlet	€ 20,00

Rubber Grips

Our rubber grips improve the rider's feeling and safety. They reduce vibrations and are made of an outstanding high-quality material. They are resistant to weathering, UV and ozone. Sold in pairs.

Length: 120-125 mm or 4 7/8".

Diameter 26-26mm or 1.024" - 1.024".

Open-ended grip, compatible with handlebar ends.

With and without heated grips!

ArtNo.	Description	Price
02624/L	Rubber grips	€ 26,90

Rubber Grips

Sold in pairs.

Length: 125-130mm or 5 1/8".

Diameter 22-24mm or 7/8" - 1".

Open-ended grip, compatible with handlebar ends.

Attention: Do you have heated grips or not?

ArtNo.	Description	Price
01690/F	Rubber grips 22/24mm	€ 25,00
01690/F/24	Rubber grips for heated grips 24/24mm	€ 26,00

AirMan Sparrow Air Pump

Please note: If your bike has a Can Bus electrical system (most 2005 models and later BMWs) the inherent design of your bike's accessory outlet may not power this pump when the engine is not running. However, you can also install one of our accessory outlets which are wired directly to your battery.

TECHNICAL SPECIFICATIONS: Airflow: 15.0 – 18.0 L/min, Maximum pressure: 150 psi, Net weight: 600 g, Dimensions: 12.0 x 6.0 x 14.2 cm, (2-3/8" x 4-3/4" x 5-5/8")

ArtNo.	Description	Price
C74-Airman	Air Pump	€ 34,90

Key fob

This nice key ring with the letters BMW is made of soft synthetic material in order to avoid scratches.

Size: L 75mm, H 32mm, W 14mm.

ArtNo.	Description	Price
S.415-710	Key fob	€ 5,00

Twinmax synchroniser machine

A correct and proper synchronisation of the carburettor or the fuel-injection system is very important for perfect engine running: smooth engine running, excellent response, no vibrations, optimal mileage and less wear. Compared to other synchronic machines the TWINMAX compares the vacuum on both sides with the help of a single pressure sensor (differential pressure gage) and shows the difference on the indicator. Synchronizing with TWINMAX is easy and quick. The result is professional precision.

The set contains:

- * 1x TWINMAX MKIII, short operating instruction in English on the instrument,
- * 2x petrol strong elastic hoses, each one is 70 cm,
- * 2x connecting nipples, 5 mm for Japanese bikes
- * 2x connecting nipples, 6 mm for Japanese bikes
- * 2x connecting tubes for BMW
- * 1x 9volt brand block battery

WEEE register number: DE 76122104

ArtNo.	Description	Price
Twin-MKIII	Twinmax synchroniser machine	€ 119,90
Koffer-MKIII	Case for synchroniser machine	€ 20,00

GS911 wifi Enthusiast Diagnostic Equipment

The ideal diagnostic tool for workshop and travel! The GS-911 wifi Enthusiast enables performing endless servicing and diagnostic tasks, deleting the error memories, reading out important data from the various control devices and set the service date on many BMW motorcycles. The testing unit is small and lightweight enough to be taken on all travels without difficulty and is always at the ready in case of breakdowns and error messages even without connection to a 220V mains.

You need only the GS-911, a Windows or Mac PC, or a mobile phone or tablet PC to get going! The necessary software can be downloaded free of charge or you can access it via web browser and the device can be registered easily via the internet.

ATTENTION: For BMW motorcycle models (model year 2017 and up) with EU4, an adapter cable (article no. 80213) is necessary in order to be able to connect the diagnostic equipment to the motorcycle!

ArtNo.	Description	Price
80204	GS911 wifi	€ 439,90
80213	Adapter cable EU4	€ 49,90

Carpet

This black carpet with grey R1200GS writing is also named race floor, garage mat, garage rug or floor mat. It protects your floor from oil and petrol. This garage floor mat can not only be used not only to protect garage floors, but also as an ideal way to brighten up your home, garage or pit lane.

It is oil and water resistant. The material is nylon. The size is 80x200cm and the carpet has an anti-slip bottom side. Here we show the R1200GS carpet. Of course, all other names and models are also possible!

ArtNo.	Description	Price
teppich-R1200GS	Carpet	€ 100,40

You can make a difference by recycling your used motor oil.

Did you know that used oil can be re-refined into base stock for lubricating oil?

If you recycle just two gallons of used oil it can generate enough electricity to run an average household for almost 24 hours.

Cars and motorcycles are an indispensable fact of life for most of us. So are abundant and clean supplies of drinking water, too. What we do with the used oil from our cars plays an important role in balancing our desire for convenient transportation with our desire for a clean and healthy environment today and for future generations.

We are all familiar with recycling newspapers, aluminum cans and glass and plastic bottles, but you may not be aware of the efforts of the petroleum industry and other groups to promote used motor oil recycling: providing convenient collection sites for the purpose of keeping used motor oil out of our waterways and ground water supplies and getting used oil into the recycling system.

<http://www.recycleoil.org/>

Battery recycling

Most types of batteries can be recycled. However, some batteries are recycled more readily than others, such as lead-acid automotive batteries (nearly 90% are recycled) and button cells (because of the value and toxicity of their chemicals). Other types, such as alkaline and rechargeables can also be recycled.

Battery recycling has a number of important environmental benefits:

- Recovery of non-renewable resources for other beneficial uses
- Reduction in the environmental impacts of mining and manufacturing virgin materials
 - Reduction in the environmental impacts of landfill
- Less contamination of recycling programs for organic materials.

E-waste recycling

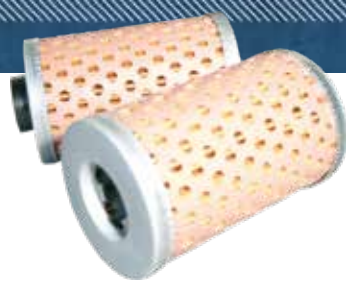

Recycling raw materials from end-of-life electronics is the most effective solution to the growing e-waste problem. Most electronic devices contain a variety of materials, including metals that can be recovered for future uses. By dismantling and providing reuse possibilities, intact natural resources are conserved and air and water pollution caused by hazardous disposal is avoided. Additionally, recycling reduces the amount of greenhouse gas emissions caused by the manufacturing of new products.

Oil filters

(for other motorcycles please ask)

Only the correct oil filter ensures that your oil is free of particles. This will enable a long life of your engine and a perfectly smooth running.

Oil Resistant Clutch

Our oil resistant clutch will not slip even when oil is on it, which can happen very easily when the simmering is broken.

This is a huge advantage for globe trotters, touring riders and everybody who rides a lot.

Another advantage is that this clutch can transfer much more torque than usual clutches.

The organic lining provides smooth transmission of power and is also very durable.

Adjustable Footpegs

The Vario footrest system (joint) will be mounted to the motorcycle like the original footpeg.

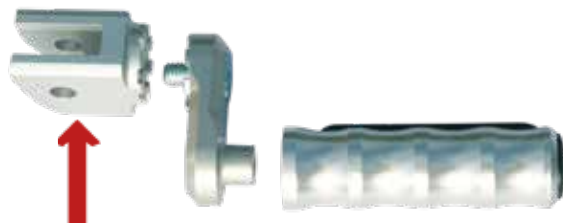

The adjustable footrest system consists of 3 parts: Vario joint, Vario plate and the footrest.

All items are sold as a set for the left and the right side.

Part 1

The Vario footrest system (joint) will be mounted to the motorcycle like the original footpeg. The joint is silver anodized.

V35NT	black-black Tech	€ 429,50

Inside Bag

This bag helps you to load and unload your motorcycle cases. Small parts or papers can be carried in the pocket on the outer side of the bag and the chord helps you to sustain the bag. Waterproof material.

Fits for side case V35.

ArtNo.	Description	Price
7680543L	Left inside bag	€ 54,90
7680543R	Right inside bag	€ 54,90

For all BMW models.

Duffel Bag

With high-quality cords in order to fasten the bag on the tail rack or on the rear seat. With a handle or a shoulder strap for easy carrying.
Diameter 30cm, length 52cm.

ArtNo.	Description	Price
7653818	Duffel bag	€ 75,90

Fit for the BMW models:

F650, CS, GS, ST, Dakar and F800S, ST, GT, R and G650 and F650GS (08-), F700GS & F800GS

Saddlebags

With 19 litres each, left and right. The bags will be mounted under the seat with two adjustable straps and lashing straps. Each bag has a handle. The lower part of the bags is made of special material which resists the heat of the exhaust.

The bag must not directly touch the exhaust. There must be a heat shield on the exhaust.

Each bag can be enlarged to 26 litres.

ArtNo.	Description	Price
Sat.Tom19-26	1 set saddlebags	€ 159,00

Tail-, Rear Seat Bag

Designed to perfectly fit on the rack or rear seat and with the feature of expansion to allow even more capacity!

There is space for more than just the rain gear here - expands from 8 litres up to 16 litres. Waterproof material, reflective strips, attractive grey and black colour scheme and the chord helps you to sustain the bag.

Volume: approx. 8/16 litres.

Dimensions: HSTBMW8 approx. 29 x 25 x 10 cm

HSTBMW8/16 approx. 29 x 25 x 14/21 cm

ArtNo.	Description	Price
HSTBMW8/16	Tail-, Rear Seat Bag 8/16 litre	€ 76,90
HSTBMW8	Tail-, Rear Seat Bag only 8 litre	€ 52,90
regenhaube	Rain protection cover	€ 10,90

Tank Bag

A map pouch with a zipper is on top of the tank bag. This tank bag can be used as a single map pouch (4,5cm high), but also as a tank bag when you open the zipper on the side (13,5cm high) with about 7 litres capacity.

W = 24cm; L = 28cm.

The tank bag will stay in place with 4 suckers (vacuum suction). You can carry the tank bag easily with the handle or with the shoulder strap. Waterproof material. If you ride in extreme continuous rain, a protective cover is very recommended as water can seep in the zips.

ArtNo.	Description	Price
TM-pl7F	Tank bag	€ 54,90

Suitable for various BMW models - please visit our website for more detailed information.

Tank Bag

A map pouch with a zipper is on top of the tank bag. This tank bag can be used as a single map pouch for map size A5 (4,5cm high), but also as a tank bag when you open the zipper on the side (13,5cm high) with about 7 litres capacity.

Width front = 22cm; width back = 17cm; length = 26cm;

The tank bag will stay in place with 4 suckers (vacuum suction). You can carry the tank bag easily with the handle or with the shoulder strap. Waterproof material. If you ride in extreme continuous rain, a protective cover is very recommended as water can seep in the zips.

ArtNo.	Description	Price
TM-pl7	Tank bag	€ 54,90

Suitable for various BMW models - please visit our website for more detailed information.

Tank Bag 7L

With 7 litres volume and with a big map pouch. 10 cm in height. The tank bag can easily be removed because of the 4 suckers which ensure that the tank bag will stay in place. It is also equipped with a handle and a removable belt. The bag is waterproof, but if you ride for hours in a rainstorm, a water protection would be useful.

Sizes (L x W x H): ca. 30 x 24 x 10 cm.

ArtNo.	Description	Price
TM-mini7	Tank bag 7 litres	€ 54,90

Suitable for various BMW models - please visit our website for more detailed information.

Handlebar Bag

Small, smart bag for double-budded handlebars. It will let you keep small items within a hands reach. Particularly well-suited for bandages or a patch kit. The bag is secured with two elastic straps and three Velcro straps.

Colour: Black.

Volume: approx. 1 litre, waterproof!

Dimensions (L x W x H): 5 x 36 x 8 cm.

ArtNo.	Description	Price
0551228	Handlebar bag	€ 26,90

[There is a video for this product online: www.mhornig.com](http://www.mhornig.com)

Suitable for various BMW models - please visit our website for more detailed information.

Top Case Bag

This bag helps you to load and unload your motorcycle top case. Small parts or papers can be carried in the pocket on the top of the bag and the cord helps you to carry the bag. Waterproof material.

ArtNo.	Description	Price
7680542	Big top case bag 49 L	€ 52,90
7680541	Small top case bags 28 L	€ 45,90

Small Top case Bag 28 Litres fit for BMW models:
all F800, R1200RT, K1200GT (06-) and K1300GT

Big Top case Bag 49 Litres fit for BMW models:
R1200/1250RT, K1200GT (06-), K1300GT & K1600GTL

Tank Bag 17L

With 10 - 17 litres volume, with a big map pouch.

The height can be changed from 14 - 24 cm.

The tank bag can easily be removed from the mounting plate, for example to fuel the bike.

The tank bag is available with two different mounting plates, one with suckers (vacuum suction) and one with magnets.

It is also equipped with a handle and a removable belt.

The bag is waterproof, but if you ride for hours in a rain-storm, a water protection would be useful.

Sizes (L x W x H): ca. 30 x 24 x 14 cm.

ArtNo.	Description	Price
TM-30.10-17S	Tank bag with suckers	€ 119,90
TM-30.10-17M	Tank bag with magnets	€ 129,90
regenhaube	Rain protection cover	€ 10,90

Suitable for various BMW models - please visit our website for more detailed information.

Tank Bag 23L

With 16 - 23 litres volume and with a big map pouch.
On the left and on the right side, there is a small side bag. You can enlarge the tank bag from 23 cm to 33 cm in height.

The tank bag can easily be removed from the mounting plate for example to fuel the bike.

The tank bag is available with two different mounting plates, one with suckers and one with magnets. It is also equipped with a handle and a removable belt.

The bag is waterproof, but if you ride for hours in a rainstorm, a water protection would be useful.

Sizes (L x W x H): ca. 30 x 24 x 23 cm.

Map pouch A4 (KTA4) can easily be mounted onto the tank bag.

Size 26 x 30 cm, Velcro fastener.

ArtNo.	Description	Price
TM-EN.M16-23S	Tank bag with suckers	€ 120,00
TM-EN.M16-23M	Tank bag with magnets	€ 129,90
KTA4	Map pouch A4	€ 21,90
regenhaube	Rain protection cover	€ 10,90

Fits for the BMW models:

F650, F800GS & G650GS
K1200RS, GT and K1300GT
R850/1100/1150GS & Adv., R850/1100/1150R
R1100/1150RT, R1200R, S, GS & Adv., HP2, ST,
R1250R/RS/GS&Adv.

Tank Bag 22L

With 15 - 22 litres volume and with a big map pouch. On the left and on the right side is a small side bag.

You can enlarge the tank bag from 22 cm to 32 cm in height.

It is also equipped with a handle and a removable belt.

The bag is waterproof, but if you ride for hours in a rainstorm, a water protection would be useful.

Sizes (L x W x H): ca. 24 x 26 x 22 cm.

This tank bag is also available in a set with two side bags.

The side bags have a volume of ca. 20 litres, can easily be removed and carried with a chord.

Map pouch A4 (KTA4) can easily be mounted onto the tank bag. Size 26 x 30 cm, Velcro fastener.

ArtNo.	Description	Price
TM-EN.M15-22	Tank bag 22 litres	€ 117,90
KTA4	Map pouch A4	€ 21,90
regenhaube	Rain protection cover	€ 10,90

Fits for the BMW models:

F650GS till 08-* and F700/800GS
S1000RR/R, F750/850GS, F900XR

Suitable for various BMW models - please visit our web-site for more detailed information.

Inside Bags

These bags help you to load and unload your motorcycle cases. Small parts or papers can be carried in the pocket on the outer side of the bag and the chord helps you to sustain the bag. Waterproof material.

ArtNo.	Description	Price
7680543L	Left inside bag	€ 54,90
7680543R	Right inside bag	€ 54,90

Suitable for various BMW models - please visit our web-site for more detailed information.

Vario Case Bags

These bags help you to load and unload your motorcycle cases. The bags are made for the Vario cases and their size can be changed like a tank bag. Small parts or papers can be carried in the pocket on the outer side of the bag and the chord helps you to sustain the bag. Waterproof material. The right bag can also be used as a top case bag for the BMW Vario top case.

ArtNo.	Description	Price
7687610	Left Vario case bag	€ 56,90
7687611	Right Vario case bag or top case bag	€ 57,90

Suitable for various BMW models - please visit our web-site for more detailed information.

Aluminium Case Bags

These bags help you to load and unload your motorcycle cases. They are made for the aluminium cases. The bag on the side of the exhaust is made of heat-proof material. Small parts or papers can be carried in the pocket on the outer side of the bag and the chord helps you to sustain the bag. Waterproof material.

ArtNo.	Description	Price
7687615	Aluminium case bag, exhaust side	€ 62,90
7687616	Aluminium case bag, cardan side	€ 62,90

Universal Bag

This clever and waterproof bag is very useful on off-road trips - it effectively prevents tools or other heavy objects from sliding around in the case.

Besides tools and other objects, you can also pack your rain outfit and food for the trip into the case.

The volume of this extremely robust toolcase can be doubled with a simple zipper and the case fits perfectly onto the aluminium cases and the R1200GS Adventure case.

The bag also fits on the luggage racks of many Enduro models.

A small luggage net makes this case a multi-talented must-have.

Dimensions: L x B x H in cm: 40x20x12/24 (expanded).

Fits for the BMW models:

F650, CS, ST, F650GS and Dakar, F700GS, F800GS
R850/1100/1150GS & Adv., R1200GS & Adv.,
R1200GS & Adv. LC, R1250GS & Adv., F750/850GS &
Adv.

50x25weiss	50x25 white	€ 1,00

The Arber

Very close to our home base is the highest mountain in the Bavarian Forest. The Arber, at 1,456m (4,777ft) above sea level, a well-known ski resort with cable cars in the winter months, becomes a very popular recreation area in the warmer seasons, much loved by walkers and motorcyclists alike.

A 60km (38mile) round trip allows you to explore the mountain from two sides, using some spectacular curving roads.

A rest stop at the motorcycle friendly restaurant on the shore of Lake Arber offers stunning views of the nearby cliffs from the terrace. Parking for motorcycles is also part of the service.

So, should you plan a tour of the region, feel free to pop in and see us, we're sure we can help you with a few tips for a memorable trip.

SITZUMBAU - SEAT ALTERATION

F800GS

Alteration one-piece seat

We need about two weeks for this alteration.

It is necessary that you send us your seat, because we change your seat.

The seat should be in original shape and not altered before.

A distinct fluting (middle of the seat is deepened) releases the driver's tailbone and disperses the driver's weight all over his bottom. Also, the seat gets broadened for ca. 15 mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting. Special contours for the pillion's seat avoid slipping when the driver has to brake.

Available in three heights
(please note in the comment with number):

- 1: like the original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

It is also possible to add just new leather without any further changes.

We will change your seat exactly like you want it to be.

Please fill out your spec sheet and send it to us together with your seat. The spec sheet can be found here:
Products - Your motorcycle model - Seats, trunks & bags
- Seat alteration.

You can find a flyer with seat conversion examples online at www.mhornig.com!

Alteration front & rear seat

We need about two weeks for this alteration.

It is necessary that you send us your seat, because we change your seat. The seat should be in original shape and not altered before.

It is not necessary to send us both seats, it also possible to alter just one part.

The driver's and pillion rider's seat are equipped with a fluting in order to release the tail bone. The seats are also broadened for about 15mm.

The padding consists of two layers, the upper one comfortably soft and the lower one avoids denting.

We especially took care of the pillion rider's comfort: Here, the seat is increased in the middle front part to inhibit a cramped position.

These alterations enable a tangible comfortable riding - free from pain. Also the vexatious sliding when the driver brakes has an end now.

The seats are coated with slip resistant material.

Available in three heights
(please note in the comment with the article number):

- 1: like your original one
- 2: lower (- ca. 25mm)
- 3: higher (+ ca. 25mm)

It is also possible to add just new leather without any further changes.

We will change your seat exactly like you want it to be.

Please fill out your spec sheet and send it to us together with your seat. The spec sheet can be found here:

Use our 24-hour online shop to order from the comfort of your home. Here you will find our whole product range, regularly updated and refined. All products are organised by motorcycle model, so with one click you can find specific parts for your motorcycle. Our news and our newsletter give you the latest on our specials and activities to keep you up to date. Customers outside Germany and Austria will find our shop items and information in English, Italian, Spanish, French and Japanese language.

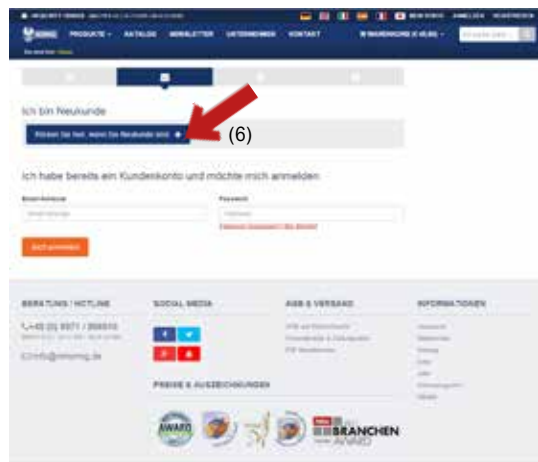

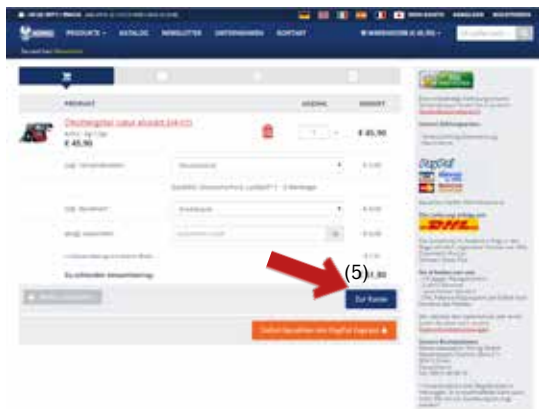

How to order?

First choose your motorcycle model (1) on the start page. You now have all model specific parts listed. These are sorted in categories such as aluminium parts, carbon parts, exhausts, accessories etc. (2). Choose the category and click on the product of interest (3). You will see a large picture, descriptive text of product, sizes and material, the article number and price as well as more small pictures, all of which open to a large view with a mouse click.

To choose a product simply add it to your shopping cart with a click beyond the price (4). This will open a new page showing which products are in your cart. The right hand column shows various shipping and payment options (see also pages 416 and 417). You may choose to finalise the sale or continue shopping (5). To conclude the sale simply click the button and a new page will open (6). First time users simply click on the top stripe and will get to a new page. Fill in your address details and payment method.

Please fill in the * necessary fields, shipping method and terms of business and then click lower button (7) to conclude the sale.

You will now see a list of all purchases, your address and costs including handling charges.

Should any adjustments be required, these may be performed now, or click the button to finalise and get to the last page of your order processing.

Prepayment or bank transfer: Our bank account details will be sent to you on receipt of your order by e-mail. Once payment is made we send your order.

PayPal: Online payment with PayPal. See www.paypal.com for more information. You can pay directly and comfortably by PayPal Express. Please keep in mind that we can only ship to your PayPal shipping address. If necessary, modify your PayPal shipping address before effecting the payment.

Credit Card: No extra charges. Payment with Visa or MasterCard. Simply add card number, name, validity, security code and your order will be processed and dispatched as soon as possible.

Amazon Pay: Amazon Pay can be used by anyone with an Amazon account. No additional registration is required. Your transactions are safe and secure and all details can be tracked in your Amazon account. Please note that we can only deliver to the address stored in your Amazon account.

Your advantages:

- * Shipping with DHL or UPS
- * Insured shipping
- * Right to return 14 days
- * Money back guarantee
- * 2 years guarantee
- * We treat your data in strict confidence
- * Fast telephone and email service
- * Many secure payment methods

When you order online:

- * Secure data transfer
- * Availability display
- * Online package tracking
- * Easy and fast overview

GENERAL TERMS AND CONDITIONS

Catalog and online shop

Product range. All products listed in our catalog are correct at time of going to press. We reserve the right to change descriptions, materials and prices as may be deemed necessary without notice. All product pictures are as up-to-date and precise as possible. In some cases we have to use generic pictures. Because of this it is possible that the product which you will receive is different from the product picture. When we can ship the ordered goods depends on our suppliers. We are not liable for wrong or defective supplied products.

Product ownership

All products remain the property of Motorcycleparts Hornig GmbH until paid in full.

Prices

All prices are in Euro and include VAT at current rates. For export (outside of Europe (EU)) the German VAT will be automatically removed. Any customs duties and similar public charges shall be borne by the customer.

Damage or shortfall of delivery

Any shortfall in delivery or damage in transit must be accompanied by a damage report from the freight carrier, and must be completed at time of receipt of damages / short delivery. Should damage in transit become apparent on opening parcel, the parcel should be returned immediately to the freight carrier for a damage report. We can not settle any claim without a valid damage report. All damaged goods should be returned. Should your claim be valid we will either replace damaged goods or refund in full. Please pay return postage. Any complaints regarding damage and / or shortfall must be brought to our attention, in writing, within 5 days. Any returns must include a copy of the sales invoice. We will not accept any returns that are unpaid.

Returned goods

Should you need to return goods, or wish to exchange any goods ordered you may do so within 14 days of delivery. Goods must be in as new condition and in the original undamaged packaging. Goods returned will be refunded up to their value and a refund will be via bank transfer, credit card or PayPal to your account. Postage will not be refunded. Please enclose a copy of the sales invoice and the filled in return paper otherwise we can't take care properly about your return and it will take much longer. Mounted or scratched windshields can't be returned and will not be refunded! Companies as well as professional customers have no right to return, only private customers have this right. Goods which were manufactured or ordered especially for you can't be returned. Our address:, Motorradzubehör Hornig GmbH, Gewerbepark Chammünster Nord C 5 93413 Cham, Germany

You can use any courier you want to. Please check also GLS and DPD, they offer usually much better prices than the standard post service. Just make sure that we receive the package (for example insured package with tracking) and that we receive the product in good condition (good packed).

Shipping times / Package tracking

You see in our shop if a product is in stock. Green means it is in stock, orange means it is not in stock, red means it will take several weeks until it will be in stock again. We can just ship immediately products which are in stock.

We ship with DHL. The delivery will be usually made by their local partner.

You will receive an automatic email with your DHL tracking link after your package was shipped. You can see your shipment number and your UPU code / matchcode (when available) on this DHL website. You can request more information about the delivery of your package from DHL or their local partner with those numbers.

The usual shipping time within Europe is 3-10 working days. The usual shipping time for countries outside of Europe is 2-4 weeks or more. (No guarantee)

Shipping times depend on many parameters which we can't influence, for example weather, strikes, software errors at DHL or their local partners, customs clearance and much more.

We can't accelerate the delivery and we can't change your shipping address once the package was shipped. Because of this it makes no sense to order a product online in a foreign country which you need very urgent at a certain point of time. We can help again, after the tracking wasn't updated for 14 days. Then we can start an inquiry. Read more about it under „Shipping delay/Lost package“ below.

Shipping delay/Lost package

Motorcycle Parts Hornig GmbH will ship all packages from Germany using DHL. The delivery in some countries will be made by your local postman. For example: Australia (Australian Post), Belgium (bpost/DHL), France (La Poste/Coliposte), United Kingdom (Parcel Force (Royal Mail)), Italy (DHL, SDA), Netherlands (PostNL/DHL), South Africa (SAPO), Spain (Correos) and USA (USPS). You can find a list with all their local partners here: /Shipping-Costs.html. In special cases for example strike and others, DHL can also use another local partner for the delivery.

If DHL has not enough capacity on airplanes they can put your package on a boat, which will result in a shipping delay of 1-2 months (this happened very rarely to Asia, Australia and North America).

If your DHL live online tracking wasn't updated for 14 days and the package wasn't delivered, we can start an inquiry for you. Then DHL and their partner in your country have up to 2 months time to look for your package and deliver it. If they can't deliver it within this time, your package was lost and DHL insurance will cover it. But the maximum value they will cover is 500,- Euro.

Then we can ship your products again or refund your payment (maximum 500,- Euro, read above).

Wrong Shipping Address/Package not fetched

We don't know your address. If you entered a wrong shipping address, email us as soon as possible. If your package can't be delivered because of a wrong shipping address, the package will be shipped back to us. This can take up to 2 months and will cost an additional fee. If you want us to ship your package again to your correct shipping address, you have to pay this fee and the shipping costs again. Otherwise your order will be canceled and only the product prices minus the additional fee will be refunded! So please make sure that you enter your correct shipping address!

The same applies if you didn't fetch your package from your local post office or customs. (Your package will be stored at your local post office/customs for usually about 1-2 weeks after your postman/customs couldn't reach you). In order to avoid this problem please check your DHL (and their local partner's) online package tracking.

Warranty

Any faults or defects of goods must be notified immediately. For OEM items sold by the manufacturer guarantee is applicable. All products manufactured by us are guaranteed for a period of 12 months. Any warranty claim can only be settled if a copy of sales invoice is included. International shipping costs are not part of any warranty, guarantee or exchange case.

Data protection

Your details will be used by Motorcycleparts Hornig GmbH for use of processing orders. Your details will not be passed onto any third party.

In case of any legal claims our business address applies. Motorcycleparts Hornig GmbH, Gewerbepark Chammünster Nord C 5, 93413 Cham, Germany.
